Independent Auditor's Report

Plan Administrator
Hospice of Surry Retirement Plan
Mount Airy, NC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hospice of Surry Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2023, and 2022 the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 30, 2023 and 2022 and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule as of and for the year ended September 30, 2023, listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following brief description of the Hospice of Surry (the "Hospice") Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Hospice established the Plan to provide employees with a systematic means of savings and investing for the future. All permissible employees of the Hospice, as defined in accordance with the summary plan description are eligible to enroll on their date of hire. Deferrals begin on the first day of the payroll period subsequent to enrollment. With respect to non-salary reduction contributions, such as employer matching contributions, eligibility occurs when the employee has completed one year of service, has attained age 21, and worked at least 1,000 hours during the plan year. The Plan is a 403(b) defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions.

Effective October 1, 2019, the Plan began to transition recordkeeping services to Principal Financial Group. Funds held by Variable Annuity Life Insurance Company ("VALIC"), totaling approximately \$310,000, were transferred to Principal Financial Group in 2021. As of September 30, 2023 and 2022, there is approximately \$325,000 and \$562,000, respectively, still held by VALIC, which will be distributed over time.

Contributions

Each year, participants may contribute compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Hospice matches participant contributions, up to 2% of their base compensation. Contributions are subject to certain limitations, as defined by law.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the Hospice's contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a guaranteed investment contract, and group annuity contracts as investments.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Hospice's contributions and Plan earnings (losses) and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Hospice of Surry Retirement Plan
Notes to Financial Statements
September 30, 2023 and 2022

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Hospice's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service according to the following schedule:

Less than 1 year of service	0%
1 but less than 2 years of service	20%
2 but less than 3 years of service	40%
3 but less than 4 years of service	60%
4 but less than 5 years of service	80%
5 or more years of services	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At September 30, 2023, outstanding loans bore interest rates of 2.50%- 10.50%. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

At September 30, 2023 and 2022, forfeited non-vested accounts totaled \$4 and \$2,012, respectively. The balances of forfeited accounts are used by the Hospice to offset part of its future contributions to the Plan. During the year ended September 30, 2023, approximately \$26,955 of the forfeited non-vested accounts balance was used to reduce the employer contribution.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Valuation of Investments

Investments are reported at fair value, except for group annuity contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Hospice of Surry Retirement Plan
Notes to Financial Statements
September 30, 2023 and 2022

Investments in group annuity contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to group annuity contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Hospice, as provided by the Plan document. Certain administrative functions are performed by employees of the Hospice. No such employee receives compensation from the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 11, 2024, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Hospice of Surry Retirement Plan
Notes to Financial Statements
September 30, 2023 and 2022

There have been no changes in the methodologies used at September 30, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Guaranteed investment contract

Due to significant unobservable inputs included in the valuation model for the guaranteed investment contract, the resulting fair value of these securities is classified as Level 3. The fair value of the guaranteed investment contract was estimated by the Principal by considering many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the general account.

Assets at Fair Value as of September 30, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,330,759	\$ -	\$ -	\$ 6,330,759
Guaranteed investment contract	-	-	39,607	39,607
Investments at fair value	<u>\$ 6,330,759</u>	<u>\$ -</u>	<u>\$ 39,607</u>	<u>\$ 6,370,366</u>

Assets at Fair Value as of September 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,385,113	\$ -	\$ -	\$ 4,385,113
Guaranteed investment contract	-	-	115,442	115,442
Investments at fair value	<u>\$ 4,385,113</u>	<u>\$ -</u>	<u>\$ 115,442</u>	<u>\$ 4,500,555</u>

Level 3 assets measured at fair value on recurring basis for the years ended September 30, 2023 and 2022 and included purchases of \$31,736 and \$35,670, respectively. Sales for the years ended September 30, 2023 and 2022 were \$108,125 and \$1,129, respectively. There were no issuances and no transfers in and out of Level 3 assets for the years ended September 30, 2023 and 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

September 30, 2023 and 2022

Note 4. Unaudited Information Certified by the Trustees

The accompanying financial statements include the following unaudited information as of September 30, 2023 and 2022, and for the year ended September 30, 2023, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustees:

	<u>2023</u>	<u>2022</u>
Investments*	\$ 6,635,037	\$ 4,992,166
Notes receivable from participants	\$ 187,123	\$ 165,205
Interest and dividends	\$ 370,616	
Net appreciation in fair value of investments	\$ 254,389	
Interest income on notes receivable from participants	\$ 6,408	

*All investments certified at fair value with the exception of group annuity contracts, which are certified at contract value.

The certification mentioned above includes all the investment information discussed in Note 3.

Note 5. Investment Contracts with Insurance Companies

The Plan has a non-fully benefit-responsive guaranteed investment contract sponsored by Principal Life Insurance Company ("Principal"), the Fixed Income Guarantee Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative fees. The contract is included in the financial statements at fair value, as reported to the Plan by Principal, totaling \$39,607 and \$115,442 at September 30, 2023 and 2022, respectively. Fair value represents the amount the participant would receive if the contract was terminated at the reporting date, which is contract value less an early withdrawal charge.

The guaranteed investment contract is valued at fair value by Principal, by considering many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the general account. The assumptions and inputs used by the insurance company to determine the value of the contract are not specifically quantified in the information provided to the plan sponsor. Disclosure of unobservable inputs to fair value measurement have not been included for the guaranteed investment contract because quantitative unobservable inputs are not developed by the Plan when measuring fair value and have not been made available to the Plan by the custodian.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum guaranteed interest rate varies by participant and depends on the date the participant established an account.

The Plan has also entered into a group annuity contract with Variable Annuity Life Insurance Company ("VALIC") totaling \$264,671 and \$491,611 at September 30, 2023 and 2022, respectively. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Hospice of Surry Retirement Plan
Notes to Financial Statements
September 30, 2023 and 2022

As described in Note 2, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with group annuity contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreements without the consent of the issuer.

Note 6. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and investment contracts managed by Principal and VALIC. Principal and VALIC are the trustees as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustees by the Plan for administrative services were \$75,695 for the year ended September 30, 2023.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Hospice has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Hospice may determine.

Hospice of Surry Retirement Plan
Notes to Financial Statements
September 30, 2023 and 2022

Note 8. Tax Status

The plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the plan when the government opens such program. The Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at September 30, 2023 and 2022, to Form 5500.
