REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Participants and Plan Administrator of the
United Planning Organization Retirement Income Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the United Planning Organization Retirement Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended September 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institution as of September 30, 2023 and 2022 and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been

subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNITED PLANNING ORGANIZATION RETIREMENT INCOME PLAN

Notes to the Financial Statements September 30, 2023 and 2022

1. PLAN DESCRIPTION

The following description of the Retirement Income Plan of United Planning Organization (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all salaried employees of United Planning Organization (UPO). The Plan was amended effective July 1, 2018, to add Roth and Roth rollover contributions to the Plan. The anniversary date for the Plan is October 1 of each year, and the Plan year is the 12-month period commencing each October 1 and ending on the following September 30. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Recent Legislation

The Setting Every Community Up for Retirement Enhancement (SECURE) Act was enacted in December 2019, and became effective January 1, 2020. The SECURE Act was designed to encourage investing for retirement by increasing the required minimum distribution age, allowing part-time employee enrollment, and offering annuity options for certain tax-qualified retirement plans.

The SECURE Act 2.0 was signed into the 2023 Consolidations Appropriations Act under the Securing a Strong Retirement Act on December 29, 2022, with similar retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement plans.

The Plan's has a policy to incorporate the SECURE Act changes in its Plan document by the deadlines prescribed in the legislation.

Eligibility

The Plan covers substantially all full-time employees of UPO. An employee is eligible to participate in the Plan on the employment commencement date, unless the employee is a part-time, temporary or seasonal employee whose regularly scheduled service is less than 1,000 hours. There is no minimum age an employee must attain to become a participant in the Plan for purposes of making elective deferrals.

1. PLAN DESCRIPTION (continued)

Eligibility (continued)

An employee is eligible to receive employer contributions once the employee has worked 1,000 hours or more, and has completed six months of service during the first plan year in which the employee worked 1,000 hours or more. Once an employee has met the service requirements, he or she will become eligible to receive employer contributions in the next pay period.

Contributions

Participants may contribute any amount or percentage of pre-tax annual compensation and up to 10% of their compensation on a post-tax basis, as defined in the Plan, not to exceed annual Internal Revenue Service (IRS) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, up to IRS annual limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). UPO contributes a safe harbor nonelective contribution of 5.5% of an eligible participant's annual eligible compensation to the Plan. Additional discretionary matching contributions may be contributed at the option of the Board of Directors. For the year ended September 30, 2023, the Board of Directors approved a dollar-for-dollar discretionary matching contribution up to 1% of eligible compensation that a participant contributed to the Plan. Discretionary matching contributions for the year ended September 30, 2023 were \$145,431.

Participant Accounts

Each participant account is credited with the participant's contribution, as well as UPO's contribution and allocations of plan earnings and administrative expenses. Allocations are based on participant compensation, participant earnings, account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may also contribute amounts representing rollovers from other qualified plans.

Vesting

Participants are immediately vested in all contributions into the Plan plus earnings thereon.

Notes Receivable from Participants

Participants may borrow funds from their participant accounts at a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, in which case the loan must be repaid in 10 years. The loans are collateralized by the balance in the participants' accounts and bear interest at a rate that reflects the current market rates charged by financial institutions for similar loans. Principal and interest payments are paid by the participant by payroll deductions.

Notes to the Financial Statements September 30, 2023 and 2022

1. PLAN DESCRIPTION (continued)

Forfeited Accounts

As of September 30, 2023 and 2022, forfeited non-vested accounts totaled \$28,140 and \$54,277, respectively. These amounts will be used to reduce future matching contribution requirements and plan expenses. During the year ended September 30, 2023, forfeitures of \$26,825 were used to offset employer contributions.

Payment of Benefits

On termination of service due to severance from employment, death and disability, a participant with a vested balance of less than \$5,000 will receive a lump sum distribution. Participants or their beneficiaries who have balances greater than \$5,000 may elect to receive a lump sum amount equal to the value of the participant's vested interest in the account, a life annuity payment or installment payments. In-service withdrawals are also allowed for participants who are at least 59½ years old. Rollover contributions may be withdrawn every six months. Required minimum distributions are made April 1 of the calendar year in which the participant reaches the retirement age. The Plan does not allow for hardship withdrawals.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the benefit-responsive contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by investment advisors and Voya Institutional Trust Company (VITC). See Note 4 for discussion of fair value measurements.

UNITED PLANNING ORGANIZATION RETIREMENT INCOME PLAN

Notes to the Financial Statements September 30, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Employee and Plan Sponsor contributions are recorded in the period that the Plan Sponsor makes payroll deductions from the participant's earnings. The Plan Sponsor discretionary matching contribution is recorded when authorized by the Board of Directors and in the year that the underlying compensation is recognized under the Plan.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the UPO. Expenses that are paid by UPO are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account balance and are not included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan Administrator evaluated subsequent events and transactions through July 12, 2024, the date these financial statements were available for issue, and has determined that no material subsequent events have occurred that would affect the information presented or require additional disclosure.

Notes to the Financial Statements September 30, 2023 and 2022

3. INFORMATION CERTIFIED BY VOYA INSTITUTIONAL TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of September 30, 2023 and 2022, and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended September 30, 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Institutional Trust Company (VITC), the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

UNITED PLANNING ORGANIZATION RETIREMENT INCOME PLAN

Notes to the Financial Statements September 30, 2023 and 2022

4. FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value for certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the Plan's investments measured at fair value on a recurring basis as of September 30:

	September 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,344,488	\$ -	\$ -	\$ 10,344,488

	September 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,205,681	\$ -	\$ -	\$ 8,205,681

5. FULLY BENEFIT RESPONSIVE CONTRACT VALUE INVESTMENTS

The Plan has entered into a benefit-responsive investment contract with VITC. The contract is credited with interest daily and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The contract value of the investment contracts as of September 30, 2023 and 2022, was \$5,291,763 and \$5,113,767, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1% for the years ending September 30, 2023 and 2022. Such interest rates are reviewed on a quarterly basis for resetting.

UNITED PLANNING ORGANIZATION RETIREMENT INCOME PLAN

Notes to the Financial Statements September 30, 2023 and 2022

5. FULLY BENEFIT RESPONSIVE CONTRACT VALUE INVESTMENTS (continued)

Contract value is the relevant measure for fully benefit responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause insignificant withdrawal from the Plan;
4. The failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction under ERISA; or
5. Premature termination of the contracts.

Management believes there are no events that are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

UNITED PLANNING ORGANIZATION RETIREMENT INCOME PLAN

Notes to the Financial Statements September 30, 2023 and 2022

6. RELATED PARTY TRANSACTIONS AND PARTY IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VITC, the trustee for the Plan, and therefore, these transactions qualify as party in interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, UPO has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants would remain 100% vested in their accounts.

8. TAX STATUS

The Plan was designed using a prototype plan document which received an opinion letter from the IRS dated June 30, 2020, stating that the Plan document was in compliance with the applicable requirements of the Code.

Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan was designed, and was being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for Plan years prior to 2020.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
