INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The Wilson Senior Care 401(k) Retirement Plan

We have performed audits of the accompanying financial statements of The Wilson Senior Care 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Wilson Senior Care 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022 and for the year ended September 30, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section--

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Wilson Senior Care 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial State

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Wilson Senior Care 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Wilson Senior Care 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Wilson Senior Care 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter: Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes for the year ended September 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

THE WILSON SENIOR CARE 401(k) RETIREMENT PLAN

September 30, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

Wilson Senior Care, Inc. (the Company) provides retirement benefits to its employees through The Wilson Senior Care 401(k) Retirement Plan (the Plan). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted and commenced during 1975. The purpose of the Plan is to encourage employees to save for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee: All full-time employees of the Company who have one year of service and are age twenty-one or older are eligible to participate in the Plan. Employees may enter the Plan on October 1 or April 1. Each participant may elect to make contributions to the Plan on a pre-tax basis through payroll deduction from 1% through 90% of such participant's eligible compensation (as defined in the Plan document) for each pay period up to an annual maximum of \$22,500 and \$20,500 for 2023 and 2022, respectively. In addition, participants who are age 50 or older and have made the maximum contribution to the Plan can make an additional catch-up contribution to the Plan up to the annual maximum of \$7,500 and \$6,500 for 2023 and 2022, respectively. Contributions are then directed, at the participant's discretion, into various investment options.

Employer: The Company's match will be in an amount equal to the sum of 100% of the portion of a participant's deferral up to 3% of a participant's salary, plus 50% of the portion of a participant's deferral between 3% and 5% of a participant's salary.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers

Rollovers into the Plan from eligible retirement plans are permitted for new employees of the Company upon enrollment in the Plan.

September 30, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN--Continued

Vesting

Effective October 1, 2002, the Plan elected to make safe harbor contributions. Therefore, participants are 100% vested in safe harbor matching contributions and safe harbor non-elective contributions at all times. The participants' matching contributions prior to the safe harbor election, if any, will all be 100% vested since the time has exceeded the original vesting schedule for employer matching contributions.

Payment of Benefits

On termination of service due to death, disability or retirement, participants may elect to receive either a lump-sum amount equal to the value of the participants' vested interest in their account or a monthly annuity. For termination of service due to other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution.

Hardship Withdrawals

Effective April 1, 2019, the Plan was amended to not allow hardship withdrawals. Prior to April 1, 2019, the Plan permitted distributions in the event of a hardship once a participant furnished proof of hardship, as defined in the plan document. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than 59 ½. Hardship withdrawals were limited to the participant's account balance.

Forfeited Accounts

At September 30, 2023 and 2022, forfeited non-vested accounts totaled \$2,121 and \$2,068, respectively. These accounts would be used to reduce future employer contributions, but since the Plan is a safe harbor plan, there should never be any forfeitures.

Plan Amendments

The Plan had no amendments in 2022 or 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Subsequent Events

Management has evaluated events occurring between the end of the Plan's most recent fiscal year and July 12, 2024, the date the financial statements were available to be issued, and represent that all subsequent events that require disclosure in the financial statements have been adequately disclosed. Subsequent events after that date have not been evaluated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

THE WILSON SENIOR CARE 401(k) RETIREMENT PLAN

September 30, 2023 and 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Benefits Paid

Benefits are recorded when paid.

Expenses

The Plan will pay the administrative costs and expenses of the Plan, including the custodian and management fees. Any expenses that are not paid by the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTES TO FINANCIAL STATEMENTS
THE WILSON SENIOR CARE 401(k) RETIREMENT PLAN

September 30, 2023 and 2022

NOTE C - FAIR VALUE MEASUREMENTS--Continued

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

THE WILSON SENIOR CARE 401(k) RETIREMENT PLAN

September 30, 2023 and 2022

NOTE C - FAIR VALUE MEASUREMENTS--Continued

Common/collective Trusts: The common/collective trusts are public investment vehicles valued using a Net Asset Value (NAV), as provided by the manager of each fund, used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active. However, the NAV is based on the fair value of the underlying securities within the fund, which are traded on an active market, and valued at the closing price reported on the active market on which those individual securities are traded. The significant investment strategies of the funds are as described in the financial statements provided by each fund. There are no restrictions on redemptions from these funds.

Self-directed brokerage accounts: The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include investments in publicly traded registered investment companies.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2023 and 2022:

	<u>Total</u>	<u>Asset at NAV*</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
<u>September 30, 2023</u>					
Mutual funds	\$6,963,937	\$ --	\$6,963,937	\$ --	\$ --
Common/collective trusts	831,321	831,321	--	--	--
Self-directed brokerage accounts	<u>87,075</u>	<u> </u>	<u>87,075</u>	<u> </u>	<u> </u>
Total investments	<u>\$7,882,333</u>	<u>\$ 831,321</u>	<u>\$7,051,012</u>	<u>\$ --</u>	<u>\$ --</u>
<u>September 30, 2022</u>

Total investments	<u>\$7,473,081</u>	<u>\$1,783,105</u>	<u>\$5,689,976</u>	<u>\$ --</u>	<u>\$ --</u>

*Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

At September 30, 2023 and 2022, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments as shown on the statement of net assets available for benefits as of September 30, 2023 and 2022;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended September 30, 2023;
- Investment information included in the footnotes for the years ended September 30, 2023 and 2022, and supplemental schedules of assets (held at end of year and acquired and disposed of within year) as of September 30, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTES TO FINANCIAL STATEMENTS

THE WILSON SENIOR CARE 401(k) RETIREMENT PLAN

September 30, 2023 and 2022

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants are one hundred percent (100%) vested in their accounts.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the third party administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTES TO FINANCIAL STATEMENTS

THE WILSON SENIOR CARE 401(k) RETIREMENT PLAN

September 30, 2023 and 2022

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Merrill Lynch and Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, transactions involving qualify as exempt party-in-interest transactions. Fees paid by the Plan for distributions amounted to \$3,121. Parties-in-interest also include ADP Retirement Services (Third Party Administrator), ADP (Payroll Service), and Schmoyer and Company, LLC (Auditor).
