INDEPENDENT AUDITOR'S REPORT

Plan Trustee
CCS Contractor Equipment & Supply
401(k) Profit Sharing Plan
Naperville, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **CCS Contractor Equipment & Supply 401(k) Profit Sharing Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –*Supplemental Schedules Required by ERISA*

The supplemental Schedule of Assets Held for Investment Purposes at the End of the Year – Schedule H, Line 4i as of December 31, 2022, and the Schedule of Delinquent Participant Contributions at the End of the Year – Schedule H, Line 4a as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CCS Contractor Equipment & Supply 401(k) Profit Sharing Plan Notes to the Financial Statements

1. Description of Plan

The following brief description of the CCS Contractor Equipment & Supply 401(k) Profit Sharing Plan (Plan), formerly CCS Contractor Equipment & Supply, Inc. 401(k) Profit Sharing Plan, is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a Section 401(k) defined contribution plan which was established July 1, 1993. Effective May 10, 2021, the Plan Sponsor changed from CCS Contractor Equipment & Supply, Inc. (CCS, Inc) (Federal Employer Identification Number 36-2865410) to CCS Contractor Equipment & Supply LLC (CCS, LLC) (Federal Employer Identification Number 86-2752734). Under a Plan amendment signed November 18, 2021, effective June 1, 2021, the Plan's name was changed from CCS Contractor Equipment & Supply, Inc. 401(k) Profit Sharing Plan to CCS Contractor Equipment & Supply 401(k) Profit Sharing Plan. The Plan's only participating employer during 2022 is CCS LLC and is referred to as the Company. Employees are eligible for salary deferrals, employer discretionary contributions and matching contributions after the employee has attained the age of 18 and completed one year of service as defined in the plan document. A year of service is credited to an employee if during the twelve-month period ending on the first anniversary date of the first hour of service, the employee has been credited with at least 1,000 hours of service. If the employee has not been credited with 1,000 hours of service by the end of that period, a year of service will have been completed at the end of any following Plan year during which the employee has been credited with 1,000 hours of service. The employee enters the Plan on the first day of the month coinciding with or next following the date the eligibility requirements have been met. The custodian of the Plan is John Hancock Life Insurance Company (USA). The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

Contributions – Pretax 401(k) deferred contributions in the form of salary reductions by participants are allowed and remitted bi-weekly. The amount contributed is determined by the participant, subject to both statutory limitations and those defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional "catch up" contribution.

Starting in July 2016, the employer makes a matching contribution equal to 100% of the first \$400 of employee deferrals, and then 25% of the remaining employee deferral up to 6% of compensation. The employer match was stopped during 2020, but then restarted on January 1, 2021. The employer may also make nonelective contributions at its discretion. No nonelective contributions were made in 2022.

CCS Contractor Equipment & Supply 401(k) Profit Sharing Plan
Notes to the Financial Statements (cont'd)

1. Description of Plan (cont'd)

Participants' Accounts – Each participant's account is credited with the participant's contribution, allocations of the Company's matching contribution, earnings, and gains and losses from the investment funds elected. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Rollovers from other qualified plans are allowed to be made to the Plan. These amounts are placed in the participant's rollover account and share in the earnings and gains and losses of the investment funds elected by the participant in a manner similar to the participant's account.

Investment Options – The Plan is funded with a group annuity contract (Contract) issued by John Hancock Life Insurance Company (JHLIC). Participants may direct contributions to any of the available separate investment accounts, which are invested exclusively in shares of specific mutual funds or Guaranteed Interest Accounts. Funds allocated to the Guaranteed Interest Accounts are placed in the JHLIC general account where they are invested in accordance with JHLIC's general account investment policy. The objective of that investment policy is to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages. Under the contract, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and Contract provisions. The Plan administrator may add additional investment funds or change the available investment options at any time, as deemed appropriate. The group annuity contract is not fully benefit-responsive.

Vesting – A participant is fully vested in participant contributions, plus actual earnings, gains and losses thereon, at all times. Vesting in the Company's matching and discretionary nonelective contributions and the earnings thereon is as follows:

<u>Number of Completed Years of Service</u>	<u>Portion of Balance of Account Vested</u>
Less than one two	None
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six years or more	100%

The non-vested portion of a terminated participant's Company contribution account is forfeited and used to both pay certain Plan administrative expense and reduce the Company's contributions to the Plan. For the 2022 Plan year, there was \$4,324 in forfeitures. \$4,861 in forfeitures remain unused at December 31, 2022 (\$6,233 at December 31, 2021).

CCS Contractor Equipment & Supply 401(k) Profit Sharing Plan

Notes to the Financial Statements (cont'd)

1. Description of Plan (cont'd)

Notes Receivable From Participants – Participants may, subject to certain conditions and limitations, borrow from the Plan an amount not exceeding 50% of the vested portion of the participant's account. The aggregate outstanding balance of all loans is limited to the lesser of \$50,000 or 50% of the vested portion of the participant's account under the Plan. Loan terms range from one to five years for a general-purpose loan or up to 10 years for the purchase of a primary residence.

The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2022, the interest rates range from 4.25% to 7.25%.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either a single lump-sum amount or installment payments equal to the value of the participant's account. In-service withdrawals from transfer accounts, distributions after age 59 ½, and hardship distributions are also allowed by the Plan.

Plan Termination – Although the employers have not expressed any intent to terminate the Plan, they may do so at any time. The termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, all account balances as of the date of termination shall be payable to the participants and beneficiaries.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CCS Contractor Equipment & Supply 401(k) Profit Sharing Plan
Notes to the Financial Statements (cont'd)

2. Summary of Significant Accounting Policies (cont'd)

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the employers and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – Subsequent events have been evaluated through October 13, 2023, which is the date the financial statements were available to be issued.

3. Information Prepared and Certified by Custodian

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by John Hancock Life Insurance Company, the custodian, and furnished to the Company. The Company has obtained certifications from the Custodian as of December 31, 2022 and December 31, 2021, and for the year ended December 31, 2022, that such information is complete and accurate.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a three-level valuation hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Separate investment accounts are invested in shares of specific mutual funds and guaranteed interest accounts. Investments in mutual funds are as directed by the Plan administrator and credited to the Plan in the form of accumulation units. Accumulation units are valued on a daily basis by using commercial quotation services and published on the John Hancock Insurance Company website. The valuations are based on the net asset value of the mutual fund shares held in the separate account and are divided by the units held to calculate a unit value price. These assets can be redeemed daily and there are no withdrawal restrictions. These assets are categorized in Level 2 of the fair value hierarchy.

The separate investment accounts offered to participants consist of accounts with various investment strategies including aggressive growth, growth, growth and income, income, and lifestyle funds.

Investments in Guaranteed Interest Accounts are valued based on rates published by John Hancock Insurance Company for which interest is computed for the specified terms and comparing those rates to the rates on which the actual interest is determined and adjust the book value based on the difference in those rates. Withdrawals and transfers have certain restrictions and limitations as defined in the contract. These assets are also categorized in Level 2 of the fair value hierarchy.

Notes to the Financial Statements (cont'd)

4. Fair Value Measurements (cont'd)

At December 31, 2022, the Plan's financial instruments measured at fair value were categorized as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Separate investment accounts	\$ -	\$ 3,027,424	\$ -	\$ 3,027,424
Guaranteed interest accounts	-	213	-	213
Total	\$ -	\$ 3,027,637	\$ -	\$ 3,027,637

At December 31, 2021, the Plan's financial instruments measured at fair value were categorized as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Separate investment accounts	\$ -	\$ 3,124,865	\$ -	\$ 3,124,865
Guaranteed interest accounts	-	88	-	88
Total	\$ -	\$ 3,124,953	\$ -	\$ 3,124,953

5. Tax Status

The Plan has adopted a SunGard Business Systems, LLC volume submitter plan document. The Internal Revenue Service has determined and informed SunGard Business Systems, LLC, by a letter dated March 31, 2014, that the volume submitter plan document is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and Plan third-party administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

The Plan has an investment in separate investment and guaranteed interest accounts managed by the John Hancock Life Insurance Company. As John Hancock is the custodian and recordkeeper for the Plan, these are party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity. Payments of \$238 made to John Hancock in 2022 for those transactions are party-in-interest transactions under ERISA.

7. Risks and Uncertainties

The Plan invests in various separate investment accounts, which are invested exclusively in shares of specific mutual funds. These investment options are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
