## Independent Auditor's Report

Plan Administrator  
St. Louis Metro Electric Supply, Inc. Employees'  
Savings and Profit Sharing Plan and Trust  
St. Louis, Missouri

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of St. Louis Metro Electric Supply, Inc. Employees' Savings and Profit Sharing Plan and Trust (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the period and year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended September 30, 2023 and year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Note 1. Description of the Plan**

The following description of St. Louis Metro Electric Supply, Inc. Employees' Savings and Profit Sharing Plan and Trust ("Plan") provided only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

***General***

The Plan was a defined contribution plan sponsored by St. Louis Metro Electric Supply, Inc. ("Company") for the benefit of its employees who were age 18 or older and had completed three months of service. The Plan was subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). First Bank was the trustee of the Plan. Reliance Trust Company served as Plan custodian.

The Company was acquired by Graybar Electric Company, Inc. ("Graybar"). Effective July 1, 2023, the Plan merged into The Profit Sharing and Savings Plan of Graybar Electric Company, Inc. ("Graybar Plan"). All Plan assets were transferred to the Graybar Plan by September 30, 2023.

***Contributions***

The Plan permitted eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover contributions were also permitted. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Plan included an automatic deferral feature whereby a participant was treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise.

Company profit-sharing contributions were discretionary as determined by the Company's Board of Directors. The Company did not make any discretionary profit sharing contributions to the Plan for the period ended September 30, 2023 or the year ended December 31, 2022.

***Participant Investment Account Options***

Investment account options available included various funds. Each participant had the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

***Participant Accounts***

Each participant's account was credited with the participant's contribution, the Company's contribution and Plan earnings and was charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefits to which a participant was entitled was the benefit that could be provided from the participant's vested account.

***Vesting***

Participants were immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon was based on years of continuous service. A participant was fully vested after five years of continuous service. The nonvested balance was forfeited upon termination of service. Forfeitures were used to reduce Company contributions.

***Payment of Benefits***

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, which may be in the form of a cash payout or rolled over into another qualified pension plan, or annual installments over a period not to exceed the life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

***Notes Receivable from Participants***

The Plan Document included provisions authorizing loans from the Plan to active eligible participants. Loans were made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans was determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans were covered by demand notes and were repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant was paying the loan in full. Interest on the loans was based on local prevailing rates as determined by the Plan Administrator.

***Plan Termination***

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

**Note 2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements were prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Quoted market prices, if available, were used to value investments. Mutual funds and the money market fund were valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan Document.

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

***Plan Tax Status***

The Plan operated under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Pentegra Services, Inc. This prototype Plan Document had been filed with the appropriate agency and had obtained a determination letter from the Internal Revenue Service stating that the prototype constituted a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax-exempt. The Plan had been amended since the prototype received the determination letter. However, the Plan Administrator believed that the Plan and related trusts were designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) were recorded as a liability with a corresponding reduction to contributions.

***Payment of Benefits***

Benefit payments to participants were recorded upon distribution.

***Administrative Expenses***

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

**Note 3. Disclosures About Fair Value of Plan Assets**

Fair value was the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There was a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that were not active; or other inputs that were observable or could be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and were significant to the fair value of the assets

***Recurring Measurements***

The following table presents fair value measurements of assets recognized in the accompanying Statements of Net Assets Available for Benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall for the year ended December 31, 2022. There were no assets held at September 30, 2023.

	<b>Fair Value Measurements Using</b>			
	<b>Fair Value</b>	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
Money Market Fund	\$ 181,201	\$ 181,201	\$ -	\$ -
Mutual Funds	6,421,158	6,421,158	-	-
	<u>\$ 6,602,359</u>	<u>\$ 6,602,359</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There had been no significant changes in the valuation techniques during the period ended September 30, 2023 or the year ended December 31, 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

***Investments***

Where quoted market prices were available in an active market, investments were classified within Level 1 of the valuation hierarchy. If quoted market prices were not available, then fair values were estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which were market-based or independently sourced market parameters including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. In certain cases where Level 1 or Level 2 inputs were not available, investments were classified within Level 3 of the hierarchy. The Plan had no Level 2 or Level 3 investments.

**Note 4. Certification of Plan Custodian**

The Plan Administrator had elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, had certified the following investment information included in the accompanying financial statements was complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of September 30, 2023 and December 31, 2022.
- Investment income (loss) and interest income on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the period ended September 30, 2023 and year ended December 31, 2022.
