INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Lift-All Company, Inc. Profit Sharing Plan
Landisville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Lift-All Company, Inc. Profit Sharing Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Lift-All Company, Inc. Profit Sharing Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Lift-All Company, Inc. Profit Sharing Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Lift-All Company, Inc. Profit Sharing Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Lift-All Company, Inc. Profit Sharing Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and assets (acquired and disposed of within year), as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lift-All Company, Inc.
Profit Sharing Plan
NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of the **Lift-All Company, Inc. Profit Sharing Plan** (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a discretionary profit sharing plan with a 401(k) salary deferral provision covering all eligible employees of Lift-All Company, Inc. (the Corporation) and the former employees of Riggers Service, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants elect to defer a portion of compensation up to maximum allowable legal limits. Participants may change the rate of their 401(k) contributions at any time during the year by filing an advance written notice with the Plan Administrator. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in the T. Rowe Price Retirement Fund with the target date closest to the year in which the participant turns age 65, until changed by the participant.

The Corporation contributes a discretionary matching contribution of 100 percent of the first 2 percent of base compensation, and 50 percent of the 3rd and 4th percent of base compensation that a participant contributes to the Plan. Additional profit sharing contributions may be contributed at the option of the employer. The Corporation's profit sharing contribution, if any, is allocated to each eligible member who had at least 1,000 hours of service during the Plan year and who was employed on the last day of the Plan year. The Corporation's profit sharing contribution is allocated to each eligible participant in proportion to compensation. Employer matching contributions for the years ended December 31, 2023 and 2022, were \$366,403 and \$325,713, respectively. For the years ended December 31, 2023 and 2022, no profit sharing contributions were made by the employer. The Corporation's contributions are invested as directed by the participant in the same investment options selected for employee deferrals. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A record-keeping account is established in each participant's name to show the value of his/her retirement benefit. Each participant's account is credited with the participant's contributions and the Corporation's matching contributions, as well as allocations of the Corporation's discretionary profit sharing contribution (if any) and Plan earnings. In addition, forfeitures of profit sharing from accounts of participants who have withdrawn from participation are allocated to individual participant's accounts. Subtractions from participant accounts include withdrawals made by the participant and the participant's share of investment losses and Plan expenses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Eligibility

An employee (other than an excluded employee) becomes a participant in the Plan on the first day of the month coinciding with the completion of six months of service and attainment of age 18.

Vesting

Elective deferrals, rollover contributions, Corporation matching contributions, plus or minus any earnings or losses are 100% vested.

If participation in the Plan terminates other than by retirement, disability, or death, the amount payable from the profit sharing account and related earnings is based upon the following vesting schedules:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

If a participant terminates before his/her profit sharing account is fully vested, the non-vested portion of his/her account is forfeited. Forfeitures are reallocated to active members or used to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan will bear a reasonable rate of interest as determined by the trustee and based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are available to assist participants in raising funds to meet certain immediate and heavy financial needs. All other provisions of the loan policy apply.

Notes receivable from participants outstanding amounted to \$288,616 and \$361,747 at December 31, 2023 and 2022, respectively, and accrued interest on the notes amounted to \$-0- at December 31, 2023 and 2022. Interest income on the notes is recorded when the payments are withheld from the participants. Any interest that is withheld but not received by the Plan prior to year end is accrued and reflected as interest on notes receivable from participants in the accompanying statements of net assets available for benefits.

Payment of Benefits

Normal Retirement - A participant's account is 100% vested and payable upon retirement at age 65.

Lift-All Company, Inc.
Profit Sharing Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 1 - DESCRIPTION of PLAN (Continued)

Payment of Benefits (Continued)

Late Retirement - If a participant continues working after his/her normal retirement date, he/she will remain in the Plan as an active member. The participant's account is 100% vested and will become payable when he/she actually retires from active employment, subject to minimum distribution rules at age 73 and 72 for the years ended December 31, 2023 and 2022, respectively, under the Setting Every Community Up for Retirement Enhancement (SECURE) Act.

Early Retirement - A participant may retire early and his/her account is 100% vested after he/she attains age 59½ and completes six years of service.

Disability Retirement - If a participant becomes disabled and is unable to continue working, his/her account is 100% vested, regardless of the number of years of service.

Death Benefits - If a participant dies while an active member of the Plan, his/her account is 100% vested and payable to the designated beneficiary. If the participant is married, his/her spouse will automatically be the beneficiary unless he/she specifies otherwise with the written consent of the spouse.

Payment Options - Upon retirement, disability, death, or termination of employment, the participant's account may be paid as soon as administratively possible in a lump sum. The Plan Administrator can automatically issue lump sum payments for amounts up to \$5,000.

Hardship Withdrawals - May be requested from the Plan in the event of financial hardship in the amount not to exceed the participant's 401(k) contribution without investment earnings. The amount of the hardship withdrawal may not exceed the amount of financial hardship after all other financial resources have been exhausted.

Forfeited Accounts

When a participant terminates before becoming 100% vested, the portion of his/her profit sharing account to which he/she is not entitled may be allocated to the remaining participants in proportion to compensation or used to reduce employer contributions. Forfeitures of \$-0- were used to reduce employer contributions during both years ended December 31, 2023 and 2022.

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Lift-All Company, Inc.
Profit Sharing Plan
NOTES to FINANCIAL STATEMENTS

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

Investments are reported at fair value as determined and certified by the Plan's trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded for purposes of Form 5500 reporting. However, for purposes of the financial statement, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from plan participants and the matching contributions from the Employer are recorded in the year which the employee contributions are withheld from compensation.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions to the applicable participants before March 15, 2024 and March 15, 2023, respectively.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. The remaining administrative costs are allocated to Plan participants. In addition, fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 - CERTIFICATION by TRUSTEE and PLAN INVESTMENTS

Reliance Trust Company held the Plan assets at December 31, 2023 and 2022, and for the years then ended. The following information was certified as complete and accurate by the Plan's trustee under 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	2023	2022
Investments at Fair Value:		
Common Collective Stable Value Trusts	529,724	1,381,250
Registered Investment Companies	<u>24,824,915</u>	<u>22,408,321</u>
Total Investments	25,354,639	23,789,571
 Notes Receivable from Participants	 288,616	 361,747

Interest and dividend income for the years ended December 31, 2023 and 2022, totaled \$1,288,735 and \$2,122,092, respectively. During the years ended December 31, 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$2,419,165 and \$(6,813,949), respectively.

The Plan earned interest income of \$19,115 and \$16,823 on notes receivable from participants for the years ended December 31, 2023 and 2022, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Lift-All Company, Inc.
Profit Sharing Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common Collective Stable Value Trust: Valued based on the current market value of the shares of the underlying investments held by the Plan at year end.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Common Collective Stable Value Trust	-0-	529,724	-0-	529,724
Registered Investment Companies	<u>24,824,915</u>	<u>-0-</u>	<u>-0-</u>	<u>24,824,915</u>
Total Assets at Fair Value	24,824,915	529,724	-0-	25,354,639

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

NOTE 5 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - RELATED PARTY TRANSACTIONS and PARTY-in-INTEREST TRANSACTIONS

As previously discussed, the Plan may issue loans to participants that are secured by participant account balances. All of these transactions qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account balance of each affected participant shall be 100% vested and nonforfeitable. The amount of the fund assets shall be allocated to each participant subject to provisions for expenses of administration of the liquidation, in the ratio that such participant's account bears to all accounts.

NOTE 8 - TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and trust tax-exempt.

US GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
