Independent Auditors' Report

Plan Administrator
Mill-Rose Companies' Employees'
Profit Sharing Plan
Mentor, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mill-Rose Companies' Employees' Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MILL-ROSE COMPANIES' EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following is a summary of certain provisions of the Mill-Rose Companies' Employees' Profit Sharing Plan (the "Plan"). Participants should refer to the Plan document for more complete information.

Participation – The Plan is a defined contribution plan, covering substantially all employees of the Mill-Rose Group, Inc. and Subsidiaries (the "Company"). Employees are eligible to participate in the Plan after attaining age 21 and one year of continuous service, in which at least 1,000 hours of service was attained. Eligibility becomes effective on the next January 1 or July 1 following the date an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Plan is administered by the Company which is responsible for controlling and managing the operations.

Contributions – The Company may contribute a discretionary, nonelective profit sharing amount determined annually which will be allocated among all participants credited with 1,000 hours of service during the Plan year, and who were still employed on the last day of the Plan year. If an eligible participant terminated employment during the Plan year due to death, disability or attainment of normal retirement age as defined by the Plan, the participant will be eligible to receive a profit sharing contribution whether or not he or she met the service requirement or last day requirement. These contributions will be allocated to the participants based on relative compensation for the year.

The Plan also provides for discretionary employer matching contributions, which are limited to 4% of a participant's contributions to the Plan. The Company may designate all or a portion of any employer matching contributions as "qualified matching contributions" and allocate them to participants in a manner to satisfy certain Internal Revenue Code ("IRC") nondiscrimination testing. The Company also makes non-elective "safe harbor" contributions to all eligible participants, in an amount equal to 3% of eligible compensation, as defined by the Plan.

Participants may elect to defer a portion of their compensation on a pre-tax or Roth basis, subject to certain limitations of the Plan and the IRC. The Plan allows for catch-up contributions for participants who are projected to be age 50 or older by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover).

Investments – All investments of the Plan are held by Fidelity Management Trust Company ("Fidelity" or "Trustee") in participant-directed investment funds.

Participant Accounts – The Plan maintains an individual account for each participant. These accounts are credited with participants' contributions, employer contributions, re-allocated forfeitures and related earnings, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MILL-ROSE COMPANIES' EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Plan Description (Continued)

Vesting – Participants have a 100% non-forfeitable vested interest in their voluntary contributions, "qualified matching contributions" and employer "safe harbor" contributions and earnings thereon. A participant is 100% vested in the employer nonelective profit sharing and employer matching contributions after six years of credited service (0% in year one, 20% each year thereafter) or in the event of death, disability or attaining retirement age as defined by the Plan.

Forfeitures – Any forfeitures may be used to pay administrative expenses of the Plan or may be re-allocated to the remaining participants as a Company discretionary contribution. During the year ended December 31, 2023, \$9,971 of forfeitures was re-allocated to participants to satisfy a portion of the 2022 contribution. At December 31, 2023 and 2022, \$5,185 and \$6,917, respectively, remained unallocated in forfeitures.

Benefits – On termination of service due to death, disability or retirement as defined by the Plan, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account or receive installment payments. In the case of a severe financial hardship, the plan administrator, in its sole discretion, may direct distribution of all or a portion of the participant's voluntary contributions, subject to certain restrictions. The Plan also allows for certain in-service withdrawals, subject to certain restrictions and Plan provisions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses – Administrative expenses of the Plan are paid by the Company or the Plan at the option of the Company. Administrative expenses may be paid out of forfeitures or offset with funds made available by the Plan Trustee from fees it receives from investment fund managers.

MILL-ROSE COMPANIES' EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Company has evaluated subsequent events through July 16, 2024, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

Fidelity Management Trust Company holds the Plan's investment assets and executes transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2023 and 2022, the supplemental schedule at December 31, 2023, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair value of the investments held in the money market fund and the registered investment companies is valued based on the quoted closing market prices in active markets for identical instruments, and these investments are classified as Level 1.

MILL-ROSE COMPANIES' EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2022 to 2023. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Level 1	Level 2	Level 3	Total
December 31, 2023:				
Money market fund	\$ 2,391	\$ -	\$ -	\$ 2,391
Registered investment companies	12,396,466	-	-	12,396,466
Total	<u>\$12,398,857</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$12,398,857</u>

	Level 1	Level 2	Level 3	Total
December 31, 2022:				
Money market fund	\$ 111	\$ -	\$ -	\$ 111
Registered investment companies	10,728,700	-	-	10,728,700
Total	<u>\$10,728,811</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$10,728,811</u>

Note 5. Group Fixed Annuity

Investments in the group fixed annuity meet the fully benefit-responsive investment contract criteria and are, therefore, reported at contract value as determined by The Lincoln National Life Insurance Company and certified by Fidelity. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. All transactions within this contract are executed at contract value including full liquidation of the fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on several factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula and are reset periodically and are guaranteed to be at least 1.70%. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

MILL-ROSE COMPANIES' EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Group Fixed Annuity (Continued)

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Party-in-Interest Transactions

Fidelity Management Trust Company is Trustee as defined by the Plan and is related to Fidelity Investments Institutional Operations Company, Inc. (the "Recordkeeper") and Fidelity Investments. Certain Plan investments are in a money market fund and registered investment companies managed by Fidelity Investments, and certain administrative expenses are paid to the Recordkeeper. These transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

The Company anticipates and believes that the Plan will continue indefinitely; however, the Company reserves the right to terminate the Plan at any time. In the event of termination of the Plan, all participants shall become 100% vested and the assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 8. Tax Status

The Plan has adopted an approved volume submitter plan document. This plan document has obtained an opinion letter dated June 30, 2020 from the Internal Revenue Service ("IRS") in which the IRS stated that the document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the volume submitter document. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Independent Auditors' Report

Plan Administrator
Mill-Rose Companies' Employees'
Profit Sharing Plan
Mentor, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mill-Rose Companies' Employees' Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MILL-ROSE COMPANIES' EMPLOYEES' PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following is a summary of certain provisions of the Mill-Rose Companies' Employees' Profit Sharing Plan (the "Plan"). Participants should refer to the Plan document for more complete information.

Participation – The Plan is a defined contribution plan, covering substantially all employees of the Mill-Rose Group, Inc. and Subsidiaries (the "Company"). Employees are eligible to participate in the Plan after attaining age 21 and one year of continuous service, in which at least 1,000 hours of service was attained. Eligibility becomes effective on the next January 1 or July 1 following the date an employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Plan is administered by the Company which is responsible for controlling and managing the operations.

Contributions – The Company may contribute a discretionary, nonelective profit sharing amount determined annually which will be allocated among all participants credited with 1,000 hours of service during the Plan year, and who were still employed on the last day of the Plan year. If an eligible participant terminated employment during the Plan year due to death, disability or attainment of normal retirement age as defined by the Plan, the participant will be eligible to receive a profit sharing contribution whether or not he or she met the service requirement or last day requirement. These contributions will be allocated to the participants based on relative compensation for the year.

The Plan also provides for discretionary employer matching contributions, which are limited to 4% of a participant's contributions to the Plan. The Company may designate all or a portion of any employer matching contributions as "qualified matching contributions" and allocate them to participants in a manner to satisfy certain Internal Revenue Code ("IRC") nondiscrimination testing. The Company also makes non-elective "safe harbor" contributions to all eligible participants, in an amount equal to 3% of eligible compensation, as defined by the Plan.

Participants may elect to defer a portion of their compensation on a pre-tax or Roth basis, subject to certain limitations of the Plan and the IRC. The Plan allows for catch-up contributions for participants who are projected to be age 50 or older by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover).

Investments – All investments of the Plan are held by Fidelity Management Trust Company ("Fidelity" or "Trustee") in participant-directed investment funds.

Participant Accounts – The Plan maintains an individual account for each participant. These accounts are credited with participants' contributions, employer contributions, re-allocated forfeitures and related earnings, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting – Participants have a 100% non-forfeitable vested interest in their voluntary contributions, "qualified matching contributions" and employer "safe harbor" contributions and earnings thereon. A participant is 100% vested in the employer nonelective profit sharing and employer matching contributions after six years of credited service (0% in year one, 20% each year thereafter) or in the event of death, disability or attaining retirement age as defined by the Plan.

Forfeitures – Any forfeitures may be used to pay administrative expenses of the Plan or may be re-allocated to the remaining participants as a Company discretionary contribution. During the year ended December 31, 2023, \$9,971 of forfeitures was re-allocated to participants to satisfy a portion of the 2022 contribution. At December 31, 2023 and 2022, \$5,185 and \$6,917, respectively, remained unallocated in forfeitures.

Benefits – On termination of service due to death, disability or retirement as defined by the Plan, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account or receive installment payments. In the case of a severe financial hardship, the plan administrator, in its sole discretion, may direct distribution of all or a portion of the participant's voluntary contributions, subject to certain restrictions. The Plan also allows for certain in-service withdrawals, subject to certain restrictions and Plan provisions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses – Administrative expenses of the Plan are paid by the Company or the Plan at the option of the Company. Administrative expenses may be paid out of forfeitures or offset with funds made available by the Plan Trustee from fees it receives from investment fund managers.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Company has evaluated subsequent events through July 16, 2024, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

Fidelity Management Trust Company holds the Plan's investment assets and executes transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2023 and 2022, the supplemental schedule at December 31, 2023, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair value of the investments held in the money market fund and the registered investment companies is valued based on the quoted closing market prices in active markets for identical instruments, and these investments are classified as Level 1.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2022 to 2023. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Level 1	Level 2	Level 3	Total
December 31, 2023:				
Money market fund	\$ 2,391	\$ -	\$ -	\$ 2,391
Registered investment companies	12,396,466	-	-	12,396,466
Total	<u>\$12,398,857</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$12,398,857</u>

	Level 1	Level 2	Level 3	Total
December 31, 2022:				
Money market fund	\$ 111	\$ -	\$ -	\$ 111
Registered investment companies	10,728,700	-	-	10,728,700
Total	<u>\$10,728,811</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$10,728,811</u>

Note 5. Group Fixed Annuity

Investments in the group fixed annuity meet the fully benefit-responsive investment contract criteria and are, therefore, reported at contract value as determined by The Lincoln National Life Insurance Company and certified by Fidelity. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. All transactions within this contract are executed at contract value including full liquidation of the fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on several factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula and are reset periodically and are guaranteed to be at least 1.70%. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Group Fixed Annuity (Continued)

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Party-in-Interest Transactions

Fidelity Management Trust Company is Trustee as defined by the Plan and is related to Fidelity Investments Institutional Operations Company, Inc. (the "Recordkeeper") and Fidelity Investments. Certain Plan investments are in a money market fund and registered investment companies managed by Fidelity Investments, and certain administrative expenses are paid to the Recordkeeper. These transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

The Company anticipates and believes that the Plan will continue indefinitely; however, the Company reserves the right to terminate the Plan at any time. In the event of termination of the Plan, all participants shall become 100% vested and the assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 8. Tax Status

The Plan has adopted an approved volume submitter plan document. This plan document has obtained an opinion letter dated June 30, 2020 from the Internal Revenue Service ("IRS") in which the IRS stated that the document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the volume submitter document. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
