Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the accompanying financial statements of Graduate School Tax Deferred Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 (in liquidation) and December 31, 2022, (ongoing) and the related statement of changes in net assets available for benefits for the period ended September 30, 2023 (in liquidation) and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of Graduate School Tax Deferred Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and December 31, 2022, and for the period ended September 30, 2023 (in liquidation) that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements referred to above of Graduate School Tax Deferred Annuity Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Graduate School Tax Deferred Annuity Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See [CLAglobal.com/disclaimer](https://www.claglobal.com/disclaimer).

Emphasis of Matter- Plan Termination

As discussed in Note 1 and Note 2 to the financial statements, the Plan Sponsor, authorized the termination of the Plan effective April 19, 2023 and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Graduate School Tax Deferred Annuity Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Graduate School Tax Deferred Annuity Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Graduate School Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Graduate School (the Company) as of January 1, 1989. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) effective January 1, 2009. All employees of the Company were immediately eligible to participate in the Plan upon hire. Entry dates into the Plan were immediately following eligibility. Effective December 31, 2007, the Plan was frozen and new employees after that date are not eligible to participate in the Plan. As of December 31, 2021, the Company sold the majority of its assets to an unrelated company and terminated the majority of its employees as a result.

Plan Termination

The Company authorized the termination of the Plan effective April 19, 2023. On such date, all participants became 100% vested in all accounts and no further contributions were allowed. The Plan subsequently distributed majority of plan assets to Plan participants by September 30, 2023. Each participant maintained an individual annuity contract with TIAA and/or CREF. Participants could elect to take a distribution of their account by August 25, 2023. If no election was made, a participant's account would be deemed a distribution from the Plan and TIAA and/or CREF removed the Plan from being the sponsor of the participant's individual annuity contract and the participant became the owner. The Plan subsequently distributed all plan assets by September 30, 2023.

Contributions

Upon the freeze of the Plan on December 31, 2007, the Plan does not allow any participant contributions except for rollover amounts representing distributions from other qualified defined contribution plans.

Participant Accounts

Each participant's account is credited with their rollover contributions, if applicable, and an allocation of Plan earnings (losses). Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All accounts are entirely participant directed.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Loans

Participants may borrow from TIAA a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of the vested portion of their fund account. These loans are direct loans between the participant and TIAA, the insurance company, and as such, they are not treated as a transfer from the investment funds to a note receivable from participant or as a Plan asset. However, 110% of the outstanding loan balance is collateralized by the participant's account and this portion of their account is transferred at the time of the loan and maintained in the TIAA Traditional Annuity within the participant's account. Loans must be repaid to TIAA by the participant in accordance with the repayment terms of the agreement. In the event of default, foreclosure on the participant's account balance will not occur until a distributable event occurs in the Plan.

Outstanding loans between Plan participants and TIAA totaled \$-0- and \$12,182 as of September 30, 2023 and December 31, 2022, respectively, and were collateralized by approximately \$-0- and \$13,401 of investments included in the statements of net assets available for benefits as of September 30, 2023 and December 31, 2022, respectively. Total collateral on defaulted loans was \$-0- and \$53,150 as of December 31, 2023 and 2022, respectively.

Notes Receivable with Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The Plan allows participants to borrow funds from the Plan based on certain conditions. Notes are repaid through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. The interest rate on all outstanding notes was 4.25% as of December 31, 2022.

Vesting

Participants were immediately vested in their contributions to the Plan. Plan contributions were fully vested and nonforfeitable when such contributions were made.

Benefit Payments

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive a lump sum, partial payment, installment payment or annuity contract of the amount equal to the value of the participant's account. Withdrawals for financial hardship (as defined by the Plan) are permitted under the Plan. At all times, participants may withdraw in total or a portion of their rollover contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of Plan termination, Plan management has determined liquidation of the Plan is deemed imminent during 2023 when distribution under the plan of liquidation commenced. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the accrual basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value expected to be collected in settling or disposing of assets during the liquidation process and liabilities are stated at their anticipated settlement amounts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2023 and December 31, 2022. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the insurance companies, and investment adviser. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 1, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TIAA and CREF, and TIAA on behalf of TIAA, FSB and TIAA Trust, N.A., the qualified institutions of the Plan,, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information and notes receivable from participants reflected accompanying statements of net assets available for benefits as of September 30, 2023 and December 31, 2022, the statements of changes in net assets available for benefits for the period ended September 30, 2023.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 (IN LIQUIDATION)
AND DECEMBER 31, 2022 (ONGOING)**

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at September 30, 2023 and December 31, 2022

Registered Investment Company Accounts – Valued at the net asset value (NAV) of shares held by the Plan at year-end as quoted in active markets. In an effort to reduce market timing and excessive trading, shareholders will be locked out of a fund for 90 days if a purchase, sale, and repurchase with that fund is made within a 60-day period.

Subaccounts of Variable Annuities – Valued at NAV of shares, which are valued by the insurance company at accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end.

Nonbenefit Responsive Fixed Accounts – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Plan management has various processes and controls in place to ensure that fair value is reasonably estimated. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

Pooled Separate Account – Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30 and December 31:

	2022 (Ongoing)			Total
	Level 1	Level 2	Level 3	
Registered Investment Company Accounts	\$ 585,405	\$ -	\$ -	\$ 585,405
Subaccounts of Variable Annuities	-	6,765,504	-	6,765,504

Total Investments at Fair Value	<u>\$ 585,405</u>	<u>\$ 7,128,691</u>	<u>\$ 778,491</u>	<u>\$ 8,492,587</u>

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of September 30 and December 31:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs

Nonbenefit Responsive Fixed Accounts	\$ -	\$ 778,491	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate Applied*

* Unobservable inputs include discount rate applied

NOTE 5 GROUP ANNUITY WITH INSURANCE COMPANY

Prior to Plan termination, each participant maintained an individual annuity contract with TIAA and/or CREF. As part of the contracts, TIAA may maintain a portion of the contributions in a "guaranteed account," which is called the Traditional Fixed Account. This account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed minimum rate of interest is based on a formula established by TIAA and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Fixed Account does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 (IN LIQUIDATION)
AND DECEMBER 31, 2022 (ONGOING)**

NOTE 5 GROUP ANNUITY WITH INSURANCE COMPANY (CONTINUED)

Certain Traditional Fixed Account individual annuity contracts are considered to be nonbenefit responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account.

Certain Traditional Fixed Account individual annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 RISK AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

The Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA and has approved the termination of the Plan effective April 19, 2023. All participants became 100% vested in their entire accounts including all Company contributions and earnings, thereon. Plan management has completed the standard requirements prescribed by ERISA and liquidated all assets as of September 30, 2023, by distributing benefits to plan participants. Management has deemed liquidation to be imminent as of September 30, 2023 as the necessary steps were complete.

NOTE 8 PLAN TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of subaccounts of variable annuities, a pooled separate account, registered investment company accounts and fixed accounts managed by TIAA and CREF, and TIAA on behalf of TIAA, FSB and TIAA Trust, N.A., the qualified institutions of the Plan, as of September 30 2023 and December 31, 2022. These investments qualify as party-in-interest investments/transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of investments. The Plan Sponsor pays directly for fees related to the Plan's operations. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 INABILITY TO OBTAIN RECORDS

Prior to 2009, the Plan's third-party administrators tracked contributions, investment earnings, distributions, and other activity on a "contract" basis. Each participant was set up as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009 as the regulations governing 403(b) plans did not require Plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to January 1, 2009. However, as a result of the method of administration and lack of historical Plan level financial reporting, the Plan administrator was unable to obtain Plan level information prior to January 1, 2009.
