INDEPENDENT AUDITOR'S REPORT

The Administrative Committee
WECTEC LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the WECTEC 401(k) Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period January 1, 2023 through November 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 30, 2023 and December 31, 2022, and for the period January 1, 2023 through November 30, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan was merged into the Westinghouse Electric Company Savings Plan effective November 30, 2023. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

WECTEC 401(k) Savings Plan

Notes to Financial Statements

November 30, 2023 and December 31, 2022

1. Description of Plan

The following description of the WECTEC 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document or summary plan description for a complete description of the Plan's provisions.

The Plan was established on January 1, 2016 to provide a retirement savings plan for employees of WECTEC LLC, which was established as a new company on October 7, 2015 to hold the businesses acquired from Chicago Bridge & Iron Company N.V. Effective January 1, 2020, Stone & Webster LLC (the Company), assumed plan sponsorship from WECTEC LLC.

On September 18, 2023, the board of directors adopted a resolution to merge the Plan into the Westinghouse Electric Company Savings Plan. All Plan assets were transferred as of November 30, 2023. As a result of the merger, approximately \$66,387,000 in net assets were transferred from the Plan.

General – The Plan was a defined contribution plan covering substantially all full-time, part-time and casual employees of the Company. Excluded under the Plan were employees of WECTEC Staffing Services LLC and Westinghouse Government Services LLC, subsidiaries of the Company. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants could contribute from 1% to 75% of their compensation, in increments of 1%, subject to Internal Revenue Code (IRC) limitations. The Company made safe harbor matching contributions to the account of each participant at a rate of 100% of the first 3% plus 50% of the next 2% of compensation that a participant contributed to the Plan after one year of service. The Company could make additional discretionary matching or profit-sharing contributions, but is not required to do so, and did not for 2023.

Employees who attained age 50 by the end of the calendar year could make voluntary catchup contributions as permitted under the Economic Growth and Tax Relief Reconciliation Act (EGTRRA). Eligible employees could elect to contribute 1% to 75% of compensation as catch-up contributions, subject to limitations of the IRC. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Upon enrollment, a participant could direct the investment of employee and Company contributions and any earnings thereon to any of the Plan's fund options. Participants could change their investment options daily.

Vesting – Participants were immediately vested in their contributions and the Company's matching and safe harbor contributions, plus actual earnings thereon. Profit sharing and discretionary matching contributions vested 20% per year of service, with full vesting after five years of service.

Participant Accounts – Each participant's account was credited with the participant's contributions and the Company's contributions and Plan earnings and was charged with an allocation of administrative expenses. Allocations of Plan earnings were based on account balances. Allocations of administrative expenses were based on a per-participant rate. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

1. Description of Plan (continued)

Notes Receivable from Participants – Participants could borrow from their accounts 50% of their vested account balance, with a minimum of \$1,000 and a maximum of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months. Loan terms were five years for a general purpose loan and 10 years for a principal residence loan. Loans were secured by the balance in the participant's account and bore interest at the prime rate per the Wall Street Journal plus 1.0%. Principal and interest repayments were made ratably through biweekly payroll deductions.

Payment of Benefits – On termination of service, participants could receive a lump-sum amount equal to the vested value of their account. Upon death of the participant, the participant's beneficiary could receive a lump-sum amount equal to the vested value of the account. If the value of a participant's vested account was \$5,000 or less, payment occurred automatically after 60 days via rollover if between \$1,000 and \$5,000, or via a cash lump-sum payment if less than \$1,000.

2. Summary of Significant Accounting Policies

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable From Participants – Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. As of November 30, 2023, notes receivable from participants were transferred to the Westinghouse Electric Company Savings Plan. No allowance for credit losses has been recorded as of December 31, 2022.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurement.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses – Expenses incurred in maintaining the Plan are paid directly by the Plan and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through July 11, 2024, the date the financial statements were available to be issued.

3. Investments (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period January 1, 2023 through November 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America N.A. (the trustee of the Plan).

4. Fair Value Measurement

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements, includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets and liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in markets that are not active.
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements (Continued)

November 30, 2023 and December 31, 2022

4. Fair Value Measurement (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value:

Registered investment companies: valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Money market funds: valued at the NAV of the shares held by the Plan at year-end.

Self-managed/brokerage accounts: valued based on the fair value of the underlying investments. The underlying investments are carried at fair value based on quoted market prices.

Common/collective trusts: valued at the NAV per unit, as reported by the trustee of the collective trust on the valuation date. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust, the issuer reserves the right to require prior notification in order to ensure securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments at December 31, 2022, and the investment can be redeemed without restriction.

4. Fair Value Measurement (continued)

As of November 30, 2023, all investments were transferred to the Westinghouse Electric Company Savings Plan. The Plan's assets at fair value as of December 31, 2022 set forth by level, within the fair value hierarchy, are as follows:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 56,710,906	–	–	\$ 56,710,906
Money market funds	53,105	–	–	53,105
Self-managed/brokerage accounts	432,013	–	–	432,013
Total investments in the fair value hierarchy	<u>\$ 57,196,024</u>	–	–	<u>57,196,024</u>
Investments measured at net asset value (a)				<u>9,021,067</u>
Total investments at fair value				<u>\$ 66,217,091</u>

- (a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

5. Income Tax Status

The Plan administrator has not filed for a determination letter from the Internal Revenue Service (IRS), but believes that the Plan is being operated in compliance with the applicable requirements under Section 401(a) of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on technical merit, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of November 30, 2023 and December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. While there are no ongoing examinations, the Plan is subject to examination for years through 2020.

6. Risks and Uncertainties

The Plan invests in securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
