INDEPENDENT AUDITOR'S REPORT

To the Participants and Beneficiaries
CTI 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CTI 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CTI 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Mutual of America Life Insurance Company, Principal Life Insurance Company and Principal Trust Company, qualified institutions, as of and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Management has obtained certifications from Principal Life Insurance Company and Principal Trust Company, qualified institutions, as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CTI 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CTI 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CTI 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CTI 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CTI 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS September 30, 2023 and 2022

1. Description of Plan

The following description of the CTI 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Plan Sponsor who have at least sixty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For purposes of the Plan, the Plan Sponsor includes employees of the following participating employers of a controlled group of corporations:

- CTI, Inc. (CTI)
- CTI Leasing, Inc. (CTIL)
- Chemical Transportation, Inc. (ChemTran)
- CTI Sold Company, Inc. (CTIS)

As of February 1, 2022, pursuant to the executed asset purchase agreement, substantially all the assets of ChemTran were purchased by an unaffiliated third-party. The sale of ChemTran, and the corresponding termination of all ChemTran employees, resulted in a partial plan termination during the year ended September 30, 2022. See Note 6 for details of the partial plan termination. Additionally, pursuant to the executed asset purchase agreement, the company name was changed to CTI Sold Company, Inc. CTIS had no employees, but remained a participating employer in the Plan as part of the controlled group of corporations until its dissolution, effective June 8, 2022.

Contributions

Each year, participants may contribute pre-tax elective deferrals and ROTH elective deferrals of compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions, amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations imposed by the Internal Revenue Service. The Plan allows the Company to match employee contributions up to \$1,000. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Plan Sponsor's contribution and Plan earnings. Plan expenses directly attributable to a particular participant are allocated to and paid from that participant's account for all current and former participants with an account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range from 4.25% to 9.25%. Interest is recognized as interest income on the accrual basis. Principal and interest are paid ratably through payroll deductions.

CTI 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

1. Description of Plan, continued

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other severance of employment. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Participants who terminate employment and have a vested account balance greater than \$1,000 may choose a lump-sum distribution or partial payments. Prior to January 1, 2023, distributions for participants with vested account balances greater than \$1,000 but not in excess of \$5,000 and who terminated employment and failed to make a distribution election, were paid to an individual retirement account designated by the Plan Administrator. Participants who terminated employment and had a vested account balance greater than \$5,000 could choose a lump-sum distribution or partial payments.

A participant may withdraw up to 100% of his or her vested account balance upon showing a financial hardship exists, as defined by the Plan. Participants may withdraw at any time any rollover contributions made. A participant may make withdrawals from his or her entire vested account balance once the participant reaches age 59 $\frac{1}{2}$. A member of a reserve unit of the United States Armed Forces that is called to active duty, may withdraw up to 100% of their vested account balance during their period of active duty.

Vesting

Participants are 100% vested immediately in their pre-tax and ROTH elective deferral contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on the term of continuous service. A participant is 100% vested after one year of service.

In the event of a partial plan termination the vesting schedule for participants that are involuntarily terminated by the Plan Sponsor is accelerated, resulting in all affected participants becoming 100% vested in employer contributions upon termination. See Note 6 for details of the partial termination of the plan that occurred during the year ended September 30, 2022.

Forfeited Accounts

Forfeited non-vested accounts totaled \$4,920 and \$6,405 at September 30, 2023 and 2022, respectively. Forfeitures may first be used to pay plan expenses. Any forfeitures left after paying plan expenses may be used to reduce future employer contributions. In 2023 and 2022, plan expenses were reduced by \$3,677 and \$10,360; employer contributions were reduced by \$-0- and \$-0- respectively from forfeited non-vested accounts.

Retirement Plan Provisions Under the Secure 2.0 Act of 2022

On December 29, 2022, the Consolidated Appropriations Act of 2023 (CAA) was signed into law. The CAA included a package of retirement provisions referred to as the Secure 2.0 Act of 2022 (SECURE 2.0). SECURE 2.0 builds upon the Setting Every Community Up for Retirement Enhancement Act of 2019, and includes reforms that seek to expand retirement coverage and savings. The new law includes required and optional changes that are applicable to both ERISA and non-ERISA plans with effective dates varying across the provisions. All provisions of SECURE 2.0 will be evaluated and implemented in accordance with future regulations and guidance and the Plan will be amended as needed.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. See Note 10 for details of excess contributions payable to participants.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

2. Summary of Significant Accounting Policies, continued

Date of Management's Review

The Plan has evaluated subsequent events and transactions that would impact the financial statements for the years ended September 30, 2023 and 2022 through July 15, 2024, the date the financial statements were available to be issued. See Note 13 for a description of significant events that occurred after September 30, 2023.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and 2022.

Collective Investment Trusts: Valued at the readily determinable fair value of units of a bank collective trust. Investments held by a collective investment trust are required to be reported at fair value. However, contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying plan. Participant transactions (purchases and sales) occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements, continued

Pooled separate accounts: Valued at the readily determinable fair value of the underlying assets of the separate account plus income accrued but not yet received, less operating expenses accrued but not deducted. Assets allocated to the separate accounts can include, but are not limited to, stocks (both domestic and foreign), bonds, mortgages, real estate, mutual funds, other separate accounts, and cash or cash equivalents as specified in the separate account's investment policy. The custodian owns the underlying investments in the separate accounts. The Plan only owns units of participation. The custodian calculates the unit value of each class of contracts (or rate level) within a separate account through use of a stated formula based on the market value of the underlying assets. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the pooled separate accounts in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2023:

	Assets at Fair Value as of September 30, 2023			
	Level 1	Level 2	Level 3	Total
Collective investment trusts	\$ 5,663,697	\$ -	\$ -	\$ 5,663,697

4. Guaranteed Investment Contracts with Insurance Companies

The Plan is party to a contract with Principal Life Insurance Company to provide a benefit responsive group annuity contract with a fixed rate of interest. The Principal Fixed Income Guaranteed Option is a general account-backed, stable value group annuity contract that can provide a conservative foundation of the retirement program's investment line-up. Benefit payments are made at book value (i.e., no termination or surrender charge adjustments) for plan benefit events and investment transfers initiated by plan participants.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed invest contract. The guaranteed investment contract is presented on the face of the statement of net assets at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS September 30, 2023 and 2022

4. Guaranteed Investment Contracts with Insurance Companies, continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at September 30, 2023 and 2022 was \$455,179 and \$428,253, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The interest rate is reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) when the cumulative percentage of participant transfers from the contract exceeds 20% of the Plan's interest in the contract during the preceding twelve-month period or, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are likely to occur.

The guaranteed investment contract can be terminated by the Plan without a surrender charge by providing 12 months notice of intent to terminate. The contract terminates automatically on the date when both no Guaranteed Interest Balances have been established that are accepting deposits and there are no Guaranteed Interest Balances with a value greater than zero under the contract.

Average yields:	2023	2022
Based on actual earnings	1.75%	1.60%
Based on interest rate credited to participants	1.75%	1.60%

5. Related-Party and Party-in-Interest Transactions

In December of 2022, the Plan ended its relationship with Principal Life Insurance Company and affiliates (Principal) as recordkeeper and custodian for all assets of the Plan except for the Principal Fixed Income Guaranteed Option. All assets of the Plan except for the Principal Fixed Income Guaranteed Option were transferred to the new recordkeeper Mutual of America Life Insurance Company (MOA) and affiliated custodian American Trust Company (formerly Mid Atlantic Trust Company). The Plan continued to maintain its relationship with Principal as custodian for participant accounts invested in the Principal Fixed Income Guaranteed Option as these assets were not transferred to MOA.

For the year ended September 30, 2023, certain Plan investments are units in common collective trusts managed by MOA. MOA is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

Effective February 1, 2022, ChemTran was purchased by an unaffiliated third-party. Substantially all ChemTran employees were transferred to the purchasing entity and their employment by ChemTran was terminated. In accordance with the rules and regulations set forth by ERISA, the IRC, and by Plan documents, these involuntary terminations were considered a partial plan termination. When such an event occurs, the Plan is impacted in the following ways: 1) the number of participants is reduced; 2) the vesting schedule for those participants that are involuntarily terminated by the Plan Sponsor is accelerated, resulting in all affected participants becoming 100% vested in employer contributions upon termination; and 3) a market value adjustment was applied to the insurance company guaranteed interest contract (GIC) for the terminated participants invested in that option though remaining participants continue to transact with the GIC at contract value. The Plan continues to be a viable qualified defined contribution plan for the Plan Sponsor's remaining employees.

Although it has not expressed any intent to do so, the Plan Sponsor continues to have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Effective January 1, 2023, the Plan Sponsor adopted a "pre-approved" plan document written by Mutual of America Financial Group. The IRS communicated by opinion letter dated November 30, 2020 that the pre-approved plan document and related trust adopted by the Plan Sponsor are designed in accordance with applicable sections of the IRC. Pre-approved defined contribution plan documents must be restated in their entirety to include language for changes in applicable laws or regulations every six years. This restatement process incorporates all amendments made to the plan during the past six years into a new plan document. The Plan Administrator believes that the Plan, as designed and amended, is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Effective May 1, 2022, the Plan Sponsor adopted a "pre-approved" plan document written by Principal Life Insurance Company. The IRS communicated by letter dated June 30, 2020 that the pre-approved plan document and related trust adopted by the Plan Sponsor are designed in accordance with applicable sections of the IRC. Pre-approved defined contribution plan documents must be restated in their entirety to include language for changes in applicable laws or regulations every six years. This restatement process incorporates all amendments made to the plan during the past six years into a new plan document. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. There are no uncertain tax positions that require recognition for the years ended September 30, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023 and 2022

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Certified Investments

The following information included in the accompanying financial statements and supplementary information was obtained from data that has been prepared and certified to as complete and accurate by the qualified institutions.

10. Excess Participant Contributions Payable

The Plan failed the ADP/ACP test for the plan year ended September 30, 2023 and therefore recognized a liability for excess contributions payable of \$458 in the statements of net assets available for benefits as of September 30, 2023. The Plan distributed the excess contributions to the impacted highly compensated employee within twelve months following the close of the plan year.

11. Correction of Operational Errors

The Plan Administrator has identified operational errors in the administration of the Plan during the year ended September 30, 2023. The operational errors resulted in missed deferral opportunities for impacted participants. As of September 30, 2023, the Plan Administrator is working to determine the full scope of the operational errors and the exact amounts of the corrective contributions required for each impacted participant. The operational errors are insignificant and, as such, can be corrected under the Self-Correction Program (SCP) of the IRS' Employee Plans Compliance Resolution Program (EPCRS). As of September 30, 2023, funding of the corrective contributions and correction under the SCP are pending and expected to be completed during 2024.

12. Prohibited Transactions

The Plan Administrator has identified fourteen instances of delinquent participant contributions totaling \$160,471, including both contributions and loan repayments, which constitute nonexempt prohibited transactions, during the year ended September 30, 2023. As of September 30, 2023, all delinquent contributions have been remitted to and received by the Plan. The Plan Administrator is working to correct the delinquent contributions under the IRS' Voluntary Fiduciary Correction Program (VFCP). As of September 30, 2023, funding of the corrective contributions and correction under the VFCP are pending and expected to be completed during 2024.
