Independent Auditor's Report

To Plan Participants and Investment Committee of
Donaldson Company, Inc. Retirement Savings and Employee Stock Ownership Plan
Minneapolis, Minnesota

Opinion

We have audited the financial statements of Donaldson Company, Inc. Retirement Savings and Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the "2023 financial statements").

In our opinion, the accompanying 2023 financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the 2023 financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the 2023 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Auditor's Report on the 2022 Financial Statements

The financial statements of the Plan as of December 31, 2022 were audited by other auditors, whose report dated May 24, 2023 expressed an unmodified opinion on those statements.

In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on the Plan’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risk of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by the Plan’s management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2023, has have been subjected to audit procedures performed in conjunction with the audit of the Plan’s financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but included supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan’s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

DONALDSON COMPANY, INC.
RETIREMENT SAVINGS AND EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

Note 1. Description of the Plan

The Donaldson Company, Inc. Retirement Savings and Employee Stock Ownership Plan (the Plan) is a defined contribution plan sponsored and administered by Donaldson Company, Inc. (the Company). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company (the Trustee) is the Plan's trustee and record keeper.

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Board of Directors and Company management may amend or modify the Plan.

Eligibility

Full-time and part-time employees are eligible to participate in the Plan upon employment, as defined by the Plan. Employees covered by a labor agreement are not eligible for employer contributions unless their labor agreement and the Plan provide for it.

Contributions

Participants may contribute up to 50% of their annual compensation through pre-tax 401(k) contributions or after-tax Roth 401(k) contributions, as defined by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans. Participants over age 50 may contribute an additional catch-up contribution. Employees who are not covered by a collective bargaining agreement are automatically enrolled at a 3% pre-tax 401(k) employee contribution 45 days after they become eligible unless they proactively opt out of the Plan or choose a different percentage amount for their contribution.

Information about employer contributions made to eligible participants is as follows:

Participant Group	Employer Contribution	Contribution Paid	Investment Allocation	Vesting	Employer Contributions For the Year Ended December 31, 2023
All eligible participants as defined by the Plan excluding those covered by collective bargaining agreements	100% of the first 3% and 50% of the next 2% of compensation contributed by the participant	Each pay period	The match is invested 50% in the Company's Common Stock Fund and 50% in the participants directed investment elections.	Immediate	\$ 11,663,384
All eligible participants as defined by the Plan receive an additional annual retirement contribution, excluding those covered by collective bargaining agreements	3% of participant's compensation	After Plan year-end	100% in the participant's directed investment elections	3 years of vesting service	8,240,269
Stevens Point, Wisconsin employees hired after February 15, 2013 and covered by their respective collective bargaining agreements	4% of participant's compensation	After Plan year-end	100% in the participant's directed investment elections	3 years of vesting service	357,335
Total employer contributions					<u><u>\$ 20,260,988</u></u>

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant does not allocate their contributions, the contributions are placed in the age appropriate JP Morgan Smart Retirement Fund. The participant may directly invest up to 15% of their contributions in the Company's Common Stock Fund. Employer contributions invested directly in the Company's Common Stock Fund may be transferred by participants to one or more of the other investment options available under the Plan at any time. Each participant's account is credited with their contributions, including rollover contributions, employer contributions and investment earnings. Allocation of investment earnings is based on the value of the participant's account at the close of each day.

Participants may not transfer funds from their existing portfolio account balance into the Company's Common Stock Fund once their Company's Common Stock Fund reaches 15% of their total portfolio account. A participant may change the allocation of contributions to various investment options offered by the Plan daily.

Vesting

Participants are 100% vested in their accounts at all times with the exception of contributions made under the annual employer retirement contribution and the contribution for Stevens Point, Wisconsin as outlined above, which become fully vested after three years of vesting service.

Forfeited Accounts

Forfeited non-vested accounts may be used to restore accounts for rehired participants, reduce employer contributions or reduce Plan administrative expenses. Forfeited non-vested amounts are Plan assets and are classified as investments on the Statements of Net Assets Available for Benefits. As of December 31, 2023 and 2022, there was \$384,269 and \$93,525, respectively, available in forfeited non-vested accounts. For the year ended December 31, 2023, no forfeitures were used to reduce employer contributions. For the year ended December 31, 2023, forfeitures were also used to reduce administrative expenses by \$66,721.

Payment of Benefits

Upon termination of employment, disability or termination of the Plan, a participant or designated beneficiary may receive the participant's account balance in a lump-sum payment. If the participant's termination is considered a retirement, as defined in the Plan document, a participant or designated beneficiary can receive a partial distribution. Hardship withdrawals, as defined in the Plan document, are allowed at any time, subject to approval by the Company. Distributions are permitted while the participants are employed by the Company once the participant has reached age 59-1/2.

Notes Receivable from Participants

Participants may borrow up to 50% of their participant contribution account balance or \$50,000, whichever is less. Employer contributions are not available for loans. Loans must be repaid by the participant within five years, unless the loan is used to acquire the participant's primary residence, in which case the term may not exceed 10 years. The loan interest is 1% over the prime lending rate on the first day of the Plan year (January 1) coinciding with the year in which the loan is granted. Interest rates on outstanding loans as of December 31, 2023 and 2022 ranged from 4.25% to 9.25% and 4.25% to 8.00% respectively. Loans mature at various dates through June 2032 and are generally repaid through payroll deductions.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements, in conformity with generally accepted accounting principles (GAAP) in the United States, requires the Plan's management to use estimates and assumptions that affect the financial statements and disclosures. Actual results could differ from these estimates. The following is a summary of significant policies which are consistently followed in the preparation of the Plan's financial statements.

New Accounting Standards Not Yet Adopted

The Company considers the applicability and impact of the Financial Accounting Standards Board's Accounting Standards Updates (ASUs) issued but not yet adopted. The Company assessed ASUs recently issued and determined they were either not applicable or were not expected to have a material impact on the Plan's financial reporting.

Valuation of Investments

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date, as determined by the Trustee, and are based on published market quotations. See Note 7 for disclosure of the Plan's fair value measurements.

Investment Earnings

Investment income is recorded on an accrual basis. Realized gains and losses on the sale of investments and unrealized gains or losses in the fair value of investments are shown as net appreciation of the fair value of investments. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance and any accrued interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. At December 31, 2023 and 2022, there were no allowances for credit losses recorded.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Annual employer contributions are recorded in the Plan in the year in which compensation was earned.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Plan Expenses

Administrative fees charged by the Trustee are paid by the Plan. These fees are partially offset by revenue sharing credits received from the Trustee as well as forfeitures. Certain expenses, including legal, accounting and other services, are paid by the Company, and are excluded from these financial statements.

Risks and Uncertainties

The Plan provides for various options for investment in a variety of investment securities. Investment securities are exposed to various risks including, but not limited to, interest rates, market conditions and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits in future periods.

Concentration of Market Risk

As of December 31, 2023 and 2022, approximately 25% and 27% of the Plan's net assets available for benefits were invested in the Donaldson Company, Inc. Common Stock Fund, respectively. The underlying value of this fund is dependent upon the performance of the Company and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the Company's Common Stock Fund in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits in future periods.

Note 5. Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service (IRS), dated October 3, 2017, stating the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code) and is therefore exempt from federal income taxes under provisions of Section 501(a). While the Plan has been amended since receiving the determination letter, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken. The effects of an uncertain tax position are recognized in the financial statements when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken. The Company has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related Party and Exempt Party-in-Interest Transactions

Note 7. Fair Value Measurements

Fair value measurements of financial instruments are reported in one of three levels based on the lowest level of significant input used. For Level 1, inputs to the fair value measurement are quoted prices in active markets for identical assets or liabilities. For Level 2, inputs to the fair value measurement include quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active and inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. For Level 3, inputs to the fair value measurement are unobservable inputs or are based on valuation techniques.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2023.

Donaldson Company, Inc. Common Stock Fund

Investments in the Donaldson Company, Inc. Common Stock Fund are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds and Participant-Directed Brokerage Accounts

Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities Exchange Commission. Participant-directed brokerage accounts include investments in cash, common stock, open-ended mutual funds that are registered with the Securities Exchange Commission and ETFs that are registered with the Securities Exchange Commission. Investments in mutual funds and participant-directed brokerage accounts are stated at fair value based on quoted market prices.

Common/collective Trust Fund Investments

Common/collective trust funds are valued at the net asset value (NAV) of units held. The NAV, as provided by the trustee of the common/collective trust funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the common/collective trust funds less its liabilities. This practical expedient is not used when it is determined to be probable that the common/collective trust funds will sell for an amount different than the reported NAV.

The common/collective trust funds also include Fidelity Managed Income Portfolio II (MIP II). The objective of the MIP II is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Under the terms of the MIP II's Declaration of Trust, withdrawals directed by the Company must be preceded by a 12 month written notice to the MIP II. As of December 31, 2023, the Plan had not provided the MIP II with advance written notice to terminate the Plan's investment in the MIP II.

As of December 31, 2023 and 2022, the Plan had no unfunded commitments related to the common/collective trust funds. There are no participant redemption restrictions for these investments. Participant transactions (purchases and sales) may occur daily.

Fair Value Classification

The Company reviews the fair value hierarchy classification on an annual basis. Changes in the ability to observe valuation inputs may result in a transfer between levels for certain securities within the fair value hierarchy. The Plan's policy is to recognize transfers into and out of levels within the fair value hierarchy at the end of the year in which the actual event or change in circumstances that caused the transfer occurs. There were no transfers between Level 1, Level 2, or Level 3 resulting from changes in valuation inputs or methods during the years ended December 31, 2023 or 2022. The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value and the respective levels in the fair value hierarchy are as follows:

	As of December 31, 2023			
	Level 1	Level 2	Level 3	Total
