## Independent Auditors' Report

Plan Administrator and Participants  
Beck & Masten Pontiac - GMC 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Beck & Masten Pontiac - GMC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 (liquidation basis), and the related statements of changes in net assets available for benefits for the period of January 1, 2023 through September 30, 2023 (liquidation basis), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the periods ended September 30, 2023 and December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Emphasis of Matter – Basis of Accounting

As discussed in Note 7 to the financial statements, the governing body of the Beck & Masten Pontiac - GMC 401(k) Plan elected to terminate the Plan, effective August 31, 2023, and a plan of liquidation was approved. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to that matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Beck & Masten Pontiac - GMC 401(k) Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Beck & Masten Pontiac - GMC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Effective August 31, 2023, the Company elected to terminate the Plan. The assets were fully distributed from the Plan as of September 28, 2023. The Plan terminated on August 31, 2023. Accordingly, the descriptions below are provisions of the Plan prior to termination. See note 2 and 7 for additional information.

General

The Plan is a defined contribution plan established by Beck & Masten Pontiac-GMC, Inc., under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan covers substantially all employees of Beck & Masten Pontiac-GMC and affiliated companies (collectively the “Company”). Each covered employee must have completed one year of service with the Company and reached the age of 21 to be eligible to participate in the Plan. Effective May 20, 2021, the Plan was amended to lower the eligibility age to participate in the Plan from 21 years of age to 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan is administered by the Company (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan’s custodian, Ameritas Life Insurance Corporation (the “Custodian”) is responsible for the custody and management of the Plan’s assets.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under §401(k), §402(g) §404, and §415 of the IRC. The Plan permits pre-tax and after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature whereby newly eligible employees will be automatically enrolled into the Plan with 3% of pre-tax compensation being automatically deducted and contributed to the Plan. Participants may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. If a participant is automatically enrolled and they did not want to participate in the Plan, the Plan can refund the deferrals to the participant within 90 days of the first automatic deferral, provided the participant notifies the Company prior to the end of the 90 day period.

The Company may make qualified matching, qualified non-elective, and profit sharing contributions to the Plan to be determined at the discretion of the Company’s board of directors. Contributions are subject to certain limitations. The Board of Directors approved a qualified matching contribution of 25% of participant’s contribution up to 4% of compensation for the period ended September 30, 2023 and the year ended December 31, 2022.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching and other contributions, as well as the participant’s share of investment income, appreciation and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Beck & Masten Pontiac - GMC 401(k) Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after six years of credited service. Full and immediate vesting will also occur upon early retirement age (age 55 and seven years of service), death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25 percent to 9.00 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Loans must be repaid within five years, unless such loan is for the purchase of a participant's primary residence. If a participant does not repay the loan or breaches any of the obligations as set forth in the loan agreement, the note is in default. Upon Default the entire principal balance and interest is immediately due and payable. The amount of the outstanding note in default will be treated as a deemed distribution and will be taxable to the participant.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of \$5,000 or less may only receive a single lump-sum payment in cash. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. Forfeitures are held by the Plan to determine if amounts should be restored to terminated participants. Thereafter, forfeitures may be used to pay plan administrative expenses, used to reduce employer contributions, or may be allocated to qualifying participants in the Plan. At September 30, 2023 and December 31, 2022, unallocated forfeitures totaled \$0 and \$31,044, respectively. For the period of January 1, 2023 through September 30, 2023 and the year ended December 31, 2022, forfeitures of \$3,522 and \$0 were used to pay Plan expenses, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Beck & Masten Pontiac - GMC 401(k) Plan  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Method of Accounting

Due to the decision to terminate the Plan, the financial statements for 2023 are prepared on the liquidation basis of accounting, in accordance with accounting principles generally accepted in the United States of America. No adjustments to the financial statements were required to present the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process, and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets, and any other costs expected to be incurred during the liquidation process. Administrative expenses are paid by the Company, at its discretion, or the Plan. The Plan was under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. The Plan's 2022 financial statements are prepared on the ongoing (modified cash) basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Use of Estimates

In preparing financial statements in conformity with the modified cash basis of accounting, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Pooled separate account funds are valued at the net asset value of units held by the Plan at year-end. The net asset value is based on the market value of the underlying investments and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

The Plan has entered into investment contracts with Ameritas Life Insurance Corporation. Ameritas Life Insurance Corporation maintains certain investments in pooled separate accounts. Assets of these contracts are invested in shares of the specific funds elected in the contract application. Each of the pooled separate accounts invests in stocks, fixed securities or in a single mutual fund, which is generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the stocks, fixed securities and single mutual fund identified in the name of the fund. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. There were no valuation reserves recorded associated with the pooled separate accounts during the period of January 1, 2023 through September 30, 2023, and the year ended December 31, 2022. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the net asset value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Notes receivable from participants earned interest of \$16,802 and \$19,902 for the period of January 1, 2023 through September 30, 2023 and the year ended December 31, 2022, respectively.

Beck & Masten Pontiac - GMC 401(k) Plan  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Distributions and loan expenses are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. Management fees and operating expenses charged to the Plan for investments in the various pooled separate accounts and money market accounts are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of such investments.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Account Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the period of January 1, 2023 through September 30, 2023, there were no significant transfers in or out of levels 1, 2 or 3.

3. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and December 31, 2022.

*Money market accounts:* Valued at the net asset value (“NAV”) of units held by the Plan at year-end.

*Pooled separate accounts:* Valued at the NAV of units held by the Plan at year-end. Each of the pooled separate accounts invests either in multiple securities or in a single mutual fund, which is generally identified in the name of the pooled separate account. The NAV of these accounts is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The NAV is not a publicly quoted price in an active market. The pooled separate account provide for daily redemptions by the Plan with no advance notice requirements, and has a redemption price that is determined by the net asset value per unit. There are no significant unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) for the period January 1, 2023 through September 30, 2023 and the year ended December 31, 2022, are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

The following table sets forth the level, within the fair value hierarchy, of the Plan’s assets at fair value on a recurring basis as of September 30, 2023:

	Level 1	Level 2	Level 3	Total
Money market accounts	\$ -	\$ -	\$ -	\$ -
Pooled separate accounts (a)				-
Total investments at fair value				\$ -

The following table sets forth the level, within the fair value hierarchy, of the Plan’s assets at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market accounts	\$ 654,395	\$ -	\$ -	\$ 654,395
Pooled separate accounts (a)				11,022,415
Total investments at fair value				\$ 11,676,810

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy table. The practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported NAV.

4. INFORMATION CERTIFIED BY THE PLAN’S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate for the period of January 1, 2023 through September 30, 2023 and the year ended December 31, 2022:

5. REPORTABLE TRANSACTIONS

During the period of January 1, 2023 through September 30, 2023 and the year ended December 31, 2022, there were no other reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan year, or non-exempt transactions with parties-in-interest, which would require supplemental presentation under United States Department of Labor regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by Ameritas Life Insurance Corporation. Ameritas is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA and the IRC. On August 31, 2023 the Plan's trustee issued notice of the Plan's termination to all participants. Upon Plan termination, all participants become 100% vested and the assets of the Plan will be distributed to the participants in accordance with the Plan's provisions. The Plans assets were fully distributed to the participants as of September 28, 2023.

8. TAX STATUS

Effective January 1, 2022, the Plan adopted the amended and restated 401 Plans Non-Standardized Defined Contribution Pre-Approved Plan (Basic Plan Document No. 1) with related adoption agreement. Plan provisions in effect remained unaltered through this amended and restated Plan document. The Internal Revenue Service has issued an opinion letter dated June 30, 2020 stating that the plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Companies are relying on the opinion letter (in accordance with Revenue Procedure 2017-41) that the Plan meets the qualification requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Beck & Masten Pontiac - GMC 401(k) Plan  
NOTES TO FINANCIAL STATEMENTS

8. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 27, 2024, the date the financial statements were available to be issued.
