INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Summit Packaging Systems 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Summit Packaging Systems 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUMMIT PACKAGING SYSTEMS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan

The Summit Packaging Systems 401(k) Plan (the Plan) was established by the Board of Directors of Summit Packaging Systems, LLC (the Company) and became effective on October 1, 1997. The Plan is a defined contribution plan qualified under Section 401(k) of the United States Internal Revenue Code (the Code) covering eligible employees of the Company. Employees are eligible to join the Plan on the first day of the quarter following the completion of six months of service and attainment of age 21. The Plan is subject to the provisions of ERISA. Participants should refer to the Plan Document, as restated effective January 1, 2022, and related adoption agreement for a more detailed description of the Plan's provisions.

Trustee

Charles Schwab Trust Bank is the trustee of the Plan. Trust activity consists of such sums of money that, from time to time, will be paid or delivered to the trustee, including investments, proceeds and earnings, less the payments made by the trustee, as authorized. The trustee has agreed to invest and reinvest the funds as directed by the Plan Administrator and participants in accordance with the trust agreement. Broadridge Financial Solutions, Inc. serves as the sub-custodian for the Plan.

Effective April 1, 2024, Empower Retirement began serving as the Plan's trustee and recordkeeper. The plan was amended and restated effective April 1, 2024, and all Plan assets were transferred from Charles Schwab Trust Bank to Empower Trust Company, LLC. There were no significant changes to the Plan Document resulting from the restatement and related adoption agreement.

Participants can direct the allocation of their accounts to any of the stipulated investment fund alternatives offered by the Plan. Participants may change their investment options at any time during the year.

Contributions

Contributions to the Plan may be made by both the participants and the Company. Eligible employees may elect to contribute on a pre-tax or after-tax basis between 1% and 100% of eligible compensation, up to the maximum amount allowable under federal tax regulations. The Company may elect to contribute a discretionary amount to qualified participants. The discretionary formula is equal to a matching percentage, determined by the Company, of the participant's salary reduction contributions for the Plan year. The Company contributed a match of 30% of employee contributions (exclusive of catch-up contributions) in 2023. The Company may also elect to contribute a discretionary amount which it designates as a qualified nonelective contribution. Nonelective contributions are allocated using a pro rata allocation formula, as defined. The Company made no nonelective contributions in 2023.

Participants who do not make a separate election upon meeting the Plan's eligibility requirements are automatically enrolled to defer 3% of their pre-tax annual compensation into the Plan.

Rollover contributions are subject to conditions stated in the Plan and in the appropriate sections of the Code.

Effective January 1, 2022, the Plan began to allow in-plan Roth conversions.

SUMMIT PACKAGING SYSTEMS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the contributions of the participant, discretionary Company contributions, and an allocation of Plan earnings or losses and charged with an allocation of administrative expenses. Nonelective contributions are allocated in the same ratio that each participant's compensation for the Plan year bears to the total compensation of all participants for the Plan year. The Plan allocates plan earnings using the daily valuation method, as defined.

Vesting

Employee salary deferral contributions are 100% vested at all times. Employer matching and nonelective contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
Greater than 1 but less than 2	20
Greater than 2 but less than 3	40
Greater than 3 but less than 4	60
Greater than 4 but less than 5	80
Greater than 5 years or more	100

Participants are 100% vested upon normal retirement age, disability or death, as defined in the Plan.

Forfeitures of matching contributions are used to reduce employer matching contributions for the Plan. Forfeitures of nonelective contributions are allocated to participants in the same manner as employer nonelective contributions. At December 31, 2023 and 2022, forfeited nonvested accounts included in net assets available for benefits totaled \$32,751 and \$13,133, respectively. Forfeitures of \$13,539 were used to reduce employer matching contributions made during the 2023 Plan year.

Benefits

The Plan provides for participants to withdraw their funds at any time after reaching normal retirement on or after age sixty-five. The Plan also provides for withdrawals in the event of death, disability, hardship, termination of employment or early retirement. Participants may also withdraw any part of their rollover contributions in the Plan, at any time and at any age. In addition, participants who have attained the age of 59 ½ may elect to withdraw all or part of their vested account balance from the Plan without penalty. Effective March 18, 2022, the Plan was amended to allow automated mandatory distributions to an individual retirement account for inactive participants with vested account balances of \$5,000 or less.

SUMMIT PACKAGING SYSTEMS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. **Description of the Plan (Continued)**

Notes Receivable From Participants

A participant may borrow the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period, with a minimum loan amount of \$1,000. The maximum number of loans a participant can have outstanding at one time is three loans. Loans are repaid with interest through payroll deductions, normally within five years. If the loan is for the purchase of a primary residence, repayment is required within any reasonable period commensurate with the period permitted by commercial lenders for similar loans. Interest rates are equal to the Prime rate on the date of the promissory note plus 1%. During the repayment period of the loan, repayment amounts are reallocated among the investment funds in the same proportion as current investment allocations.

Interest income on notes receivable from participants for the year ended December 31, 2023 was \$40,647. Interest rates on outstanding loans ranged between 4.25% and 9.50% with various maturities through January 2029.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. Direct fees paid to the trustee by the Plan totaled \$6,231 during 2023. In accordance with the fee agreement, certain fees incurred by the Plan for investment management and certain administrative services are included in net realized and unrealized appreciation (depreciation) in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing rather than a direct payment.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

Each investment fund is valued daily on the basis of the investment fund's fair value based upon quoted market price (see note 6).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments is recorded in the accompanying statement of changes in net assets available for benefits and includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable are valued at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded when it is earned on the accrual basis, unless amounts are immaterial. Loan-related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from employees are recorded during the period in which the Company makes payroll deductions. Employer contributions are recorded at the time the Company commits to a specific contribution amount.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment funds which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, liquidity and credit risk, among others. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

Events occurring after the statements of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through July 10, 2024, which is the date the financial statements were available to be issued.

3. **Information Certified by the Trustee**

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL'S Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Charles Schwab Trust Bank, the Plan's trustee, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from Charles Schwab Trust Bank, the trustee, as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the information provided to the Plan Administrator by the trustee is complete and accurate.

Such certified Plan information includes investments at fair value, dividend and interest income, net realized and unrealized appreciation in fair value of investments, and investment transactions.

4. **Party-in-Interest Transactions**

A portion of the Plan's assets are invested in unitized managed accounts established by the trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. In addition, loans to participants totaling \$750,582 and \$672,695 at December 31, 2023 and 2022, respectively, qualify as party-in-interest transactions. Direct administrative expenses charged to the Plan and paid to the current trustee during 2023 totaled \$6,231.

5. **Tax Status**

The Plan is subject to ERISA and certain provisions of the Code. The Plan has adopted a non-standardized form of a pre-approved plan sponsored by EPIC Advisors, Inc. The non-standardized pre-approved plan has received an opinion letter from the IRS as to the pre-approved plan's qualified status, dated June 30, 2020. The non-standardized pre-approved plan opinion letter has been relied upon by this Plan. While the Plan has been amended since the receipt of the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

5. **Tax Status (Continued)**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. **Fair Value Measurements**

The Plan has adopted the framework for measuring fair value under generally accepted accounting principles.

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

6. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds: Valued at face value, which approximates fair value, and are classified within Level 1 of the valuation hierarchy.

Mutual funds: Valued at the closing price of the fund as reported in the active market in which the security is traded, representing Level 1 measurements.

Unitized managed accounts: Valued at net asset value which is calculated by dividing the sum of the values of the underlying funds comprising the portfolio by the outstanding units of the portfolio, representing Level 2 measurements. The values of these underlying funds are determined using the daily closing prices as reported by the funds.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Money market funds	\$ 2,480,063	\$ —	\$ —	\$ 2,480,063

Total investments at fair value	<u>\$23,538,764</u>	<u>\$4,397,737</u>	<u>\$ —</u>	<u>\$27,936,501</u>

7. Reconciliation of Financial Statements to Form 5500

Notes receivable from participants are reflected as a receivable on the statements of net assets available for benefits, which differs from the Form 5500 presentation. On the Form 5500, notes receivable from participants are classified as investments under the caption "participant loans."
