REPORT OF INDEPENDENT AUDITORS

To the Trustees, Administrator and
Participants of AVMA Employees'
Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AVMA Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of an ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AVMA EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of AVMA Employees' Retirement Plan (the Plan) have been prepared using the accrual basis of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326), which is effective for the year ended December 31, 2023. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of either December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the loan balance is recorded as a deemed distribution.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2023 and 2022.

Expenses - Virtually all administrative services incurred by the Plan are absorbed by the Plan sponsor, American Veterinary Medical Association (the Association). Fees related to the administration of certain transactions and recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. Certain investment related and administrative expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through July 10, 2024, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information.

The Plan is a defined contribution retirement plan covering all full-time and part-time regular employees of American Veterinary Medical Association and American Veterinary Medical Foundation (collectively, the Association). On August 1, 2008, the Plan was amended and restated as a 401(k) and profit sharing plan. The restated plan allows all full-time and part-time regular employees who have attained the age of 18 to be eligible to participate in the Plan. In addition, all employees classified as temporary who have completed 12 months service are also eligible to participate. The Plan has adopted a volume submitter plan offered through T. Rowe Price Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

The Plan provides for employee salary 401(k) deferral contributions up to a maximum of 90% of eligible compensation and bonus compensation, as defined by the Plan, subject to limitations set forth by the Internal Revenue Code. All eligible employees are automatically enrolled in the Plan upon meeting eligibility requirements. Employee salary 401(k) deferral contributions are automatically deducted at the rate of 4% of eligible compensation unless the employee elects a different deferral rate or affirmatively elects not to participate in the automatic enrollment feature of the Plan. After six months of participation, the Plan allows for an automatic annual deferral increase of 1% per year to a maximum of 10%, effective each January 1. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for a non-elective contribution percentage equal to 4% of the participant's eligible compensation. In addition, the Plan allows the Association to make non-discretionary matching contributions based on each participant's compensation in an amount equal to 100% of each participant's deferral contributions, subject to a maximum of 3% of each participant's compensation. Additionally, each Plan year the Association is required under the Plan document to make a safe harbor non-elective employer contribution to the Plan on behalf of eligible participants in an amount equal to 3% of eligible compensation. The Association made a total of \$630,917 and \$583,782 of safe harbor non-elective employer contributions in 2023 and 2022, respectively, and \$822,909 and \$708,529 of annual fixed non-elective employer contributions for 2023 and 2022, respectively. Additionally, the Association made matching contributions of \$615,663 for 2023 and \$569,413 for 2022. The Association's matching contributions were reduced by \$12,032 and \$26,219 from forfeited non-vested accounts for the years ended December 31, 2023 and 2022, respectively.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Although the Association may also make a discretionary non-elective employer contribution to the Plan as approved by the Association's management, the Association did not make any non-elective employer contributions for the years ended December 31, 2023 and 2022.

The Plan allows participants to direct the investments of their account balances into various investment options offered by the Plan. Automatically enrolled participants have their contributions invested in a designated investment fund until changed by the participant. Participants must evaluate their own investment goals and objectives and choose investments best suited to achieve those goals and objectives. Poor investment performance by the investment funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf. Participants may change their investment options daily.

Each participant's account is credited with the participant's contribution as well as allocations of the Association's contributions, earnings and forfeitures of terminated participants' non-vested accounts, and is charged with an allocation of Plan administrative and recordkeeping fees, and certain transactional fees. The allocation of recordkeeping fees is based on participants' account balances and deducted from participants' accounts on a quarterly basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in all contributions and any earnings or losses thereon, except for the fixed non-elective employer contribution. Vesting in the fixed non-elective contribution, plus actual earnings thereon, is based on years of service. Under current Plan provisions, a year of service, for vesting purposes, is defined as occurring within a year ending on the participant's annual employment anniversary date, and not within a calendar year. A participant becomes 20% vested after completing two years of service with the Association and vests another 20% for each additional year of service.

If a participant is not fully vested at the time benefits are withdrawn or after a five-year consecutive break in service, the non-vested portion of the account is forfeited. Forfeitures may be used to reduce the fixed non-elective employer contribution or to pay administrative expenses of the Plan, and any remaining amounts may be allocated to the participants' accounts. Allocations of forfeitures are considered additional employer contributions and are subject to the vesting provisions of employer fixed non-elective contributions. For the years ended December 31, 2023 and 2022, forfeitures totaled \$11,978 and \$26,219 respectively. Net assets available for benefits at December 31, 2023 and 2022 include a total of \$11,985 and \$26,260 respectively, which are available to reduce the Association's matching contributions made after year end.

Distributions are payable upon the retirement, death, disability or termination of employment. The Plan also allows in-service distributions. Participants who are age 59½ or older and who are still employed may elect to receive distributions while continuing to work. Additionally, the Plan has established a hardship withdrawal option in which participants may be eligible for a partial withdrawal of their balance if certain hardship events have occurred. Payment of benefits may be in the form of an annuity, installment or lump-sum amount equal to the vested balance of a participant's account.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balances. Participants may only have one loan outstanding at any time. Interest rates ranged between 4.25% and 9.50% during 2023 and 2022, based on the prime rate plus 1%. Loan repayment terms can range from one to five years for general purpose loans and from one to fifteen years for primary residence loans. Principal and interest are generally repaid ratably through payroll deductions.

Participants should refer to the plan document for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100% vested in their account balances.

NOTE 4. TAX STATUS

The Association adopted a volume submitter prototype plan. Because the Plan is not required to receive a determination letter directly from the Internal Revenue Service (IRS), the Plan has not received a determination letter specific to the Plan itself. However, the prototype plan has received a determination letter from the IRS as to the prototype plan's qualified status. The prototype plan determination letter has been relied upon by the Plan. During the year ended December 31, 2022, the Plan was restated to comply with the IRS Cycle 3 restatement requirements. Cycle 3 is a document restatement event, part of a series that occurs every six years. The IRS requires all 401(k) plans that are using pre-approved documents to be restated onto an updated document. These updated documents must incorporate legislation, regulations and other items specified by the IRS since the last restatement. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investment measured at net asset value:				
Common collective trust	1,586,601			
Total	\$ 41,337,196			

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Level 2 Measurements

The money market fund is valued at cost, which approximates its fair value.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Measurements Using Net Asset Value as a Practical Expedient

The common collective trust is valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liability. The practical expedient is not used when it is determined to be probable that the fund will redeem the investment for an amount different than the reported net asset value.

The common collective trust is a direct filing entity (DFE) and files a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis upon written notice.

NOTE 6. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has obtained certifications from T. Rowe Price Trust Company (T. Rowe Price), the Trustee of the Plan, that the following information as of and for the years ended December 31, 2023 and 2022 is complete and accurate:

	<u>2023</u>	<u>2022</u>

Interest income on notes receivable from participants	\$ 15,705	\$ 12,482

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

T. Rowe Price is the Trustee of the Plan. As such, transactions between the Plan and the Trustee are considered party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA, upon meeting specified conditions. T. Rowe Price provides certain administrative services to the Plan pursuant to a service agreement. Administrative services are primarily paid through a quarterly administrative fee charged to participants' accounts. These fees totaled \$32,019 and \$27,672 for the years ended December 31, 2023 and 2022, respectively.

In conjunction with the administrative services agreement with T. Rowe Price, the Plan receives quarterly fee credits for services performed by T. Rowe Price related to the Plan's investment option providers. These payments are allocated to eligible participants' accounts and totaled \$26,100 and \$39,755 for the years ended December 31, 2023 and 2022, respectively.
