INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Bethany Nursing Home, Inc. 401(k) Plan
Canton, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bethany Nursing Home, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Capital Bank and Trust Company, the custodian of the Plan, a qualified institution, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as identified in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the table of contents as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of Bethany Nursing Home, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Bethany Nursing Home, Inc. (the Company, Plan Administrator, and Plan Sponsor) who have attained the age of 21 and completed a year of service. A year of service, as defined by the Plan document, will be earned if an employee works 1,000 hours during the twelve month period immediately following their date of hire. A year of service can also be earned by working at least 1,000 hours during any Plan year beginning after an employee's date of hire. Employees who are nonresident aliens or union employees are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to 100% of their eligible compensation as defined by the Plan on a pre-tax or after-tax basis. The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. The Plan provides for a discretionary employer matching contribution. For the year ended December 31, 2022 there was employer discretionary matching of 100% of the first 4% of eligible compensation that a participant contributed to the Plan. Employees are eligible for a discretionary profit sharing contribution if they have completed at least 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. There were no profit sharing contributions during the year ended December 31, 2022. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, and an allocation of the Company's discretionary employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant account earnings, compensation, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2022 and 2021 and Year Ended December 31, 2022

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. The discretionary Company matching and profit sharing contributions vest based on years of credited service after two years at a rate of 20% per year and are fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to Plan provisions. Notes receivable terms range from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate. Interest rates on notes receivable ranged from 3.25% to 5.50% at December 31, 2022. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon attaining age 59½ or upon termination of service, the participant may elect to receive a lump-sum distribution in an amount equal to the value of the participant's vested interest in his or her account. If the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will be automatically distributed without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Sponsor.

Active participants may request hardship withdrawals from their vested account balance, subject to Plan provisions.

Forfeitures

Forfeitures are used to pay Plan expenses or to reduce discretionary employer contributions. Unallocated forfeiture balances as of December 31, 2022 and 2021 were \$5,318 and \$5,266, respectively. No forfeitures were used during the year ended December 31, 2022.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the custodian from the Company. Any contributions attributable to the Plan year but not received by the last day of the Plan year are recorded as a receivable.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability and a corresponding reduction to contributions. The Plan distributed \$2,401 in excess contributions payable at December 31, 2022 to the applicable participants prior to March 15, 2023.

Payment of Benefits

Benefits are recorded when paid.

BETHANY NURSING HOME, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021 and Year Ended December 31, 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments on the accompanying statement of changes in net assets available for benefits.

Income Taxes

The Company adopted a non-standardized pre-approved profit sharing plan with a cash or deferred arrangement which received an opinion letter from the IRS dated June 30, 2020 stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE C - CERTIFICATION

Investment information and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022 was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian.

BETHANY NURSING HOME, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021 and Year Ended December 31, 2022

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

As of December 31, 2022 and 2021, the fair value of the mutual funds and money market fund valued at Level 1 was \$1,495,251 and \$1,616,934, respectively.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

The mutual funds and money market fund are valued at the net asset value of shares held by the Plan at year end as reported on the active markets in which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurements as of the reporting date.

BETHANY NURSING HOME, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021 and Year Ended December 31, 2022

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their total participant account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include the investment in the funds of the custodian, and related interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

The American Funds are managed by Capital Group. Capital Group receives revenue for these services, including the day-to-day operation of the Plan for ongoing administrative services, such as recordkeeping, compliance, and Plan document services. This revenue is credited at rate per investment ranging from 0.85% to 1.30% of the funds' balances. These fees reduce the rate of return credited to the Plan for these investments and are included within net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

NOTE H - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than fifteen business days following the end of the month in which amounts are withheld from wages. The Plan Sponsor did not remit employee contributions to the custodian, in accordance with ERISA during 2017 of \$2,872. The Plan Sponsor did not remit participant loan repayments to the custodian, in accordance with ERISA during 2018 of \$246. The 2017 delinquent employee contributions and 2018 delinquent participant loan repayments were remitted during 2018, and lost earnings were remitted during 2020. The Plan Sponsor did not remit employee contributions to the custodian, in accordance with ERISA during 2022 of \$7 which was not corrected as of December 31, 2022.

The following is a reconciliation of the net decrease per the financial statements to the net income (loss) per Form 5500 for the year ended December 31, 2022:

Net decrease per the financial statements	(\$ 137,069)
Excess contributions payable (a)	<u>2,401</u>
Net income (loss) per Form 5500	<u>(\$ 134,668)</u>

(a) Excess contributions payable are recorded on Form 5500 when paid.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 10, 2024, the date which the financial statements were available to be issued.

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included SECURE 2.0 Act of 2022 (SECURE Act 2.0). SECURE 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.
