Independent Auditor's Report

To the Plan Administrator and Participants of
Virco Mfg. Corporation 401(k) Plan:

Opinion

We have audited the financial statements of Virco Mfg. Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Virco Mfg. Corporation 401(k) Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Virco Mfg. Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Virco Mfg. Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Virco Mfg. Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Virco Mfg. Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Virco Mfg. Corporation 401(k) Plan

Notes to the Financial Statements

December 31, 2023

1. Plan Description

The following description of the Virco Mfg. Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Virco Mfg. Corporation ("Virco" or the "Company") established the Plan on April 1, 1993 to comply with section 401(a) of the Internal Revenue Code (the "IRC") as a profit sharing plan subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is designed to enable employees to save for retirement and defer payment of income taxes on the amount invested and earnings thereon. A Plan committee comprised of at least two persons appointed by the Company's Board of Directors administers the Plan.

The trustee, Reliance Trust Company ("Reliance Trust"), invests the Plan's assets at the direction of the participants and makes distributions to participants.

Eligibility

Employees of the Company excluding leased employees, non-resident aliens, certain part-time or seasonal employees, or employees covered by a collective bargaining agreement not expressly providing inclusion in the Plan, are eligible to participate in the Plan if they have attained at least 18 years of age and have completed two months of eligible service.

Contributions

Eligible employees may defer 1% to 75% of eligible compensation on a pre-tax basis, limited to \$22,500 in 2023 as prescribed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of \$7,500.

Effective January 1, 2022, the Company initiated a discretionary employer match, in the Virco Manufacturing Company Stock Fund, limited to 100% of first 1% and 50% of next 5% of the amount deferred by the employee. The Company may also make additional employer contributions to the Plan at its sole discretion. Any contribution may be made in cash or in shares of Company common stock. The total amount of Company contributions cannot exceed the amount deductible by the Company for federal income tax purposes.

Participant Accounts

Participants can direct their account balances into a variety of investments offered by Reliance Trust, including shares of Virco Unitized Stock. The Virco Unitized Stock is a unitized investment which consists of Virco common stock and investment in a money market fund. Investment election changes may be made on a daily basis. Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, if any, and an allocation of the Plan's earnings (losses) and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant or beneficiary may elect to receive a lump-sum amount equal to the participant's vested account balance. Additionally, participants still employed by the Company who have reached 59 ½ years of age may take an in-service distribution from their elective deferrals made to the Plan. Participants eligible for distributions may elect that their vested balance be rolled over into another eligible retirement plan. Account balances less than \$1,000 can be distributed in a single lump-sum cash payment to the participant or beneficiary; balances less than \$5,000 but greater than \$1,000 will automatically be rolled over to an IRA at the discretion of the Company.

Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of the participant's vested value of his or her contribution and earnings as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

Vesting

A participant is immediately 100% vested in the value of his or her contributions and earnings thereon. Additionally, a participant is automatically 100% vested in the value of all employer contributions on the participant's 65th birthday, death, or if the participant becomes permanently disabled while still employed by the Company. However, if employment terminates before the age of 65 for a reason other than death or disability, the participant's vesting in the value of any matching or other Company contributions will be based upon the participant's years of vesting service and in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0 %
2	100 %

The amount to which the participant is not vested is subject to forfeiture in accordance with the provisions of the Plan. Forfeitures may be used to pay administrative expenses or to reduce matching contributions. At December 31, 2023 and 2022, the amount of forfeitures used were approximately \$28,000. At December 31, 2023 and 2022, forfeitures of approximately \$21 and \$20 were available to offset future employer contributions or Plan expenses.

Voting Rights

All shares of Company common stock allocated to participant accounts are voted by Reliance Trust in accordance with the participant's instructions. Allocated shares not voted by participants are treated as "non-votes".

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum and certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended to ten years. Participant loans, when initiated, bear interest at the prime rate as of the beginning of quarter in which the loan was originated plus 1%. The interest rate on outstanding loans at December 31, 2023 ranged from 4.25% to 9.50% per annum, and loans mature through 2030.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all direct expenses of the Plan are paid by the Plan sponsor, Virco Mfg. Corporation. Certain indirect expenses are included in the transaction prices of the investments bought and sold and are not separately identified in the statement of changes in net assets available for benefits.

3. Investments

Plan assets are held by Reliance Trust at December 31, 2023 and 2022. Upon enrollment in the Plan, a participant may direct employee contributions among any or all of the investment options.

Participants may change investment choices any business day by transferring a percentage from one investment alternative to another effective as of the end of any business day. The investments in mutual funds and common collective trusts are valued at the closing net asset value ("NAV") per share as determined by the appropriate fund portfolio on a daily basis.

The MetLife Reliance Stable Value Fund (the "SVF") is a common collective trust investing primarily in certain MetLife group annuity contracts offered by Metropolitan Life Insurance Company. The SVF is valued at fair value based on the NAV of the

underlying investments. The NAV per unit is computed by dividing the total assets of the SVF, less its liabilities, by the total number of units outstanding at the time of such computation.

Certain events limit the ability of the Plan to transact at NAV (contract value) with the issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any of the events which could limit the Plan's ability to transact at contract value with participants are probable of occurring.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market fund: Valued at the NAV of the fund at year end. NAV is also the quoted market price as of the reporting date.

Common collective trusts: Investments in common collective trusts are valued at NAV, which are based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. The common collective trusts have no unfunded commitments as of December 31, 2023, and can be redeemed daily with no redemption notice period or other redemption restrictions.

Mutual funds: Valued at the NAV of shares held by the Plan at year end. NAV represents the sum of the underlying investments and represents the price at which the funds are traded on active markets.

Common stock: Valued at the closing price reported in the active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Virco Mfg. Corporation common stock	\$ 16,066,902	\$ —	\$ —	\$ 16,066,902
Money market fund held by Virco Unitized Stock	430,442	—	—	430,442
Mutual funds	11,800,038	—	—	11,800,038
Common collective trusts	—	29,989,482	—	29,989,482
Total investment assets at fair value	<u>\$ 28,297,382</u>	<u>\$ 29,989,482</u>	<u>\$ —</u>	<u>\$ 58,286,864</u>

	Investment Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Virco Mfg. Corporation common stock	\$ 5,740,449	\$ —	\$ —	\$ 5,740,449
Money market fund held by Virco Unitized Stock	168,228	—	—	168,228
Mutual funds	8,316,380	—	—	8,316,380
Common collective trust	—	24,569,709	—	24,569,709
Total investment assets at fair value	<u>\$ 14,225,057</u>	<u>\$ 24,569,709</u>	<u>\$ —</u>	<u>\$ 38,794,766</u>

The shares of Virco Unitized Stock are valued on a unitized basis and hold Virco Mfg. Corporation common stock and a money market fund. Unitization of the investment allows for daily trades and the value of a unit reflects the combined value of the Virco Mfg. Corporation common stock and the money market fund held in the fund. At December 31, 2023 and 2022, this investment held 1,331,249 shares and 1,265,586 shares of Virco Mfg. Corporation common stock, respectively.

5. Risks and Uncertainties

The Plan's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Related Party Transactions

Certain Plan investments are managed by Reliance Trust as of December 31, 2023 and 2022. Reliance Trust is the trustee as defined by the Plan and, therefore, these investments and investment transactions qualify as party-in-interest transactions. Certain investment fees are paid by the trustee and are reflected in the net investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Additionally, the Plan sponsor, Virco Mfg. Corporation, is a party-in-interest to the Plan; however, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

7. Income Tax Status

Effective December 4, 2015, the Plan was restated utilizing the Automatic Data Processing ("ADP") Defined Contribution Plan Non-standardized 401(k) Profit Sharing Plan document. ADP received an opinion letter dated October 6, 2020, in which the Internal Revenue Service ("IRS") stated that as of that date the Plan document was designed in compliance with the applicable

requirements of the IRC. The Plan has been amended since that date, however, the Plan Administrator believes the Plan continues to be operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Effective July 1, 2022, the Plan was amended and restated to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37 and other legal requirements. The Effective Date of this amendment and restatement shall be the first day of the month following the date on which this amendment and restatement is executed; provided that if this amendment and restatement is executed in the last month of the Cycle 3 restatement adoption period established by the Internal Revenue Service for preapproved plans, the effective date of this amendment and restatement shall be the last day of said Cycle 3 restatement adoption period.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right to change or discontinue the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the participants will become fully vested in their accounts.

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the Plan's financial statements to amounts included in the Plan's Form 5500:

	December 31
