Independent Auditor's Report

To the Board of Trustees of
Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by the state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Reliance Trust Company as of December 31, 2022 and for the period from October 3, 2022 to December 31, 2022, and John Hancock Life Insurance Company (U.S.A.) as of December 31, 2021 and for the period from January 1, 2022 to October 3, 2022 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule titled Schedule H, Line 4i-Schedule of Assets (Held At End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was

derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Thomas E. Keller Trucking, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Keller Logistics Group, Inc. and all related companies (“the Company”) who have 3 months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective October 1, 2022 with no significant changes to Plan provisions. The Company’s Board of Trustees is responsible for oversight of the Plan and for determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Contributions - The Plan provides for employee Retirement Savings contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value account as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation. Contributions are automatically invested in a managed fund until changed by the participant. The Company makes a matching contribution equal to 50% of the participant’s contribution, limited to 6% of a participant’s annual compensation. The Company may also contribute an additional profit sharing contribution to the Plan determined annually by the Company. The Company did not make any profit sharing contributions in 2022 and 2021. Contributions are subject to certain statutory limitations.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes Receivable from Participants - Participants may borrow from their funds accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account and bear interest at rates ranging from 3.25% to 6.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Note 1 - Description of Plan (Continued)

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Payment of Benefits - On termination of service due to disability or retirement, a participant may receive a lump-sum amount or equal installments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in equal installments.

Distribution Prior to Termination - In-service withdrawals are subject to varying rules depending on the source of the funds in the participant's account. Participants may withdraw all or part of their deferral contributions account, matching contributions, and qualified non-elective contributions account, and rollover contributions provided they have attained age 59½. Participants may take hardship distributions from their vested account balances. These distributions would be subject to potential penalties and taxation. Participants are advised to consult a tax advisor for the most recent tax laws.

Death Benefits - Upon the death of a participant, the account becomes available for distribution to the participant's beneficiaries.

Forfeited Accounts - Forfeited amounts attributable to the Company matching portion of a participant's account will be applied to reduce future Company contributions or allowable administrative expenses. At December 31, 2022 and 2021, forfeited amounts used during the year totaled \$20,385 and \$31,667, respectively. Amounts forfeited during the years ended December 31, 2022 and 2021, amounted to \$16,235 and \$23,213, respectively.

Note 2 - Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting - The Plan prepares its financial statements on the accrual basis. Unrealized gains and losses on the Plan's assets are reported even though no sales of such assets actually took place.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount of participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Contributions - Contributions to the Plan are accrued, if necessary, to the year to which they apply.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Trustees determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

For the year ended December 31, 2021 and for the period of January 1, 2022 through October 3, 2022, the Plan had investments held in pooled separate accounts ("PSA") held with an insurance company, John Hancock Life Insurance Company (U.S.A.), ("John Hancock"). John Hancock maintained investments in a PSA for two or more unrelated Plans. Realized gains and losses on investments bought and sold and the change in appreciation from one period to the next, in addition to interest and dividends earned by the investments held in the PSA are pooled together in one account. The Plan allocated its respective appreciation (or depreciation) in that account based on units of participation owned by the Plan. For the year ended December 31, 2021 and for the period of January 1, 2022 through October 3, 2022, net appreciation (or depreciation) in fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits.

Effective October 3, 2022, net appreciation (depreciation) in fair value of investments for mutual funds is reflected in the Statements of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in value from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Income from investments is recorded as earned on the accrual basis. Realized gains and losses on sales of securities are based on the actual cost and the selling price of the securities.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the balance is reduced, and the delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Information Certified by Custodian - The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from John Hancock and Reliance Trust Company ("Reliance") that all information relating to the Plan's investments and related investment income is complete and accurate.

Information as to the value of the investments in the trust fund managed by the custodians, investment income (loss), and all information in the supplemental schedule is presented in reliance solely upon those certifications.

Note 3 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 4 - Investment Contract with Insurance Company (Unaudited)

At December 31, 2022, all investments listed on the supplemental schedule of assets held for investment were certified and held by Reliance. Investments included in the Plan's net assets available for plan benefits at December 31, 2022, were \$8,825,110. During 2022, the Plan's investments including gains and losses on investments bought and sold, as well as held during the year, depreciated in value by \$1,730,524. Interest on all investments totaled \$4,483 for the year ended December 31, 2022. The Plan also had non-interest bearing cash with Reliance totaling \$30 at December 31, 2022.

During 2021, the Plan had an investment contract with John Hancock, and maintained the investments in a PSA. The accounts are credited with actual earnings on the underlying investments and charged for participant withdrawals and administration expenses. At December 31, 2021, all investments held for investment purposes were certified and held by John Hancock. Investments included in the Plan's net assets available for plan benefits at December 31, 2021, were \$9,066,674. During 2021, the Plan's investments including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by \$986,705. Interest on all investments totaled \$0 for the year ended December 31, 2021. The Plan also had non-interest bearing cash with John Hancock totaling \$4,180 at December 31, 2021.

During 2022, the Plan entered into a fully benefit-responsive investment contract with Reliance. Reliance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate. The crediting interest rate is based on a formula established by the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The investment contract does not permit the insurance company to terminate

Note 4 - Investment Contract with Insurance Company (Unaudited) (Continued)

the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

This investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The contract value of the investment contract at December 31, 2022 and 2021, was \$872,340 and \$0, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (4) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the agreement without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 5 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Fair Value Measurements (Continued)

Financial Accounting Standards Board ASC 820, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no plan assets requiring the use of Level 2 or 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2022 and 2021.

Further ASC 820 provides for investments to be valued using net asset value (NAV) as a practical expedient. The NAV is not a publicly quoted price in an active market and is computed in accordance with investment company measurement principles. The Plan utilized investments in a PSA and valued those investments at net asset value as a practical expedient. All redemptions for NAV's were at that day's computed NAV. ASC 820 does not require these investments to be included in the fair value hierarchy provided below, however the value of these investments have been included to reconcile to investments provided at fair value in the Statement of Net Assets Available for Benefits. All investments of the Plan were measured using NAV inputs for the year ended December 31, 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Unadjusted Quoted Prices (Level 1)	Investments Measured at Net Asset Value	Total

Note 6 - Party-in-Interest

For the year ended December 31, 2021 and for the period of January 1, 2022 through October 3, 2022, Plan assets were managed by John Hancock. From October 3, 2022 through December 31, 2022, Plan assets were managed by Reliance. John Hancock and Reliance are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Participant loans totaled \$196,307 and \$185,220 as of December 31, 2022 and 2021, respectively. Interest received on participant loans totaled \$6,498 and \$8,043 for the years ended December 31, 2022 and 2021, respectively. The Company may pay the annual audit fees of the Plan or it may be paid through forfeitures. The Plan pays for the record keeping services. These party-in interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Income Tax Status

For the period October 3, 2022 through December 31, 2022, the Plan and the related trust are designed based on a prototype plan established by Standard Retirement Services, Inc. The Internal Revenue Service has provided an opinion to Standard Retirement Services, Inc. by a letter dated June 30, 2020, in which the Internal Revenue Service stated that the prototype defined contribution plan and trust were designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has not requested a letter of determination from the Internal Revenue Service, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is exempt.

For the year ended December 31, 2021 and for the period January 1, 2022 through October 3, 2002, the Plan and the related trust were designed based on a prototype plan established by Great Lakes Pension Services, Inc. The Internal Revenue Service has provided an opinion to Great Lakes Pension Services, Inc. by a letter dated June 30, 2020, in which the Internal Revenue Service stated that the prototype defined contribution plan and trust were designed in accordance with the applicable requirements of the IRC. Although the Plan had not requested a letter of determination from the Internal Revenue Service, the Plan Administrator and the Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan was qualified, and the related trust was exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500
