Report of Independent Auditors

The Plan Administrative Committee
United Security Bank Cash or Deferred Stock Ownership Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of United Security Bank Cash or Deferred Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of United Security Bank Cash or Deferred Stock Ownership Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Security Bank Cash or Deferred Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Security Bank Cash or Deferred Stock Ownership Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
-
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
-
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of United Security Bank Cash or Deferred Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
-
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
-
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Security Bank Cash or Deferred Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan is a defined contribution plan covering all regular part-time or full-time employees of the Company. Employees may participate in the elective salary deferral feature of the Plan after completing three months of service. Employees will be eligible to receive employer Safe Harbor Match contributions after completing three months of eligible service. To be eligible for discretionary profit sharing contributions, employees must attain age 21, must complete one year of service, must complete at least 1,000 hours of service during the Plan year, and be employed by the Company on the last day of the Plan year. Discretionary profit sharing contributions are not allowed for any Plan year for which Safe Harbor matching contributions are provided. Initial Entry Dates are on the first day of the calendar month following the time an employee has met the eligibility criteria specified above.

Administration

The Plan is administered by the Company. Administrative expenses are mostly paid by the Company, except for expenses incurred at the participant level which are charged against the participant's individual accounts.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and Plan earnings. The amount to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions

Participants may contribute to the Plan a percentage or a specific dollar amount of their annual wages, not to exceed certain dollar limitations determined annually by the Internal Revenue Service (IRS). Deferrals to the Plan may be made as normal 401(k) contributions or on an after-tax-basis as Roth contributions. The sum of regular pre-tax 401(k) and Roth contributions may not exceed the annual limit allowed on regular 401(k) contributions. Participants may elect to change their election to contribute to the Plan on the dates established pursuant to the Plan Administrator procedures. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are permitted for participants.

Employer contributions

The Safe Harbor Match contribution made by the Company equals 100% of the first 4% of an employee's eligible contributions made during the year. The Company may elect to make a discretionary profit sharing contribution, annually, at the discretion of the Board of Directors. This election would be in place of the Safe Harbor Match contribution and allocated in proportion to the participants' eligible compensation to the total compensation of all eligible participants for the Plan year.

Employer contributions are made in cash and re-invested in various plan investments at the direction of the participant. The employer made Safe Harbor Match contributions of \$280,570 for the plan year ended December 31, 2023. There were no discretionary profit sharing contributions made during the year ended December 31, 2023.

Vesting

When participants terminate employment with the Company, they are entitled to the vested portion of each of their accounts. Participants are always 100% vested in the amounts they contributed to the plan, including any rollover contribution, Safe Harbor Match contribution, or discretionary profit sharing contribution.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years, except that a loan used to acquire a principal residence may be repaid over a reasonable time commensurate with the repayment period similar to commercial loans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid through payroll deductions. Loan expenses are deducted from the gross loan amount upon distribution to the employee. As of December 31, 2023, the rate of interest on outstanding loans ranges from 4.25% to 8.50% with maturities through May 2034.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. These forfeitures represent amounts for employees that terminated employment with the Company prior to January 1, 2012, when the Plan vesting was changed to 100% immediate vesting. Forfeitures are retained in the Plan and may be used to offset Plan expenses or reduce future employer contributions. For the year ended December 31, 2023, no non-vested forfeitures were used to offset plan expenses.

Benefits paid to participants

Upon termination of service, the participant may elect to receive benefits equal to the value of his or her account in one lump-sum payment or transfer/rollover the value to another qualified investment plan. The Plan allows in-service distributions for participants that have reached age 59 1/2, as defined in the Plan, but are still working for the Company. The Plan also allows hardship withdrawals. Any Safe Harbor Match account balance is excluded from hardship withdrawal eligibility.

Plan termination

In the event of plan termination, participants' accounts would become fully vested. Although termination of the Plan is not presently contemplated, the Company does have the right to terminate the Plan at any time.

NOTE 2 – ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

Investments are stated at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date.

United Security Bank
Cash or Deferred Stock Ownership Plan
Notes to Financial Statements
December 31, 2023 and 2022

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

See [Note 3](#) for discussion of fair value measurements.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation/depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits

Benefits are recorded when paid. The Plan accounts for benefits due to participants who have terminated employment with the Company as a component of net assets available for benefits until such amounts have been paid.

Notes receivable from participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued, but unpaid, interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of an event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs that may be used to measure fair value are described below:

Level 1	Quoted prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.
Level 2	Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common stock of United Security Bancshares and other common stock (self-directed brokerage): Common stock is valued at quoted market prices. Accordingly, investments in common stock are classified within Level 1 of the valuation hierarchy.

Registered investment companies (Mutual funds): Shares of registered investment company funds are valued at the net asset value ("NAV") of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded. Accordingly, mutual funds are classified within Level 1 of the valuation hierarchy.

Cash or Deferred Stock Ownership Plan
Notes to Financial Statements
December 31, 2023 and 2022

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Self-directed brokerage	\$ 1,023,090	\$ —	\$ —	\$ 1,023,090

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Self-directed brokerage	\$ 774,243	\$ —	\$ —	\$ 774,243
Common stock of United Security Bancshares	2,017,589	—	—	2,017,589

Total assets at fair value	<u>\$ 8,429,072</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 8,429,072</u>

Gains and losses (realized and unrealized) included in changes in net assets, for the year ended December 31, 2023, are reported in net depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

There were no transfers in or out of Levels 1, 2 or 3 for the twelve months ending December 31, 2023. There were no liabilities measured at fair value on a recurring basis at December 31, 2023 and 2022. The plan did not have any assets or liabilities measured at fair value on a non-recurring basis at December 31, 2023 and 2022.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

In 2018, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Nationwide Financial Retirement Plans (Nationwide). Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than 1.83%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit Nationwide to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is, therefore, reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

United Security Bank
Cash or Deferred Stock Ownership Plan
Notes to Financial Statements
December 31, 2023 and 2022

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – INVESTMENTS

At December 31, 2023, \$2,279,185, or approximately 21.3%, of the Plan's assets were invested in the common stock of the Company and are held by Charles Schwab. At December 31, 2022, \$2,017,589 or approximately 22.11% of the Plan's assets were invested in the common stock of the Company. The remaining portion of the Plan's assets are held in the form of mutual funds, other common stock, self-directed brokerage accounts, and a retirement advisor fixed select contract at the Plan's Trustee, Nationwide Trust Company (NTC), or at Charles Schwab.

NOTE 6 – TAX STATUS

The plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the prototype plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements. In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax positions and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan's assets are held by NTC and Charles Schwab. Some of the Plan assets are invested in funds managed by NTC. NTC also provides record keeping and investment services to the Plan. Plan assets held at Charles Schwab include investments in the Company's stock and other self-directed investments. NTC and Charles Schwab act as custodians of the Plan's investments; therefore, these transactions qualify as exempt party-in-interest transactions.

Company contributions are managed by NTC, which invests cash received, interest and dividend income, and makes distributions to participants.

NTC expenses incurred at the participant level are absorbed by the Plan and allocated among the related participants' accounts. The independent auditors' fees, financial planner's fees, third-party administrators' fees, and fiduciary's fees are paid directly by the Company.

The Plan's investments include 271,009 and 276,004 shares of Company stock at December 31, 2023 and 2022, respectively. The Company's common stock is valued at the quoted market price of \$8.41 and \$7.31 per share at December 31, 2023 and 2022, respectively.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, changes in the values of investment securities may occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The Plan is subject to concentrations of market risk with respect to the common stock of United Security Bancshares held by the Plan. At December 31, 2023 and 2022, approximately 21.3% and 22.5%, respectively, of the Plan assets were invested in United Security Bancshares stock, which is publicly traded on the NASDAQ stock exchange. United Security Bancshares stock traded at a high closing price of \$8.65 per share and a low closing price of \$5.52 per share during 2023. Company performance and other economic factors impact the market value of this investment on a daily basis.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through June 28, 2024, the date of issuance.
