First State Bank and Trust of Tonganoxie 401(k) Profit Sharing Plan and Trust
Tonganoxie, Kansas

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of First State Bank and Trust of Tonganoxie 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

First State Bank and Trust of Tonganoxie 401(k) Profit Sharing Plan and Trust

(Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules for 2023 Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Financial Statements for December 31, 2022

The 2022 statement of net assets available for benefits for the Plan as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended for First State Bank and Trust of Tonganoxie 401(k) Profit Sharing Plan and Trust were audited by predecessor auditors whose report was dated October 4, 2023. As permitted by 29 CFR 2520.103.8 the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed them not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Note 1: Description of the Plan

The following description of the First State Bank and Trust of Tonganoxie 401(k) Profit Sharing Plan and Trust (the Plan), provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering employees of First State Bank and Trust (the Company). Employees are eligible to begin deferring contributions immediately upon employment commencement. New employees are subject to auto-enrollment at their eligibility date. Employees are eligible for company matching contributions at that same time. Employees are eligible for any discretionary contributions if employed on the last day of the Plan year and obtaining 1,000 hours of service in the Plan year. Age 18 must be attained to be eligible for any type of employee or employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participating employees may elect to contribute a fixed percentage of their annual compensation, as defined in the Plan document, to the Plan on a tax-deferred or after-tax basis. New participants will be automatically enrolled in the Plan at a fixed 3% of their annual compensation on tax-deferred basis. Participants who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds to Plan participants. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions. Contributions are subject to certain IRS limitations.

Employer Contributions

The Company contributes a match of 50 percent of the participant's contribution up to five percent of the employee's eligible compensation. Participants direct the investment of the Company match into the investment options offered by the Plan.

At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, also may make profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Company contributions, both matching and profit-sharing, are invested in the participant directed accounts in the same manner as the employee deferrals. The Company has not elected to provide a discretionary contribution for 2023 or 2022.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of the employer's matching contribution, any employer discretionary profit-sharing contribution and Plan earnings, which are allocated proportionately among all participants based on participant earnings or account balances, as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their own deferral contributions and rollover contributions. Company matching and profit sharing contributions, and any earnings attributable to these contributions, will be come vested in employer profit sharing contributions on a six year graduated vesting schedule.

Tonganoxie, Kansas

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2023 and 2022

Note 1: Description of the Plan (Continued)

Payment of Benefits

Distributions are made upon death, disability, retirement, or termination of employment. In-service distributions are permitted upon attaining age 59 1/2. The participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions are made in a lump sum, substantially equal payments or a partial withdrawal to the participant and designated beneficiaries. Mandatory distributions may be made following severance from employment when the participant's account balance is \$5,000 or less without written consent.

Forfeitures

Forfeitures represent the non-vested portion of participant account balances upon termination. Participants forfeit the non-vested portion of employer contributions made on their behalf upon the earlier of the date they withdraw from the Plan or upon Plan-specified number of breaks in service. The amount forfeited totaled \$6,559 and \$6,734 for the years ending December 31, 2023 and 2022, respectively. Forfeited amounts are used to pay administrative expenses or reduce any employer contribution. Forfeitures used to reduce employer contributions were \$6,933 and \$7,453 for the years ending December 31, 2023 and 2022, respectively. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$0 and \$375, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Company are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2023 and 2022 the Plan had no pending distributions of a participant requesting distribution but not receiving it until the subsequent year.

Investment Valuation and Income Recognition

The Plan's investments are presented as determined and certified by Matrix Trust Company (the Custodian) as of the Plan's year end. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of distributions from participants accounts are charged directly to the participants account. Investment fees and other expenses are included in administrative expenses.

Note 2: Summary of Accounting Policies (Continued)

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See Note 3 for further documentation on fair value measurements.

Note 3: Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2023				
Mutual funds and money market funds	<u>\$ 8,965,323</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,965,323</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Mutual funds and money market funds	<u>\$ 7,503,429</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,503,429</u>

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Money Market Accounts

Valued at the daily closing price as reported by the fund. Mutual funds and money market accounts held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market accounts held by the Plan are deemed to be actively traded.

Note 4: Related Party and Party in Interest Transactions

The Company absorbs the cost of audit fees related to the Plan, some administrative fees and the cost of fidelity bonds. The Company provides administrative services on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements.

Administrative functions are performed by officers or employees of the Company. Additional party-in-interest transactions include audit fees paid to Mize CPAs, custodian fees paid to Matrix Trust and third party administration fees paid to TPP. These transactions qualify as exempt party-in-interest transactions.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6: Tax Status

The Company adopted a non-standardized prototype Plan document. The Internal Revenue Service issued an opinion letter, dated June 30, 2020, on the prototype Plan document, indicating the basic plan document is acceptable under Code Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of worldwide incidents, there has been heightened market risk and volatility that could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the market during this time, Plan management is unable to estimate the total impact these events may have.

Note 8: Reconciliation of Financial Statements to Form 5500

Schedule H of Form 5500 reconciles to the financial statement amounts.
