INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Administrative Committee of the
Sequa Group Pension Plan
Orangeburg, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sequa Group Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SEQUA GROUP PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Sequa Group Pension Plan (the “Plan”) is provided for general information only. Participants should refer to the plan document for more complete information.

General: The Sequa Group Pension Plan is a noncontributory, defined benefit plan sponsored by Sequa Corporation (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Effective October 2, 2018, the Sequa Pension Plan (“Prior Plan”), was merged into the Plan. Effective April 28, 2023, Sequa Corporation was renamed to Chromalloy Corporation.

Participation and Benefits – Roll Coater: Prior to October 2, 2018, the Plan covered only hourly employees of Precoat Metals Corp., formerly Roll Coater Inc., who were covered by a collective bargaining agreement providing his or her participation in the Plan. Such employees working in Kingsbury, Indiana were covered under Part A of the Plan, those working in Hawesville, Kentucky were covered under Part B of the Plan, and those working in Greenfield, Indiana were covered under Part C of the Plan. No individual shall be eligible to become a participant under Part A after January 24, 2005, Part B after May 31, 2005 and Part C after June 24, 2006. No employee will accrue any additional benefits under Part A after March 18, 2005, Part B after July 15, 2005 and Part C after August 10, 2006. In October 2011, Roll Coater Inc. was sold to the Company and was then merged with Precoat Metals Corp., a subsidiary of the Company.

Participation and Benefits – Sequa Pension Plan: Effective July 1, 2011, the Prior Plan covered all eligible salaried and hourly non bargaining employees, as well as certain hourly employees covered by collective bargaining agreements with employers that have adopted the Prior Plan. Prior to July 1, 2011, the Prior Plan only covered certain hourly employees covered by collective bargaining agreements with employers that have adopted the Prior Plan.

Certain collective bargaining employees became eligible for participation in the Prior Plan upon attaining the age of 21 and completing one year of service, as defined in the Prior Plan document. Benefit accruals and participation for all bargaining employees were frozen (based on the latest bargaining agreements, the last one effective June 30, 2013). Participation in the Sequa Retirement Plan for non-bargaining employees was frozen to new employees on December 31, 2005. Benefit accruals were frozen for non-bargaining participating employees who did not attain age 45 by December 31, 2005. Non-bargaining participating employees who were at least age 45 by December 31, 2005 continued to accrue benefits unless the participant made an irrevocable election to cease participation in the Prior Plan and instead participate in the discretionary Company retirement contribution feature of the Sequa 401(k) Plan. Effective December 31, 2017, all benefit accruals under the Prior Plan were frozen.

Participants are eligible for pension benefits upon reaching normal retirement age of 65 provided they are fully vested (credited with at least five years of service). There is no partial vesting before five years of service. The Prior Plan benefit payments are determined by the collective bargaining agreements for the collective bargaining employees in the Prior Plan. Retirement benefit payments for salaried and hourly non collective bargaining employees in the Prior Plan are based on a specified percentage of participant's average compensation multiplied by years of benefit service.

Funding and Administrative Expenses: The Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants. The Company's policy is to contribute an annual amount sufficient to meet the minimum funding requirements of ERISA. The Company was in compliance with the minimum funding requirements of ERISA for the period ended September 30, 2023 and 2022. Administrative expenses are paid out of Plan assets.

SEQUA GROUP PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Transfer of Plan Assets: On May 13, 2022 ("Closing Date"), Sequa Corporation ("Sequa") completed the spinoff of its metal coil coating solutions business into a standalone company, Precoat Metals ("Precoat") which was subsequently acquired by AZZ Inc ("AZZ"). As a condition of this transaction, effective 90 days following the Closing Date, obligations of \$145,812,502 and related plan assets of \$107,594,603 attributable to participants of Precoat were transferred to the standalone Precoat Pension Plan. As part of this spinoff, plan assets were to be transferred to the Precoat Pension Plan in an initial estimated amount of \$83,002,048 occurring on August 25, 2022, and then across two separate transactions ("True-up Transactions") occurring on December 28, 2022 in the amount of \$24,250,000 and on January 3, 2023 in the amount of \$342,555. As a result of these True-up Transactions, a liability is recorded on the Plan's Statement of Net Assets Available for Benefits in the amount of \$24,592,555 to reflect the plan assets held by the Plan on behalf of the Precoat Pension Plan as of September 30, 2022.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with U.S. Generally Accepted Accounting Principles ("U.S. GAAP").

Investment Valuation and Income Recognition: As of and for the years ended September 30, 2023 and 2022, all Plan assets were held by the Sequa Corporation Master Trust (the "Master Trust"). The Master Trust investments reflected in the accompanying financial statements have been reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 10).

Purchases and sales of investments were recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. The Plan's interest in Sequa Corporation Master Trust includes the Master Trust's gains (losses) on the investments bought and sold as well as held.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of the actuarial present value of accumulated plan benefits and contingent assets and liabilities. These estimates and assumptions are based on management's best estimate and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including consideration of the current economic environment. Management adjusts such estimates when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results may differ from those estimates and assumptions.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

NOTE 3 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right to terminate the Plan in accordance with the Plan provisions and the provisions set forth by ERISA. Should the Plan terminate at some future time, its net assets will be distributed in accordance with statutory rules. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC, while other benefits may not be provided for at all.

(Continued)

SEQUA GROUP PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 3 - PLAN TERMINATION (Continued)

The PBGC will guarantee the payment of most vested normal age retirement benefits and early retirement benefits which employees were receiving or were entitled to receive as of the date the Plan's termination. For 2023 the PBGC monthly maximum guaranteed benefit is \$6,750 for a single life annuity commencing at age 65. This amount is adjusted periodically by the PBGC. Other forms of benefits and/or benefit commencement dates prior to age 65 might have a lower maximum monthly amount. Benefit commencement dates after age 65 might have a higher maximum monthly amount.

Plan members will be fully vested in their rights under the Plan to the extent then funded, in the order of priority specified in the Plan. In accordance with ERISA, a more detailed description of the allocation of the Plan assets upon termination can be obtained by reference to the Plan document, which is available to all Plan participants.

NOTE 4 - TRUST AGREEMENT

Effective October 1, 2018, under the terms of the Master Trust Agreement, The Bank of New York Mellon/BNY Mellon, N.A. (the "trustee") serves as trustee of the Plan and carries out an investment policy established by the Sequa Corporation Employee Benefit Plans Investment Committee, consistent with the purposes of the Plan and the requirements of applicable laws and regulations. The trustee is considered a party-in-interest to the Plan.

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including any lump-sum distributions that are available to participants, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Willis Towers Watson US LLC, the Company's actuary and retirement consultant, estimated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. For collective bargaining employees, benefits under the Plan are based on the benefit levels negotiated between the Company and each union, multiplied by the employee's benefit service (generally to a maximum of 30 years). For salaried and hourly non collective bargaining employees, benefits under the Plan are based on a specified percentage of the participant's average compensation multiplied by years of benefit service.

The actuarial present value of accumulated plan benefits as of September 30, 2022 is as follows:

Vested benefits	
Retired participants and beneficiaries	\$ 125,144,109
Other participants	51,100,322
Nonvested benefits	<u>15,999</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 176,260,430</u>

(Continued)

SEQUA GROUP PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The changes in actuarial present value of accumulated plan benefits since the date of the previous Plan valuation, September 30, 2022, are as follows:

Actuarial present value of accumulated benefits as of September 30, 2021	\$ 356,926,448
Increase (decrease) attributed to:	
Plan Spin-off	(145,812,502)
Actuarial (gains) & losses	(1,303,211)
Interest	15,677,866
Change in actuarial assumptions	(24,724,564)
Benefit payments	<u>(24,503,607)</u>
	<u>(180,666,018)</u>
Actuarial present value of accumulated benefits as of September 30, 2022	<u>\$ 176,260,430</u>

The more significant assumptions underlying the computations are as follows:

	<u>2022</u>
Assumed rate of return on investments	6.25% compounded annually
Mortality basis	Adjusted Pri-2012 base table (with blue collar adjustment) MP-2021 improvement scale
Weighted-average retirement age	Age 65

Actuarial assumptions for the period before normal retirement include factors for assumed mortality and termination of employment.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The change in actuarial assumptions was due to change of discount rate from 4.75% to 6.25%. The actuarial valuation as of September 30, 2023 has not yet been prepared.

The Adjusted Funding Target Attainment Percentage ("AFTAP") for the plan year beginning October 1, 2022 is 78.56%. If the AFTAP is at least 60% but less than 80%, the lump sum distribution amounts that can be paid are limited. Effective July 1, 2023, lump sum distributions from the Plan are restricted to \$5,000. There are no other benefit restrictions on the Plan at this time.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan, via the Master Trust, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(Continued)

SEQUA GROUP PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 6 - RISKS AND UNCERTAINTIES (Continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Company by a letter dated July 5, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended and restated since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or de-recognition of an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 - CERTIFIED INVESTMENTS

Certain information related to the Plan's interest in the Master Trust disclosed in the accompanying financial statements, including investments held at September 30, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended September 30, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by The Bank of New York Mellon/BNY Mellon, N.A. (the trustee of the Plan).

NOTE 9 - THE SEQUA CORPORATION MASTER TRUST INFORMATION

As of September 30, 2023 and 2022, the Plan has 100% interest in the assets of the Master Trust. The following table presents the net assets of the Master Trust as of September 30, 2023 and 2022.

NOTE 10 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Master Trust for assets measured at fair value.

Collective trust funds: Fair values of shares of collective trusts are based upon the net asset values of the funds reported by the fund managers as of the Plan's financial statement dates and recent transaction prices. There are no restrictions as to the redemption of these collective trusts nor does the Plan have any contractual obligations to further invest in any individual collective trusts.

NOTE 10 - FAIR VALUE MEASUREMENTS (Continued)

Pooled trust: The fair values of participating units held in the pooled trust, are based on the net asset values reported by the fund manager as of the financial statement date and recent transaction prices. There are no restrictions as to the redemption of this pooled trust nor does the Plan have any contractual obligations to further invest in any individual pooled trust. The investment objective of the pooled trust fund is to seek an attractive risk-adjusted total return on a medium- and long-term basis through primarily investing in a portfolio of alternative credit-oriented investment funds and/or managed accounts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Master Trust's investments, at fair value as of September 30, 2023:

	Investments at fair value as of September 30, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Collective trust funds*	-	-	-	107,065,545
Total assets at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 130,418,479</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in Note 9.

The following table set forth by level, within the fair value hierarchy, the Master Trust's investments, at fair value as of September 30, 2022:

NOTE 11 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Amounts paid by the Plan to parties-in-interest are considered party-in-interest transactions. The Plan held investment interests in collective trust funds issued by the Bank of New York Mellon/BNY Mellon, N.A. The Bank of New York Mellon/BNY Mellon, N.A., is the trustee of the Plan. Accordingly, these investments qualify as party-in-interest investments.

NOTE 12 - SUBSEQUENT EVENTS

We evaluated subsequent events from the date of the financial statements through July 11, 2024, which represents the date these financial statements were available to be issued. There were no other events or transactions occurring during this subsequent event reporting period which require recognition or disclosure in the financial statements other than the items below.

As permitted by law, rates reflecting stabilization are used to determine the funding target, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting ARPA stabilization are used to determine PBGC variable rate premiums if the alternative method is used and are used to determine the PBGC FTAP and PBGC 4010 FS.

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits as required by regulations under IRC §430

Target normal cost Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.

Decrement timing The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.

Actuarial value of assets Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 4.75% between October 1, 2020 and August 25, 2022 and 5.75% between August 25, 2022 and September 30, 2022 (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets, but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years.

Benefits not valued All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Sequa Corporation and, based on that review, is not aware of any significant benefits required to be valued that were not.

For non-union participants: The plan pays small benefits (with a present value up to \$5,000) in a single lump sum payment as well as lump sums to terminated participants if the value is less than \$10,000. Such lump sums are

not explicitly valued as such; rather such benefits are valued using the benefit choice assumptions described above.

For union participants (including former Roll Coater participants): The plan pays small benefits (with a present value up to \$5,000) in a single lump sum payment. Such lump sums are not explicitly valued as such; rather such benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

The plan sponsor, through its third party administrator and trustee, furnished participant data as of 10/1/2022. Information on plan provisions was supplied by the plan sponsor. Information on assets and contributions was supplied by the plan's investment advisor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. No adjustments were made to the data provided by the sources identified above, and we are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Interest rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Rates of increase in CPI	Assumed increases are based on plan sponsor expectations and they represent an estimate of future experience.
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expected expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust). These estimates are based on recent experience and reviewed on an on-going basis for reasonability.
Assumed return for asset smoothing	<p>For the current plan year, the assumed return of 4.85% used for asset smoothing equals the following:</p> <ul style="list-style-type: none">• 90% of the expected return on assets assumption of 4.75% chosen by the plan sponsor for the 2022 fiscal year under U.S. GAAP prior to the spin off on August 25, 2022, plus• 10% of the expected return on assets assumption of 5.75% chosen by the plan sponsor for the 2022 fiscal year under U.S. GAAP for the period from August 25, 2022 through September 30, 2022.

We concurred with the assumptions shown above for the periods of the fiscal year both before and after the spin-off of assets and liabilities to the Precoat Pension Plan.

In no event can the assumed return determined above be more than the third segment rate (reflecting stabilization) for the current plan year (equal to 5.92%).

Assumptions Rationale - Significant Demographic Assumptions

**Mortality
(Healthy/Disabled)**

Assumptions used for funding purposes are as prescribed by IRC §430(h).

**Rates of termination /
disability / retirement**

The assumptions are based on plan sponsor expectations for the future with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

**Benefit commencement
date for deferred benefits:**

- Preretirement death benefit
Surviving spouses are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the spouse elects to defer. If the spouse elects to defer, actuarial increases from the earliest commencement date must be given, so that a later commencement date is expected to be of approximately equal value, and experience indicates that most spouses do take the benefit as soon as it is available.
- Deferred vested benefit
Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

Form of payment

The percentage of retiring participants assumed to take various annuity forms of payment were based on observed experience, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Source of Prescribed Methods

Funding methods The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Changes in assumptions since prior valuation The segment interest rates used to calculate the funding target were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target was updated to include one additional year of projected mortality improvement, as required by IRC §430.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Plan Name	Sequa Group Pension Plan
Valuation Date	October 1, 2022
Enrolled Actuary	Mark Gengenbach
Enrollment Number	23-07102

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

SCHEDULE SB ATTACHMENTS

As permitted by law, rates reflecting stabilization are used to determine the funding target, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting ARPA stabilization are used to determine PBGC variable rate premiums if the alternative method is used and are used to determine the PBGC FTAP and PBGC 4010 FS.

Demographic Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality

- **Healthy** Separate rates for non-annuitants (based on RP-2014 “Employees” table without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2020) and annuitants (based on RP-2014 “Healthy Annuitants” table without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2020).
- **Disabled** Separate rates for non-annuitants (based on RP-2014 “Employees” table without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2020) and annuitants (based on RP-2014 “Healthy Annuitants” table without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2020).

Valuation Date: October 1, 2022

SCHEDULE SB ATTACHMENTS

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits as required by regulations under IRC §430

Target normal cost Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.

Decrement timing The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.

Actuarial value of assets Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 4.75% between October 1, 2020 and August 25, 2022 and 5.75% between August 25, 2022 and September 30, 2022 (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets, but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years.

Benefits not valued All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Sequa Corporation and, based on that review, is not aware of any significant benefits required to be valued that were not.

For non-union participants: The plan pays small benefits (with a present value up to \$5,000) in a single lump sum payment as well as lump sums to terminated participants if the value is less than \$10,000. Such lump sums are

SCHEDULE SB ATTACHMENTS

not explicitly valued as such; rather such benefits are valued using the benefit choice assumptions described above.

For union participants (including former Roll Coater participants): The plan pays small benefits (with a present value up to \$5,000) in a single lump sum payment. Such lump sums are not explicitly valued as such; rather such benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

The plan sponsor, through its third party administrator and trustee, furnished participant data as of 10/1/2022. Information on plan provisions was supplied by the plan sponsor. Information on assets and contributions was supplied by the plan's investment advisor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. No adjustments were made to the data provided by the sources identified above, and we are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Interest rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Rates of increase in CPI	Assumed increases are based on plan sponsor expectations and they represent an estimate of future experience.
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expected expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust). These estimates are based on recent experience and reviewed on an on-going basis for reasonability.
Assumed return for asset smoothing	<p>For the current plan year, the assumed return of 4.85% used for asset smoothing equals the following:</p> <ul style="list-style-type: none">• 90% of the expected return on assets assumption of 4.75% chosen by the plan sponsor for the 2022 fiscal year under U.S. GAAP prior to the spin off on August 25, 2022, plus• 10% of the expected return on assets assumption of 5.75% chosen by the plan sponsor for the 2022 fiscal year under U.S. GAAP for the period from August 25, 2022 through September 30, 2022.

SCHEDULE SB ATTACHMENTS

We concurred with the assumptions shown above for the periods of the fiscal year both before and after the spin-off of assets and liabilities to the Precoat Pension Plan.

In no event can the assumed return determined above be more than the third segment rate (reflecting stabilization) for the current plan year (equal to 5.92%).

Assumptions Rationale - Significant Demographic Assumptions

Mortality (Healthy/Disabled)	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Rates of termination / disability / retirement	The assumptions are based on plan sponsor expectations for the future with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Benefit commencement date for deferred benefits:	
■ Preretirement death benefit	Surviving spouses are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the spouse elects to defer. If the spouse elects to defer, actuarial increases from the earliest commencement date must be given, so that a later commencement date is expected to be of approximately equal value, and experience indicates that most spouses do take the benefit as soon as it is available.
■ Deferred vested benefit	Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.
Form of payment	The percentage of retiring participants assumed to take various annuity forms of payment were based on observed experience, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Schedule SB, Part V Summary of Plan Provisions

Former Sequa Pension Plan – non-union employees

Plan Provisions

Covered employees

All employees other than employees covered by a collective bargaining agreement, non-resident aliens with total earnings constituting foreign service income for U.S. federal income tax purposes, employees who are a citizen of the United States but a permanent resident of foreign jurisdiction, and any employees accruing a pension benefit under a defined benefit plan of the employer or an affiliated employer other than this plan.

Effective June 30, 2011 the Sequa Retirement Plan (which covered salaried and non-union employees) was merged into the Sequa Pension Plan (which covered union employees). All participants of the Sequa Retirement Plan became participants of the Sequa Pension Plan as of the merger date. Benefits remained unchanged for the Sequa Pension Plan participants and the former Sequa Retirement Plan participants.

Effective August 25, 2022, Precoat Metals participants and participants of certain discontinued operations were transferred to the Precoat Pension Plan and any reference to the provisions associated with those groups relate to the valuation as of October 1, 2021.

Participation date

Effective January 1, 1989, an employee is eligible to participate on the date the employee attains age 21 and completes one year of service. Each employee who was a participant in the plan immediately before January 1, 1989, shall continue to be a participant in the plan.

Effective December 31, 2005 all active participants who had attained age 45 on or before December 31, 2005 were required to make a one-time irrevocable election either to continue earning accruals in the plan after December 31, 2005 or to freeze accruals and to participate instead in the discretionary profit-sharing portion of the Sequa 401(k) plan. All accruals were frozen for all active participants who had not attained age 45 on or before December 31, 2005.

Effective June 30, 2011 the Sequa Retirement Plan (which covered salaried and non-union employees) was merged into the Sequa Pension Plan (which covered union employees). All participants of the Sequa Retirement Plan became participants of the Sequa Pension Plan as of the merger date. Benefits remained unchanged.

Effective December 31, 2017, accruals were frozen for all participants.

Vesting service	The sum of all periods of service and credited severance periods, measured in full years and completed months.
Pension service	<p>Pension service was frozen for all participants effective December 31, 2017.</p> <p><i>Retirement and Consolidated (including TACR)</i></p> <p>The sum of all periods of service beginning at the date an employee became a participant in this plan or a prior plan. However, if an employee elected to begin making the required employee contributions on the earliest date eligible, benefit service will begin at his date of hire, subject to age restrictions (not before age 25 prior to January 1, 1985; not before age 21 on or after January 1, 1985). Effective January 1, 1989, benefit service for new employees is calculated from date of employment.</p> <p><i>After Six</i></p> <p>Completed months of service from the employee's date of hire. Excludes service before February 27, 1968 for Superior Pants employees.</p>
Pensionable pay	<p>Base pay, overtime, bonuses, commissions, and annual incentives before any voluntary salary reduction (sections 401(k), 125, or 132(f) of the Internal Revenue Code). Pensionable pay excludes severance pay, salary continuation pay paid by an insurer, short and long term disability pay, workers compensation, relocation expenses, dues, housing, furnishing and auto allowances, fringe benefits, and any nonqualified plan of deferred compensation contributions.</p> <p>Pensionable pay after December 31, 2017 shall not be considered in determining accrued benefits for any participant.</p>
Average earnings	<p>For Retirement and Consolidated (including TACR), the monthly average of a participant's pensionable pay beginning at the later of 1994 or date of employment and ending at termination of employment. For After Six, the monthly average of a participant's pensionable pay beginning at the later of 1984 or date of employment and ending at termination of employment.</p>
Social Security benefit	The projected amount of the participant's primary Social Security benefit according to the law in effect at the date of termination of employment assuming continuation of then current earnings to age 65.
Covered compensation	The amount of monthly compensation with respect to which old age and survivor's insurance benefits would be provided to the participant under the Social Security Act, in effect as of the date of termination, determined as if the participant's annual compensation was equal to the maximum amount of earnings subject to tax under the Federal Income Contributions Act (OASDI portion).

Benefit service

The number of years of service under the prior plan as of November 24, 2004 plus the number of calendar years after 2004 in which the participant completes 1,700 Hours of Service as a Covered Employee, with partial credit (0.1 Year of Service for each full 170 Hours of Service completed in a calendar year after 2004, not to exceed 1 full year) if fewer than 1,700 Hours of Service are completed during a calendar year, with appropriate credit for the period from November 24, 2004 to December 31, 2004 (not to duplicate credit for calendar 2004 under the prior plan).

No credit for Years of Benefit Service will be given to a participant in Part A after March 18, 2005 and no credit for Years of Benefit Service will be given to a participant in Part B after July 16, 2005. No credit will be given to a participant in Part C after August 10, 2006.

Normal retirement date (NRD)

The first day of the month coincident with or next following the participant's 65th birthday

Monthly pension benefit

A monthly benefit, payable commencing on Normal Retirement Date, equal to $1/12^{\text{th}}$ of the excess of A over B:

A: The product of the number of Years of Benefit Service and the amount from the following table:

Plan Part	Monthly Dollar Multiplier
Part A	\$24.00
Part B	\$20.00
Part C (Determinations Before June 25, 2005)	\$24.00
Part C (Determinations On or after June 25, 2005)	\$25.00

B: The benefit, if any, earned under the prior (Arvin Meritor) plan as of November 24, 2004.

Monthly preretirement death benefit

50% of the monthly pension benefit as of the date of death, reduced for the 50% joint and survivor election and deferred to the later of the date of death or the earliest date the participant could have retired.

Eligibility for Benefits

Normal retirement

Retirement on NRD

Early retirement

Retirement before NRD and on or after both attaining age 60 and completing ten years of vesting service

Late retirement

Retirement after NRD

Plan Name: Sequa Group Pension Plan
EIN / PN: 13-1885030 / 084
Plan Sponsor: Chromalloy Corporation
Valuation Date: October 1, 2022

SCHEDULE SB ATTACHMENTS

Disability	Total and permanent disability (as defined in the Plan) after attainment of age 50 and completion of 10 years of vesting service (attainment of age 40 and completion of 10 years of vesting service if covered by Part B of the Plan)
Preretirement death	Death with a vested benefit before benefits commence, with a surviving spouse
Termination of employment	Completion of 5 years of vesting service

Benefits Paid Upon the Following Events

Normal retirement	The monthly pension benefit determined as of NRD
Early retirement	The monthly pension benefit determined as of the early retirement date, reduced by 0.6% for each month that payment precedes the participant's NRD
Late retirement	The monthly pension benefit determined as of the actual retirement date
Disability	The monthly pension benefit reduced by the amount of any workers' compensation payments (and, if covered under Part A or Part C of the plan, further reduced by 50% of any disability benefits received under Social Security)
Preretirement death	A monthly life annuity provided to the surviving spouse commencing on the later of the earliest date the participant could have retired or the date of death, based on the 50% joint and survivor annuity option as if the participant had separated from service on the date of death, survived to the later of the date of death or the earliest retirement age, retired with a 50% joint and survivor annuity option at that age, and died on the day after the later of the date of death or the date of attaining the earliest retirement age. There will be a charge imposed against any benefits otherwise payable for participants covered under Part B of the Plan who do not waive coverage under the pre-retirement death benefit provision.
Termination of employment	The monthly pension benefit, payable commencing on NRD. If the participant had completed 10 years of vesting service, the participant may elect to receive the actuarial equivalent of the monthly pension benefit as early as age 60.

Other Plan Provisions

Forms of payment	Monthly pension benefits are paid as described above as a life annuity (for unmarried participants) or as a 50% joint and survivor annuity (for married participants). Optional forms available for married participants include a 75% joint and survivor annuity option or, if the participant elects and the spouse consents, a life annuity.

Schedule SB, Part V Summary of Plan Provisions

Former Sequa Pension Plan – non-union employees

Plan Provisions

Covered employees

All employees other than employees covered by a collective bargaining agreement, non-resident aliens with total earnings constituting foreign service income for U.S. federal income tax purposes, employees who are a citizen of the United States but a permanent resident of foreign jurisdiction, and any employees accruing a pension benefit under a defined benefit plan of the employer or an affiliated employer other than this plan.

Effective June 30, 2011 the Sequa Retirement Plan (which covered salaried and non-union employees) was merged into the Sequa Pension Plan (which covered union employees). All participants of the Sequa Retirement Plan became participants of the Sequa Pension Plan as of the merger date. Benefits remained unchanged for the Sequa Pension Plan participants and the former Sequa Retirement Plan participants.

Effective August 25, 2022, Precoat Metals participants and participants of certain discontinued operations were transferred to the Precoat Pension Plan and any reference to the provisions associated with those groups relate to the valuation as of October 1, 2021.

Participation date

Effective January 1, 1989, an employee is eligible to participate on the date the employee attains age 21 and completes one year of service. Each employee who was a participant in the plan immediately before January 1, 1989, shall continue to be a participant in the plan.

Effective December 31, 2005 all active participants who had attained age 45 on or before December 31, 2005 were required to make a one-time irrevocable election either to continue earning accruals in the plan after December 31, 2005 or to freeze accruals and to participate instead in the discretionary profit-sharing portion of the Sequa 401(k) plan. All accruals were frozen for all active participants who had not attained age 45 on or before December 31, 2005.

Effective June 30, 2011 the Sequa Retirement Plan (which covered salaried and non-union employees) was merged into the Sequa Pension Plan (which covered union employees). All participants of the Sequa Retirement Plan became participants of the Sequa Pension Plan as of the merger date. Benefits remained unchanged.

Effective December 31, 2017, accruals were frozen for all participants.

November 24, 2004 to December 31, 2004 (not to duplicate credit for calendar 2004 under the prior plan).

Benefit service

The number of years of service under the prior plan as of November 24, 2004 plus the number of calendar years after 2004 in which the participant completes 1,700 Hours of Service as a Covered Employee, with partial credit (0.1 Year of Service for each full 170 Hours of Service completed in a calendar year after 2004, not to exceed 1 full year) if fewer than 1,700 Hours of Service are completed during a calendar year, with appropriate credit for the period from November 24, 2004 to December 31, 2004 (not to duplicate credit for calendar 2004 under the prior plan).

No credit for Years of Benefit Service will be given to a participant in Part A after March 18, 2005 and no credit for Years of Benefit Service will be given to a participant in Part B after July 16, 2005. No credit will be given to a participant in Part C after August 10, 2006.

Normal retirement date (NRD)

The first day of the month coincident with or next following the participant's 65th birthday

Monthly pension benefit

A monthly benefit, payable commencing on Normal Retirement Date, equal to $1/12^{\text{th}}$ of the excess of A over B:

A: The product of the number of Years of Benefit Service and the amount from the following table:

Plan Part	Monthly Dollar Multiplier
Part A	\$24.00
Part B	\$20.00
Part C (Determinations Before June 25, 2005)	\$24.00
Part C (Determinations On or after June 25, 2005)	\$25.00

B: The benefit, if any, earned under the prior (Arvin Meritor) plan as of November 24, 2004.

Monthly preretirement death benefit

50% of the monthly pension benefit as of the date of death, reduced for the 50% joint and survivor election and deferred to the later of the date of death or the earliest date the participant could have retired.

Eligibility for Benefits

Normal retirement

Retirement on NRD

Early retirement

Retirement before NRD and on or after both attaining age 60 and completing ten years of vesting service

Late retirement

Retirement after NRD

SCHEDULE SB ATTACHMENTS

Disability	Total and permanent disability (as defined in the Plan) after attainment of age 50 and completion of 10 years of vesting service (attainment of age 40 and completion of 10 years of vesting service if covered by Part B of the Plan)
Preretirement death	Death with a vested benefit before benefits commence, with a surviving spouse
Termination of employment	Completion of 5 years of vesting service

Benefits Paid Upon the Following Events

Normal retirement	The monthly pension benefit determined as of NRD
Early retirement	The monthly pension benefit determined as of the early retirement date, reduced by 0.6% for each month that payment precedes the participant's NRD
Late retirement	The monthly pension benefit determined as of the actual retirement date
Disability	The monthly pension benefit reduced by the amount of any workers' compensation payments (and, if covered under Part A or Part C of the plan, further reduced by 50% of any disability benefits received under Social Security)
Preretirement death	A monthly life annuity provided to the surviving spouse commencing on the later of the earliest date the participant could have retired or the date of death, based on the 50% joint and survivor annuity option as if the participant had separated from service on the date of death, survived to the later of the date of death or the earliest retirement age, retired with a 50% joint and survivor annuity option at that age, and died on the day after the later of the date of death or the date of attaining the earliest retirement age. There will be a charge imposed against any benefits otherwise payable for participants covered under Part B of the Plan who do not waive coverage under the pre-retirement death benefit provision.
Termination of employment	The monthly pension benefit, payable commencing on NRD. If the participant had completed 10 years of vesting service, the participant may elect to receive the actuarial equivalent of the monthly pension benefit as early as age 60.

Other Plan Provisions

Forms of payment	Monthly pension benefits are paid as described above as a life annuity (for unmarried participants) or as a 50% joint and survivor annuity (for married participants). Optional forms available for married participants include a 75% joint and survivor annuity option or, if the participant elects and the spouse consents, a life annuity.
