Report of Independent Auditor

To the Plan Administrator and Participants
R.L. Jordan Oil Company of NC, Inc. 401(k) Profit Sharing Plan
Spartanburg, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of R.L. Jordan Oil Company of NC, Inc. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institutions”).

Management has obtained certifications from qualified institutions as of September 30, 2023 and 2022, and for the year ended September 30, 2023 stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions, agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions are presented and disclosed in the financial statements in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a, for the year ended September 30, 2023 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2023 AND 2022

Note 1—Description of the Plan

The following description of the R.L. Jordan Oil Company of NC, Inc. (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution Plan covering substantially all employees of the Company who have completed a minimum of 1,000 employment hours within one year of service, are age 18 or older, and who are not non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively “Principal”) and Ascensus Trust Company (“Ascensus”) serve as “Trustees” of the Plan. Principal served as the sole Trustee through September 30, 2021. During 2022, the Plan changed third party administrators, adding Ascensus as Trustee and transferring substantially all assets to their platform. As of April 18, 2023 all funds held by Principal were transferred to Ascensus.

Administration – The Plan sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – Plan entrance occurs twice per year in April and October at which time eligible employees can enroll in the plan. Principal, the previous Trustee, had an automatic enrollment provision at 2% rate default. With the switch to Ascensus, the automatic enrollment feature was removed. Each year participants may contribute any percentage of pre-tax annual compensation to the Plan, not to exceed the annual maximum contribution as defined by United States Treasury Regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions, along with the Company’s matching contributions, if applicable, into various investment options offered by the Plan. The Company’s match is discretionary. During 2023, the Company’s matching contribution percentage was 100% up to the first 3%, and an additional 50% match up to a maximum of 5%. In addition, profit sharing amounts may be contributed at the option of the Company. For the year ended September 30, 2023, the Company did not make additional discretionary profit-sharing contributions.

Participant Accounts – Each participant’s account is credited with (a) the participant’s contributions, (b) the Company’s contributions, and (c) an allocation of the Plan’s earnings. Each participant’s account is charged with participant withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully vested in the Company matching and profit-sharing contributions after six years based on a graded schedule.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. As of September 30, 2023, the Plan offered collective investment trust funds and mutual funds. Participants may change their investment options at their discretion.

SEPTEMBER 30, 2023 AND 2022

Note 1—Description of the Plan (continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, a participant may elect to receive withdrawals upon reaching the age 59½. A participant may also request a withdrawal from their account balance based upon financial hardship as defined by IRC regulations.

Forfeitures – Participants who terminate before they are fully vested forfeit any portion of the Company discretionary contributions and earnings thereon which are not vested. As of September 30, 2023 and 2022, the Plan had \$7,198, and \$463 in forfeited accounts, respectively. During the year ended September 30, 2023, the Plan used \$8,033 in forfeitures to offset Plan expenses.

Note 2—Summary of significant accounting policies

Basis of Accounting – The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates – The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses – Except for annual audit and third party administration fees, which are paid by the Company, all other administrative expenses and investment management service fees are paid by the Plan and may be offset by forfeitures.

Payment of Benefits – Benefits are recorded when paid.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as liability with a corresponding reduction to contributions.

Note 3—Fair value measurements

The Plan follows the *Fair Value Measurement* topic of Financial Accounting Standards Board Accounting Standards Codification, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value.

Collective Investment Trusts – The collective investment trusts are presented at fair value based on the fair value of the underlying investments or discounted cash flow methodology, depending on the underlying investment type. These investments include fixed interest insurance investment contracts, money market funds, mortgage-backed securities, bonds, and other fixed income securities. These funds are required to publish their daily Net Asset Value (“NAV”) and transact at that price. The collective investment trusts held by the Plan are deemed to be actively traded.

Mutual Funds – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3—Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of September 30:

2023				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Cash equivalents	\$ 58,181	\$ -	\$ -	\$ 58,181
Mutual funds	2,837,446	-	-	2,837,446
Total investments at fair value	<u>\$ 2,895,627</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,895,627</u>

2022				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Cash equivalents	\$ 2,007	\$ -	\$ -	\$ 2,007
Collective investment trusts	43,075	-	-	43,075
Mutual funds	1,877,507	-	-	1,877,507
Total investments at fair value	<u>\$ 1,922,589</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,922,589</u>

The Plan recognizes transfers between levels as of the actual date of the event or change in circumstances that caused the transfer. There were no transfers between levels for the years ended September 30, 2023 or 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2023 AND 2022

Note 4—Information prepared and certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Trustee of the Plan have certified to the completeness and accuracy of the following data included in the accompanying financial statements.

- Investments, at fair value as shown in the statements of net assets available for benefits as of September 30, 2023 and 2022.
- Net appreciation in fair value of investments and dividends as shown in the statement of changes in net assets available for benefits for the year ended September 30, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of September 30, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5—Party-in-interest transactions

Ascensus Trust Company is the Trustee of the Plan; therefore, transactions with the Trustee qualify as parties-in-interest transactions as defined by ERISA. Cherry Bekaert LLP is the auditor of the Plan; therefore, transactions with the auditor qualify as parties-in-interest transactions. During the year ended September 30, 2023, the Plan paid \$33,261 for custodial, Plan expenses, audit fees, and asset management services. The Plan sponsor also paid certain administrative expenses of the Plan.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and such accounts will either be distributed in a lump sum, periodic installments, or continue to be held in trust. Any unallocated assets of the Plan shall be allocated to the participant accounts based on participant earnings and distributed in such a manner as defined by the Plan.

Note 7—Tax status

The Plan has obtained a determination letter, dated June 20, 2020, from the IRS stating the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended, revised, and restated since the date of the determination letter. However, the Plan administrator believes the Plan, as amended, revised, and restated, remains in accordance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and, therefore, the Plan and related trust continue to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2023 and 2022 there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 9—Nonexempt transactions

During the Plan years ended September 30, 2023 and 2022, employee withholdings totaling \$182 and \$1,394, respectively, were not remitted to the trust within the appropriate time period by the Company. These transactions constituted prohibited transactions as defined by ERISA. The Company remitted the withholdings and lost earnings to the Plan during the year ended September 30, 2023.

Note 10—Subsequent events

The Company evaluated subsequent events through July 12, 2024, which is the date the financial statements were available for issuance.
