Report of Independent Auditors

To the Plan Administrator of the MSC Industrial Direct 401(k) Plan

Opinion

We have audited the financial statements of the MSC Industrial Direct 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MSC INDUSTRIAL DIRECT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF PLAN

The following description of the MSC Industrial Direct 401(k) Plan, as amended (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, sponsored by MSC Industrial Direct Co., Inc. (the “Company”), covering all Employees (as defined in the Plan document), including Employees of participating subsidiaries, who meet certain age and service requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Administrative Committee of the MSC Industrial Direct 401(k) Plan is responsible for the administration of the Plan. T. Rowe Price Trust Company is the Plan trustee and T. Rowe Price Retirement Plan Services, Inc. is the recordkeeper for the Plan.

Eligibility

An Employee is eligible for participation in the Plan on the first day of the month following one full calendar month of service, or anytime thereafter, and must be at least 18 years of age. Both full-time and part-time Employees are eligible to join the Plan.

Participation and Contributions

The Plan is funded by employee and employer contributions. Participants may elect to make pre-tax or Roth after-tax (“Roth”) contributions of between 1% and 40% of their Annual Compensation (as defined in the Plan document). The maximum annual contribution a participant could make into the Plan, as established by the Internal Revenue Code of 1986, as amended (the “Code”), was \$22,500 during 2023. In addition, the Plan permits catch-up contributions of \$7,500 by participants who have attained age 50 by December 31 of each year. Participants may also roll over amounts representing distributions from other qualifying plans. Participants are immediately vested in their pre-tax, Roth and rollover contributions. On January 9, 2023, the Company acquired Buckeye Industrial Supply Co. (“Buckeye”) and Tru-Edge Grinding, Inc. (“Tru-Edge”) and on such date, 86 participants and beneficiaries became 100% vested with respect to their account balances and the Buckeye Industrial Supply Company Profit Sharing Plan and Trust was legally terminated and liquidated by the sellers. As part of the plan termination, participants were given several options as to how their account balances could be disbursed, including the option to rollover their plan balances to the Plan. Such rollovers to the Plan occurred during the 2023 Plan year and are included within Rollovers on the Statement of Changes in Net Assets Available for Benefits for the year ending December 31, 2023. Further, the Plan was amended to provide certain former employees of Buckeye and Tru-Edge, who were hired by the Company in connection with the acquisition, with eligibility and vesting service credit for prior service with Buckeye and Tru-Edge and their affiliates and predecessors.

Participants direct the investment of their contributions, employer discretionary matching contributions and employer discretionary profit sharing contributions into various investment options offered by the Plan. Participants may currently direct contributions into 25 mutual funds and two common collective trusts. Additionally, participants may direct contributions into the purchase of the Company’s Class A Common Stock.

The Employer (as defined in the Plan document) may make a discretionary matching contribution to the Plan accounts of eligible participants. For 2023, the Employer made a discretionary matching contribution of 50% of the first 6% of a participant’s pre-tax and Roth contributions. The Employer may also make a discretionary profit sharing contribution to the Plan accounts of eligible participants to be allocated in the same ratio as each eligible participant’s compensation bears to the total of such compensation of all eligible participants. No discretionary profit sharing contributions were made in 2023. In general, participants must have completed 1,000 hours of service during a calendar year and be employed on the last day of the Plan year to be eligible to share in the allocation of any discretionary profit sharing contributions. Also, a participant must be employed on the last day of the Plan year to be eligible for any discretionary true-up of matching contributions at the end of the Plan year. The discretionary true-up of matching contributions occurs when a participant reaches the Code’s maximum annual contribution limit before December 31, resulting in a difference between what the Employer contributed compared to the full Employer match for the Plan year.

Active participants vest in annual Employer contributions as follows:

Completed Years of Service	Vested Percentage
Less than 1	0 %
1 but less than 2	33 1/3 %
2 but less than 3	66 2/3 %
3 or more	100 %

MSC INDUSTRIAL DIRECT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

Upon a participant's attainment of age 65 while in service or termination of service due to death or becoming Disabled (as defined in the Plan document) or a termination of the Plan, 100% vesting occurs.

Participant Accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions and allocations of (1) the Company's contributions, if any, and (2) earnings and losses from applicable investment performance, and, if not paid by the Employer, administrative expenses. Pre-tax and Roth contributions are maintained separately for participants.

Forfeitures

Forfeited balances of terminated participants' non-vested employer contributions are used to pay administrative expenses of the Plan or to reduce future employer discretionary matching contributions and future employer discretionary profit sharing contributions. As of December 31, 2023 and 2022, the forfeiture balances not allocated to pay administrative expenses were \$8,688 and \$43,761, respectively. During the years ended December 31, 2023 and 2022, forfeited non-vested accounts of \$144,850 and \$158,707, respectively, were used to reduce employer discretionary matching contribution obligations.

Notes Receivable from Participants

The Plan has a loan provision which allows participants to borrow from the Plan. The minimum loan amount is \$1,000, and the maximum loan amount is generally 50% of a participant's total vested account balance, not to exceed \$50,000. Interest is charged at a rate established by the Plan and is normally fixed at origination at the prime rate plus 1% (effective rate of 9.50% at December 31, 2023). Interest rates on outstanding loans as of December 31, 2023 and 2022 ranged from 4.25% to 9.50%. Interest paid by a participant on an outstanding loan is paid directly into the participant's account. Principal and interest is paid ratably through payroll deductions. The repayment period cannot exceed five years unless the loan is used to acquire a participant's principal residence, in which case the repayment period cannot exceed 10 years (except for certain of such loans that were rolled over into the Plan from another tax-qualified plan). A participant can have a maximum of two loans outstanding from the Plan at any given time.

Withdrawals

The Plan permits a participant to withdraw participant pre-tax, Roth, vested discretionary matching and vested discretionary profit sharing contributions to the extent necessary to satisfy the participant's Hardship (as defined in the Plan document). In addition, the Plan permits participants who have attained age 59-1/2 to make in-service withdrawals from the Plan.

Payment of Benefits

At death, upon becoming Disabled, or at retirement or termination, participants (or their designated beneficiaries) are entitled to receive benefits equal to their vested account balances. In general, participants may elect to defer their distribution or to receive vested benefits in the form of a lump sum distribution, installment payments or a direct rollover to an Individual Retirement Account ("IRA") or an eligible retirement plan. However, if a participant's vested account balance is \$5,000 or less, the participant may not defer distribution and may elect to receive a partial distribution, a lump sum distribution, or a direct rollover to an IRA or an eligible retirement Plan. If no such election is made and the participant's vested account balance is greater than \$1,000, but not more than \$5,000, the participant's vested account balance will be directly rolled over into an IRA established by the Plan administrator for the participant's benefit. If the participant's vested account balance is \$1,000 or less and no election is made, the benefit will be paid in a lump sum distribution.

Plan Expenses

Expenses for investment and other costs are generally paid by the Plan. Expenses for recordkeeping are deducted directly from the participant's account on a quarterly basis and are included in administration fees and other. Fees for annual independent audit, counsel, and other specialists are generally paid by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records and financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan investment options include various investment securities. Market values of investments may decline for a number of reasons, including changes in prevailing market conditions and interest rates, increases in defaults, and credit rating downgrades. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment balances will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments with each participant-directed fund election are further diversified into varied financial instruments, with the exception of investments in the Company's Class A Common Stock under the Plan. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who makes such decisions.

As of December 31, 2023 and 2022, approximately 3% of the Plan's net assets available for benefits were invested in the Class A Common Stock of the Company (quoted market prices of \$101.26 and \$81.70 per share, respectively).

Investment Valuation and Income Recognition

The investments are stated at fair value as determined by quoted market prices on the last business day of the Plan year, except investment assets in common collective trusts, which are determined by the net asset value (the "NAV") based on the fair value of the underlying assets held in the fund.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Benefit Payments

Benefits are recorded upon distribution. As of December 31, 2023 and 2022, there were \$630 and \$97,471, respectively, of unpaid distributions allocated to the accounts of participants who have elected to withdraw from the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (the "IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants before March 15, 2024.

3. FAIR VALUE MEASUREMENTS

In accordance with accounting principles generally accepted in the United States, each of the Plan's fair value measurements is categorized into one of the following three levels based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels are defined as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MSC INDUSTRIAL DIRECT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for each major class of assets measured at fair value.

Mutual Funds: Valued at the closing price reported on active markets as derived from the NAV of shares held by the Plan at year-end and are classified as Level 1 investments. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of the individual mutual funds.

Common Collective Trusts: The common collective trust investments include the Stable Value Fund and the Equity Income Trust. Fair value for these investments is determined by the NAV based on the fair value of the underlying funds. The NAV, as provided by the Plan trustee, has a readily determinable fair value and has accordingly been classified as a Level 1 investment.

Certain events could limit the ability of the Plan to transact at contract value with a common collective trust. Such events include the following: (1) total or partial Plan termination; (2) changes to the Plan's prohibition on competing investment options; (3) mergers; (4) spin-offs; (5) lay-offs; (6) early retirement incentive programs; (7) sales or closings of all or part of a participating plan sponsor's operations; (8) bankruptcy; (9) receivership; or (10) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no imposed redemption restrictions nor does the Plan have any contractual obligations to further invest in any of the individual trusts.

MSC Industrial Direct Co., Inc. Class A Common Stock: Valued at the closing price of the Company's Class A Common Stock reported on the New York Stock Exchange and is classified as a Level 1 investment.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

<u>Investments at Fair Value as of December 31, 2023</u>

Total Investments at Fair Value	<u>\$ 529,400,824</u>	<u>\$ 529,400,824</u>

4. INCOME TAX STATUS

The Plan is maintained through the adoption of a pre-approved plan that has received an opinion letter from the IRS dated August 19, 2020, stating that the form of the plan is qualified under Section 401(a) of the Code and therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS opinion letter with respect to qualified status of the Plan. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and trusts managed by T. Rowe Price. T. Rowe Price is the trustee pursuant to the Plan and, therefore, these transactions qualify as permitted party-in-interest transactions. These investments represented \$216,492,223, or 34% of total net assets available for Plan benefits at fair value at December 31, 2023, and \$247,638,222, or 46% of total net assets available for Plan benefits at fair value at December 31, 2022.

Plan investments in shares of Class A Common Stock issued by the Company were \$16,892,098, or 3% of total net assets available for Plan benefits at fair value at December 31, 2023, and \$14,402,521, or 3% of total net assets available for Plan benefits at fair value at December 31, 2022.

T. Rowe Price provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement between the Company and T. Rowe Price. T. Rowe Price receives revenue from mutual fund and collective trust service providers for services T. Rowe Price provides to the funds. The revenue received by T. Rowe Price from such mutual fund or collective trust service providers is remitted to the Plan's participants on a quarterly basis.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
