Pine River Domestic Management LP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Pine River Domestic Management LP 401(k) Profit Sharing Plan (the Plan) provides general information about the Plan's provisions. Pine River Domestic Management LP (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company. Eligible employees may enter the plan immediately upon hire.

The Pine River Domestic Management LP Plan Committee (the Committee) is responsible for the general administration of the Plan. Fidelity Management Trust Company is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, the participant's contributions are invested in the applicable lifecycle fund based on the participant's age until the participant changes his or her election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is immediate upon payment.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings. Annual matching contributions are made by the Company as defined by the Safe Harbor provision in the amount of 3% of each participant's

Pine River Domestic Management LP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

eligible annual compensation as well as at the discretion of the Company via profit sharing contributions. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The plan offers both general purpose and primary residence loans to all active participants. The repayment period for a general purpose loan may not exceed 5 years, and the repayment period for primary residence loans may not exceed 15 years.

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. Loans are secured by the participants account balance. The interest rate is fixed at 1% above the prime interest rate as published in the Wall Street Journal at the time of the loan. Participant loans are classified as notes receivable from participants on the Statements of Net Assets Available for Benefits and are valued at their unpaid principal balance, plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Repayments must be made via payroll deduction, and all loans are payable 60 days following the date the participant terminates employment.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are comprised of open-end investment companies held by the Plan and are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

3. Investments

Fidelity Management Trust Company was the trustee of the Plan as of December 31, 2023 and 2022, and has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2023 and the supplemental schedule of assets (held at year end) as of December 31, 2023.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical

Pine River Domestic Management LP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level of input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds are valued using the NAV based on quoted market prices. The NAV is as of the plan year-end.

Common stock, preferred stock, mutual funds, and unit investment trusts, held in self-directed brokerage accounts are valued at the closing price reported on the active market on which the individual securities are traded.

Notes to Financial Statements

December 31, 2023 and 2022

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

	Level 1	Level 2	Level 3	Total

Total assets at fair value	\$ 30,124,247	\$ -	\$ -	\$ 30,124,247

5. Related-Party Transactions

The Plan investments are managed by Fidelity Management Trust Company, who is also the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

6. Risks and Uncertainties

The Plan invests in various mutual funds, and a collective fund that invest in securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt.

Pine River Domestic Management LP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

In accordance with Revenue Procedures 2016-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status.

The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is determined to be more likely than not to be sustained upon examination by the IRS, based on the position's technical merits. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of

December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods in progress.

8. Subsequent Events

Management has evaluated subsequent events through July 9, 2024, the date the financial statements were available to be issued. No events or transactions other than those described below were deemed to have a significant effect on the Plan's financial statements during the above mentioned period.
