INDEPENDENT AUDITORS' REPORT

Audit Committee
University of Nebraska Foundation Defined Contribution Retirement Plan
Lincoln, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of University of Nebraska Foundation Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

University of Nebraska Foundation Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Plan Description

The following brief description of the University of Nebraska Foundation Defined Contribution Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established in May 1963 to provide retirement benefits for the employees of the University of Nebraska Foundation (the Foundation). The Plan is governed by the Plan committee, of which members are appointed by the Foundation's Chief Executive Officer (CEO) under authority granted by the Foundation's board of directors.

Employees are immediately eligible to make pre-tax and designated after-tax Roth salary deferral contributions. Effective January 1, 2023, employees who have attained age 21 are eligible to receive matching contributions, with no service requirement. Prior to January 1, 2023, employees who had attained age 21 and completed one year of service are eligible to receive matching contributions.

Contributions

Participants may make voluntary pre-tax and designated after-tax Roth salary deferral contributions up to 100% of their annual eligible compensation, subject to the maximum dollar amounts allowable by law. Eligible participants are automatically enrolled with an initial 5.50% salary deferral contribution unless they elect otherwise. Participants may also contribute amounts representing distributions from other qualified plans. All participants who are eligible to make deferral contributions who will attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions, subject to the maximum dollar amounts allowable by law.

The Foundation makes a matching contribution equal to 8.0% (increased to 10.0%, effective January 1, 2023) of a participant's annual compensation if the employee contributes a minimum of 5.5%, or 5.5% if the employee contributes a minimum of 3.5%. Effective January 1, 2012, the match for employees contributing a minimum of 3.5% was lowered to 5.5% from 6.5%. Employees participating at the 3.5% deferral level prior to January 1, 2012 continue to receive the 6.5% matching contribution. If an eligible participant contributes less than 3.5%, the Foundation will not match for that pay period.

Participant Accounts

Each participant's account is credited or debited with the participant's contributions and allocations of (a) the Foundation's matching contributions, and (b) Plan earnings or losses. The Foundation's matching contribution is allocated among participants based upon each eligible participant's elected salary deferral. Plan earnings or losses are allocated based on participant earnings or account balances. Investments are maintained in individual member accounts managed by TIAA-CREF (TIAA) and Fidelity Management Trust Company (Fidelity).

Notes to Financial Statements

December 31, 2023 and 2022

Vesting

Participants are immediately vested in their contributions and the Foundation's matching contribution plus actual earnings or losses thereon.

Payment of Benefits

Upon termination due to retirement, disability, or death, the participant or beneficiary may elect to receive either lump-sum, annuity, or installment payments equal to the value of the vested funds allocated to the participant's account. For termination of service due to other reasons, a participant may either receive the value of their vested interest in his or her account as a lump-sum distribution, as a "direct rollover" to an individual retirement account, or to another employer's tax qualified plan. The Plan requires distribution payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Participants may receive in-service distributions, as permitted in the Plan document. Effective July 1, 2024, participants may receive hardship distributions, as permitted in the Plan document. Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

University of Nebraska Foundation Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Excluded Contracts and Accounts

The Plan has elected to exclude certain contracts and accounts from Plan assets in accordance with Department of Labor Field Assistance Bulletin 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The Foundation ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account before January 1, 2009;
- All rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the Foundation;
- The individual owner of the contract is full vested in the contract or account.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Foundation determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Foundation has determined that the TIAA Stable Value Annuity is fully benefit-responsive. The Foundation has also determined the TIAA Traditional Annuity contains both fully benefit-responsive contracts and contracts that are not fully benefit-responsive.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Plan expenses are paid by the Plan, except investment advisory fees, audit fees, and legal fees that are generally paid by the Foundation. All administrative expenses paid by the Plan are reflected in the Plan's financial statements.

Notes to Financial Statements

December 31, 2023 and 2022

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through July 16, 2024. See the "Payment of Benefits" section of Note 1 for a description of a subsequent event.

3. Information Certified by TIAA and Fidelity

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by TIAA and Fidelity, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplementary information.

The following table presents the value of participant-directed Plan assets that were certified by TIAA and Fidelity at December 31:

	<u>2023</u>	<u>2022</u>
Investments at Fair Value	\$ 54,342,867	\$ 46,610,991
Investments at Contract Value	3,074,456	3,041,903
	<u>\$ 57,417,323</u>	<u>\$ 49,652,894</u>

TIAA and Fidelity also certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Net Appreciation (Depreciation) in Fair Value of Investments	\$ 7,928,687	\$ (9,551,013)

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the funds. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. Funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: The pooled separate account invests in real properties and real estate-related investments. The value is principally derived from the NAV of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources.

University of Nebraska Foundation Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Unallocated Insurance Contracts: Valued at the amount participants would receive if they were to withdraw or transfer funds with the Plan prior to maturity. These contracts are not fully-benefit responsive. The fair value represents discontinuation value or contract value less a withdrawal fee. The contracts have no unfunded commitments (see Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

December 31, 2023 and 2022

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of value for those inputs for the year ended December 31, 2022:

Instrument	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range

The following table summarizes the Level 2 investments measured at fair value based on the NAV per share at December 31, 2023 and 2022, respectively:

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Account	\$ 1,173,367	None	Quarterly	1 Day

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Account	\$ 1,194,319	None	Quarterly	1 Day

5. Investment Contracts with TIAA

The Plan has entered into investment contracts with TIAA. TIAA maintains the contributions in mutual funds, a pooled separate account and unallocated insurance contracts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TIAA.

The mutual funds, pooled separate account and the non-fully benefit-responsive investment contracts, as reported to the Plan by TIAA, are included in the financial statements at fair value. The contracts that are fully benefit-responsive are included in the financial statements at contract value.

As a portion of the unallocated insurance contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

University of Nebraska Foundation Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

The Plan is designed to qualify under Section 403(b) of the Internal Revenue Code (the Code) and is therefore exempt from federal income taxation. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Distributions to participants of the account balances would be made as soon as practicable after the termination date.

8. Related Party Transactions

Certain Plan investments are unallocated insurance contracts, a pooled separate account and mutual funds managed by TIAA and Fidelity. TIAA and Fidelity are the custodians of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

*1 If EIN is provided, Address will not be provided. If EIN is not available and Address is available, the Address will be displayed. If neither EIN nor Address is available "See Note *2" will be displayed.

*2 Disclosures in this report are intended to satisfy the alternative reporting option. If complete information for non-Fidelity funds and/or other third party service providers related to compensation is not available, more information for the annual operating expenses of the fund may be found in the Fee Table of the Fund Summary section of each prospectus and/or statement of additional information. In addition, information about the services provided and the identity of the entities performing services with respect to each fund may be found in the Fund Services section of each prospectus. If the compensation being reported relates to a Fidelity fund, more information for the annual operating expenses of the fund may be found in the Fee section of one or more of the following sources: investment management agreement, trust agreement, collective trust participation agreement, commingled pool participation agreement, mutual fund prospectus, statement of additional information, the fund's investment manager or annuity provider.

*3 For Self-Directed Brokerage Investments, each fund family may offer an indirect support fee paid to Fidelity Investments. Each indirect support fee paid by a fund may differ depending on the form of investment. Please contact your Fidelity representative to receive information on indirect support fees for your Self-Directed Brokerage Investments.

*4 Net Expense Ratio is displayed.

*5 Gross Expense Ratio is displayed.

*6 Disclosures in this report are intended to satisfy the alternative reporting option. If complete information for this Fund is not available, the fee information for the annual operating expenses and/or information about the services provided and identity of the entities performing the services can be found in the Fee section of one or more of the following sources: investment management agreement, trust agreement, collective trust participation agreement, commingled pool participation agreement, mutual fund prospectus, the fund's investment manager or annuity provider.

Additional Information:

Fidelity may have provided non-monetary compensation, such as meals or business entertainment, to associates or service providers during the plan year for which this data is being reported. If you believe there are associates or plan service providers who have received total non-monetary compensation, from all sources of \$5,000 or more, that are not reflected on this report, you may contact your Fidelity representative and ask for a detailed summary of non-monetary compensation provided during the plan year. For additional information, please refer to the Auditor's Guide.

Fidelity utilizes omnibus accounts at unaffiliated banks to facilitate transactions for the defined contribution plans it services as set forth in your trust or service agreement or letter of authorization. If markets permit, omnibus account balances are invested in short-term investments that generally earn a rate approximating the Target Federal Funds Rate and/or money market rates. These earnings are called "float" and are considered eligible indirect compensation for purposes of Schedule C. Fidelity uses these earnings to pay bank fees and make other required adjustments and generally retains any float earnings that exceed such fees and adjustments. Fidelity is responsible for paying bank fees to the extent they exceed float earnings.

Since the amount of float generated depends on the length of time that assets are held in the omnibus accounts, Fidelity adheres to the following specific time frames within which cash pending investment or distribution is held:

SCHEDULE C SUPPLEMENTAL REPORT

- If contributions are received by Fidelity in good order before the close of trading, Fidelity executes transactions in the investment options as of that day's closing price (the "transaction date" or "T"). Settlement of trades for most investment options occurs on the following business day ("T+1") or, in the case of certain securities including company stock, on T+2 (prior to September 5, 2017 the settlement period for certain securities including company stock was T+3).
- Exchange requests received by Fidelity in good order before the close of trading are processed in that day's nightly cycle. If investment options have identical settlement rules, exchanges between them generate no overnight balances, as money is received from one investment option and conveyed to another investment option on the same business day. If investment options have different settlement rules, balances attributable to exchanges may remain in the omnibus account for a few days if FMTC serves as trustee of the plan.
- Disbursement requests received in good order before the close of trading are processed in that day's nightly cycle, and reflected as debits from participant accounts as of that date ("T"). Proceeds attributable to disbursements are received from investment options or from the unaffiliated Plan trustee based on the settlement period for the investment options. Disbursements are made to participants on T+2 either through electronic funds transfers or by mailing a check. Disbursement proceeds distributed by check remain in the omnibus account until the check is presented for payment.
