To the Plan Administrator and Participants
SESCO Lighting, Inc. 401(k) Profit Sharing Plan
Maitland, Florida

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit
We have performed audits of the accompanying financial statements of SESCO Lighting, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C)[ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

To the Plan Administrator and Participants
SESCO Lighting, Inc. 401(k) Profit Sharing Plan
Maitland, Florida

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

To the Plan Administrator and Participants
SESCO Lighting, Inc. 401(k) Profit Sharing Plan
Maitland, Florida

INDEPENDENT AUDITOR'S REPORT

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SESCO LIGHTING, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the SESCO Lighting, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, originally effective April 1, 2004, is a defined contribution plan generally covering all employees, as defined by the Plan agreement, of SESCO Lighting, Inc. and participating employers (collectively, the Company). Employees are eligible to make salary deferrals the first day of each calendar month after completing one month of service. Employees are eligible for Company profit-sharing and matching contributions after working at least 1,000 hours during a consecutive 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2023, the Plan was amended to allow participants to elect to defer a percentage of eligible compensation or a flat dollar amount.

Contributions

Each year, participants may contribute up to 90% of annual compensation, as defined in the Plan, on a pre-tax and/or Roth after-tax basis, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or certain individual retirement accounts (rollovers). The Company may make discretionary matching contributions based on a percentage of individual participant elective contributions or discretionary profit-sharing contributions in an amount determined annually. A participant must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year to be eligible to receive an allocation of the Company's contributions. If the participant dies, becomes disabled, or attains normal retirement age during the Plan year, the participant will still be eligible to receive an allocation of the contribution. No discretionary contributions were made by the Company for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions, and allocations of the Plan's earnings, and charged with benefits payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account balances while contributions are credited based upon elective deferrals and compensation, as defined. Transaction fees are charged directly to the accounts of the participants who incur those fees. Administrative expenses are allocated to participants proportionally based on the value of their account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various options offered by the Plan. Participants may change their investments periodically, as permitted by the Plan sponsor.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions, if any, is based on years of continuous service. A participant is fully vested after three years of continuous service. A participant is also 100% vested in Company contributions upon death or disability or attainment of normal retirement age, as defined.

Forfeitures
Any non-vested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Amounts forfeited by participants may be used to pay Plan expenses or to reduce Company contributions. At December 31, 2023 and 2022, there were no forfeited amounts held by the Plan. No forfeitures were used to pay Plan expenses or reduce Company contributions during the year ended December 31, 2023.

Notes Receivable from Participants
A participant may borrow from his or her fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. Participants may have two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current market rate, as determined by the Plan administrator, at the time of application. The period for loan repayment cannot exceed five years from the date of the loan unless it was used to purchase a principal residence, in which case it may not exceed 15 years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly, quarterly or annual installments over a period not to exceed the participant's estimated life expectancy. If the participant's vested account balance is less than $5,000 at the date of death, disability, retirement or termination of employment, then that balance will be distributed in a single lump-sum payment. Hardship withdrawals may be requested from employee deferrals and are paid in one lump-sum upon approval. In-service distributions from a participant's vested account balance may be made provided the participant has reached the age of 59 ½.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded as of the date of trade. Interest is recorded on an accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by participants' account balances. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Plan expenses are recorded when incurred.

Note 3 - Information Certified by John Hancock Life Insurance Company (U.S.A.)

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule of assets (held at end of year), which was certified by John Hancock Life Insurance Company (U.S.A) (John Hancock) as of December 31, 2023 and 2022 and for the year ended December 31, 2023, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	December 31,	
	2023	2022
Investments, at Fair Value	$ 19,102,993	$ 15,889,358
Notes Receivable from Participants	$ 424,231	$ 337,515

	Year Ended December 31, 2023
Net Appreciation in Fair Value of Investments	$ 2,856,206
Interest Income on Guaranteed Interest Account	$ 71
Interest Income on Notes Receivable from Participants	$ 17,981

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Accounts: The Plan holds units of participation in the separate accounts, which invest directly in designated actively traded mutual funds and are valued daily at their net asset values (NAV). The NAV is computed by dividing the proportion of the market value, after deduction of any applicable charges, by the number of units outstanding. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There are no unfunded commitments on these investments. Redemptions may generally be made daily; however, restrictions on redemptions include a maximum of two exchange days per calendar month.

The underlying mutual funds include the following:

	December 31,	
	2023	**2022**
Asset Allocation – Target Date (a)	$ 4,041,992	$ 2,605,703
Asset Allocation – Target Risk (b)	7,772,116	6,967,179
Fixed Income (c)	1,485,170	1,789,070
Balanced (d)	157,001	126,254
Large Cap (e)	3,757,105	2,813,799
International (f)	724,647	696,407
Small/Mid Cap (g)	1,123,450	819,247
Sector (h)	34,229	65,884
Total Pooled Separate Accounts	$ 19,095,710	$ 15,883,543

(a) Asset Allocation – Target Date – Seeks to balance total return and stability over time depending on the proximity to the retirement target dates.
(b) Asset Allocation – Target Risk – Seeks to provide an optimal mix of a broadly diversified portfolio.
(c) Fixed Income – Seeks to maximize total return consistent with reasonable risk investing primarily in net assets in a diversified portfolio of bonds or fixed income instruments of varying maturities.
(d) Balanced – Seeks to balance growth of principal and current income by investing in a combination of stocks and bonds.
(e) Large Cap – Seeks long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies.
(f) International – Seeks international diversification by investing in stocks of companies outside of the United States.
(g) Small/Mid Cap – Seeks capital appreciation by investing primarily in stocks of small and medium sized companies.
(h) Sector – Seeks to provide investment results that correspond to the total return of equity REs and other real estate related investments.

Guaranteed Interest Account: At December 31, 2023 and 2022, the Plan holds a 3-year compound interest account under a John Hancock group annuity contract. The contributions to this account are held in the John Hancock general account. The guaranteed interest account guarantees the return of principal, plus compound interest earned over its defined term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the accounts in that month. The guaranteed interest account is not fully benefit-responsive and, therefore, is reported at fair value. Fair value is the amount that would be received were the funds to be withdrawn prior to maturity and represents the guaranteed interest account's contract value adjusted to reflect current market interest rates. The contract value of the investment is not materially different from its fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

		Fair Value Measurements at Reporting Date Using		
December 31, 2023	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Guaranteed Interest Account	$ 7,283	$ -	$ -	$ 7,283
Total Investments Measured at Fair Value	$ 7,283	$ -	$ -	$ 7,283
Pooled Separate Accounts	19,095,710*			
Total Investments	$ 19,102,993			

		Fair Value Measurements at Reporting Date Using		
December 31, 2022	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Guaranteed Interest Account	$ 5,815	$ -	$ -	$ 5,815
Total Investments Measured at Fair Value	$ 5,815	$ -	$ -	$ 5,815
Pooled Separate Accounts	15,883,543*			
Total Investments	$ 15,889,358			

* *Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been included in the fair value hierarchy. The net asset values presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

During the year ended December 31, 2023, purchases and issues of Level 3 financial instruments totaled $1,511 and $43, respectively. There were no transfers into the Level 3 financial instruments or transfers from Level 3 financial instruments to other investments held by the Plan during the year ended December 31, 2023.

Note 5 - Income Tax Status

The Plan adopted a non-standardized defined contribution pre-approved plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, in which the IRS stated that the pre-approved plan, as designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the ruling. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-in-Interest and Related-Party Transactions

All Plan investments are held and managed by John Hancock. The Plan also pays fees to John Hancock, its investment advisor and its third-party administrator. These transactions qualify as party-in-interest transactions. Total administrative fees paid to these parties-in-interest totaled $113,955 for the year ended December 31, 2023. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 7 - Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Concentration of Credit Risk

Approximately 22% and 26% of the Plan's assets were invested in the JH Multimanager Growth LS Fund at December 31, 2023 and 2022, respectively. In addition, approximately 10% of the Plan's assets were invested in the JH Multimanager Balanced LS Fund at each of the years ended December 31, 2023 and 2022.

Note 9 - Non-Exempt Transactions

During the Plan year ended December 31, 2023, the Company did not remit certain employee deferrals within the appropriate time period prescribed by the Department of Labor. These transactions constitute prohibited transactions as defined by ERISA. The Company is in the process of taking the appropriate steps to correct these late remittances.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through July 2, 2024, which is the date the accompanying financial statements were available to be issued. No material events have occurred since December 31, 2023, that require recognition or disclosure in the financial statements.
