INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Panek Precision Products LLC, 401(k) Plan
Northbrook, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Panek Precision Products LLC, 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 20CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Panek Precision Products LLC, 401(k) Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting; this includes determining that the modified cash basis of accounting is an acceptable basis of preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Panek Precision Products LLC, 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of Panek Precision Products LLC, 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Panek Precision Products LLC, 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year for the year ended September 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Note 1 DESCRIPTION OF PLAN

The following description of the Panek Precision Products LLC, 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Panek Precision Products LLC (the "Plan Sponsor") who have completed at least six months of service and are age eighteen or older. Participants may join the Plan during open enrollment on the April 1 or October 1 after meeting these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is administered by the owners of the Plan Sponsor. Sentry Life Insurance Company ("Sentry" or the "Trustee") is responsible for custody and management of the Plan's assets.

Contributions

Participant Contributions

Eligible employees may contribute up to 15% of pre-tax annual compensation, as defined in the Plan, up to statutory limits. Contributions must be made through payroll deductions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Matching Contributions

Effective October 1, 2022, the Plan was amended to include an Employer Safe Harbor Contribution election. Panek Precision Products, LLC will make a safe harbor matching equal to 100% of the employee's elective deferrals that do not exceed 4% of the employee's compensation. This safe harbor matching contribution is 100% vested. Panek Precision Products LLC also may make a discretionary additional matching contribution. If this occurs, the discretionary additional matching contribution will not apply as to elective deferrals exceeding 6% of the employee's compensation. The total discretionary additional matching will not exceed 4% of the employee's compensation.

Participant Accounts

Each participant's account is funded with the participant's contributions and allocations of the Company's contributions, if any, and Plan earnings, losses and expenses. Allocations are based on participant account balances, as defined by the Plan. Participants are entitled to the vested portion of their account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are vested in the Plan Sponsor's matching and discretionary contributions, plus actual earnings thereon, based on years of service. Participants are vested in Plan Sponsor contributions over a six-year vesting schedule.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and maximum of the lesser of $50,000 or 50% of their account balance. These loans may be used for a maximum of ten years for purchase of a primary residence

Note 1 DESCRIPTION OF PLAN (continued)

or five years for all other loans. The loans are secured by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. For 2023 and 2022, the interest rate was 8.0% and 8.0%, respectively.

Participants may only have one loan outstanding at any given time. Principal and interest are repaid through payroll deductions.

Investment Options
Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in any of the then available investment fund options. Participants may change or transfer their investment options at any time via an investment election change form.

Payment of Benefits
Vested account balances are payable upon retirement, death or disability, or termination of employment. In-service distributions are also permitted after meeting certain requirements in accordance with Plan provisions. Distributions may be made in a lump sum payment, a series of installment payments, or partial payments. Participants may elect to leave the balance in their account for withdrawal at a later point in time after meeting certain requirements in accordance with Plan provisions.

Forfeitures
Forfeited balances of terminated participants' non-vested accounts are first used to pay administrative expenses, then allocated to active participants as an additional profit sharing contribution. Forfeited amounts at September 30, 2023 and 2022 totaled $0 and $0, respectively.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The Plan's financial statements are prepared using the modified cash basis of accounting, which is the cash basis of accounting except for investments (which are adjusted to fair value). The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP").

Management Estimates
The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments, other than the guaranteed fund, are reported at fair value (see Note 3). Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when received. Net appreciation/(depreciation) includes the Plan's realized gains and losses on investments bought and sold, and held at year-end.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Guaranteed Fund is a stable principal account that is composed of fully benefit-responsive investment contracts that is valued at the net asset value of units of the insurance company annuity contract. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the guaranteed fund, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of September 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments and Distributions
Benefits and distributions are recorded when paid.

Operating Expenses
Substantially all expenses of maintaining the Plan are paid by the Plan Sponsor. Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds, respectively. Certain participant services and recordkeeping fees are charged to the participant's account.

Note 3 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Pooled separate accounts are valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

Note 3 FAIR VALUE MEASUREMENT (continued)

The Plan's pooled separate accounts at September 30, 2023 and 2022 are noted in the following table:

Account	Fair Value -- 9/30/2023	Fair Value -- 9/30/2022	Redemption Frequency (if Currently Eligible)	Redemption Notice Period

The Plan has investments in various pooled separate accounts which invest in equity, fixed income, and target date funds. The objective of those investment vehicles invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of the investment vehicles invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of the investment vehicles invested in target date funds is to

Note 3 FAIR VALUE MEASUREMENT (continued)

provide various levels of asset allocations which become more conservative over time so participants can stay with the same fund before and after selected retirement dates. These investment vehicles are generally redeemable at net asset value under agreements with the underlying investment vehicles. However, it is possible that these redemption rights may be restricted by these investment vehicles in the future in accordance with underlying agreements. There were no unfunded commitments at September 30, 2023 or 2022.

Investments Measured at Contract Value

As of September 30, 2023 and 2022, the Plan had entered into fully benefit-responsive guaranteed investment contracts with Sentry Life Insurance Company totaling $1,962,666 and $1,744,549. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value on a daily basis.

The Guaranteed Fund provides a guaranteed rate of return at the rate and for the duration that is communicated to the customer. The assets held in the Guaranteed Fund may be subject to surrender charges or a market value adjustment upon withdrawal as described in the contract. The guaranteed interest rate set by Sentry is discretionary. Crediting rates are not based directly on the actual performance of the underlying securities in the Guaranteed Fund, but rather determined in the contract. Crediting interest rates reset at least as frequently as annually. The interest rate for the years ended September 30, 2023 and 2022 were 2.45% and 2.35%, respectively. The Guaranteed Fund is designed to offer the participants a fixed rate of return with no risk of loss of principal except as subject to charge upon withdrawal as described in the contract. The rate could be influenced by the performance of the underlying investments held by Sentry.

Note 4 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are pooled separate accounts or a guaranteed fund managed by Sentry. Sentry is the Trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for loan administration services and distribution services totaled $260 and $635 for the years ended September 30, 2023 and 2022. Participant loans also qualify as party-in-interest transactions.

Note 5 PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

Note 6 TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Panek Precision Products Co. (predecessor to the Plan Sponsor) by an opinion letter dated March 31, 2014, that the Plan and related trust, as then designed, were in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Note 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 ERISA Section 103(a)(3)(c) AUDIT

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information was certified as complete and accurate by the Trustee, Sentry Life Insurance Company, for the years ended September 30, 2023 and 2022:
