Independent Auditor's Report

To the Board of Directors
Tom Thumb Food Stores, Inc. Profit Sharing Plan
Hialeah, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tom Thumb Food Stores, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 (in liquidation) and November 30, 2022 (ongoing), and the related statement of changes in net assets available for benefits for the period from December 1, 2022 to September 30, 2023 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of September 30, 2023 (in liquidation) and November 30, 2022 (ongoing), and for the period from December 1, 2022 to September 30, 2023 (in liquidation), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter— Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation on August 9, 2023, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2022 financial statements to the liquidation basis of accounting used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Tom Thumb Food Stores, Inc. Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Tom Thumb Food Stores, Inc. Profit Sharing Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Effective May 31, 2023, the Plan was liquidated and the balance of net assets available for benefits were distributed among the participants as further discussed below.

Effective May 31, 2023, the Plan was amended to freeze the Plan in preparation for termination. On August 9, 2023, the Plan adopted an amendment to terminate and liquidate the Plan. No participants were allowed to enter the Plan after the date of Plan termination. All participants were fully vested in their account balances, and the account balances were liquidated and distributed to participants as soon as administratively practicable after that time.

General

The Plan was adopted and became effective on December 1, 1982. The Plan was a discretionary non-elective employer contribution profit sharing plan established by the Company with participation defined in the following paragraphs.

Contributions

The Company could make a non-elective discretionary contribution to the Plan each year. The amount of discretionary contribution, if any, was determined by the Company each year and allocated to all eligible participants based on their compensation, as defined in the Plan Agreement. Participants were not permitted to make elective contributions. For the period from December 1, 2022 to September 30, 2023, the Company did not make any non-elective contributions into the Plan.

Participant Accounts

Each participant's account was credited with allocations of (a) the Company's contribution and, (b) the Plan's earnings and appreciation in the fair value of investments. Each participant account was deducted for administrative expenses, withdrawals or distributions made to the participants. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Investment Options

All investments were non-participant directed. Northern Trust Company ("Northern Trust"), the Plan's custodian, was authorized to deposit any part or all of the assets of the Plan in various mutual funds to be held and invested by Northern Trust in accordance with the investment guidelines agreed upon between Northern Trust and the Plan Administrator.

Vesting

Vesting was based on years of continuous service. A participant was 20 percent vested after two years of credited service, increasing by 20 percent each year until 100 percent vested upon completing six years of credited service. A year of credited service was defined as a year in which

Tom Thumb Food Stores, Inc. Profit Sharing Plan

Notes to Financial Statements

an employee accrues 1,000 of service or more hours. All participants became fully vested in their accounts balances upon termination of the Plan.

Payment of Benefits

On termination of service, retirement, disability or death, a participant or their beneficiary could have elected to receive an amount equal to the value of the participant's vested interest in his or her accounts. A participant could have elected to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants could have elected to distribute their vested balance to another qualified retirement plan or IRA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying 2022 financial statements of the Plan are prepared on the accrual basis of accounting.

The 2023 financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update ("ASU") 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on August 9, 2023. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in the fair value of investments included the Plan's losses and gains on investments purchased and sold as well as held during the year.

Tom Thumb Food Stores, Inc. Profit Sharing Plan

Notes to Financial Statements

Forfeited Accounts

In accordance with the plan document, forfeitures of terminated participants' nonvested accounts could be used to reduce the Company's matching contribution at year end or to pay Plan expenses. Forfeitures were created when participants terminated employment before becoming entitled to their full benefit under the vesting provisions of the Plan. During the period ended September 30, 2023 and the year ended November 30, 2022, forfeited non-vested amounts totaling \$0 and \$16,129 were used to reduce Company contributions.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

The Company absorbed a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements.

Participant requested transactions such as distribution fees were paid by the participants of the Plan. Investment management fees charged to the Plan for investments in the mutual funds were deducted from the net appreciation in the fair value of investments.

3. Information Prepared and Certified by Custodian

Certain information related to investments disclosed in the accompanying financial statements, including investments held at September 30, 2023 and November 30, 2022, and net appreciation in fair value of investments, and interest and dividends for the period from December 1, 2022 to September 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Northern Trust, a qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- **Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2:** Inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Tom Thumb Food Stores, Inc. Profit Sharing Plan

Notes to Financial Statements

- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at November 30, 2022.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 30, 2022:

November 30, 2022	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 3,000,236	\$ 3,000,236	\$ -	\$ -
Total investments	\$3,000,236	\$ 3,000,236	\$ -	\$ -

5. Related Party Transactions and Party-in-interest Transactions

The Company was the administrator of the Plan, and as such, executed the normal duties associated therewith.

Northern Trust served as the trustee of the Plan, and therefore, investments issued by Northern Trust and held by the Plan and related fees and expenses paid to the trustee qualify as party-in-interest transactions. Ingham Retirement Group served as the record-keeper of the Plan and as such, fees paid for distribution services qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations,

Tom Thumb Food Stores, Inc. Profit Sharing Plan

Notes to Financial Statements

were permitted under the provisions of the Plan and were specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. On August 9, 2023, as described in Note 1, the Company resolved to terminate the Plan effective May 31, 2023. Participants became 100% vested in their accounts as of the termination date.

7. Tax Status

The Plan adopted a pre-approved defined contribution Adoption Agreement from Ingham Retirement Group, which received an opinion letter on January 25, 2021, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. All assets of the Plan were distributed as further discussed in Note 1.

9. Subsequent Events

The Plan has evaluated subsequent events through July 15, 2024, which is the date the financial statements were available to be issued.
