INDEPENDENT AUDITORS' REPORT

To The Trustees and Those Charged with Governance of
American Auto Auction Group 401(k) Plan
Moncks Corner, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Auto Auction Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits for the ten months ended October 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of American Auto Auction Group 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Nationwide Life Insurance Company, the custodian as of October 31, 2022 and December 31, 2021 and for the ten months ended October 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by the custodian agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of a Matter – Compliance Matters

As further discussed in Note 12 to the financial statements, we discovered operational compliance matters involving the Plan that plan management is working to resolve as of the report date. As such, we cannot, and do not, provide any assurance that the Plan would maintain its tax-exempt status should these compliance matters remain uncorrected.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Auto Auction Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Auto Auction Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Auto Auction Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Auto Auction Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H; Line 4a – Schedule of Delinquent Participant Contributions for the ten months ended October 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT

To The Trustees and Those Charged with Governance of
American Auto Auction Group 401(k) Plan
Moncks Corner, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Auto Auction Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits for the ten months ended October 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of American Auto Auction Group 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Nationwide Life Insurance Company, the custodian as of October 31, 2022 and December 31, 2021 and for the ten months ended October 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by the custodian agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of a Matter – Compliance Matters

As further discussed in Note 12 to the financial statements, we discovered operational compliance matters involving the Plan that plan management is working to resolve as of the report date. As such, we cannot, and do not, provide any assurance that the Plan would maintain its tax-exempt status should these compliance matters remain uncorrected.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Auto Auction Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Auto Auction Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Auto Auction Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Auto Auction Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H; Line 4a – Schedule of Delinquent Participant Contributions for the ten months ended October 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

American Auto Auction Group 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of American Auto Auction Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of American Auto Auction Group, LLC (the Company) and its subsidiaries. Employees are deemed eligible to participate in the Plan upon attaining the age of twenty-one or older and completing 1000 hours of service within the 12 month period following hire date. Plan entry dates for eligible participants are the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following the date the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective November 1, 2022, the Plan was merged with and into the AAAG Holdings, Inc. 401(k) Plan. All assets of the American Auto Auction Group 401(k) Plan were transferred into the AAAG Holdings, Inc. 401(k) Plan as of October 31, 2022.

Contributions

Each year, participants may contribute an elected amount of pre-tax annual compensation, as defined by the Plan. Additionally, participants may elect to contribute Roth post-tax deferrals to the Plan. Participants who are age fifty or older by the end of the year may also elect to make an additional catch-up contribution to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company, at its discretion, may make nonelective and matching contributions to the Plan. Company contributions are invested into the investment options elected by the participant. The Company elected not to make any discretionary contributions to the Plan for the ten months ended October 31, 2022. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company discretionary contributions (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of plan investment earnings and administrative expenses are based on participant account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in any other contributions made by the Company plus actual earnings thereon is based on years of credited service. A participant is 100 percent vested after five years of credited service.

American Auto Auction Group 401(k) Plan Notes to Financial Statements

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into any of the available investment options offered under the Plan. Participants may change their investment options as often as permitted under the investment vehicles chosen by the participant. The Plan currently offers various mutual funds, a common collective trust fund and one unallocated contract as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000, or fifty percent of their vested account balance, whichever is less. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and interest rates are determined on the date of the loan. For loans issued prior to June 15, 2018, the loan interest rate is set at prime plus one percent. For loans issued after the June 15, 2018 plan restatement, the interest rate is set at prime plus 2 percent. Principal and interest is paid ratably through payroll deductions. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

On termination of service, a participant may elect to receive benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Effective with the June 15, 2018 plan restatement, consent is only required for vested account balances exceeding \$5,000. Vested account balances exceeding \$1,000 but less than \$5,000 are automatically rolled over into an individual retirement account. Vested account balances of \$1,000 or less will be distributed in a lump-sum amount without participant consent. Hardship withdrawals by Plan participants may be made upon written request to, and approval by, the Plan administrator. In-service withdrawals are also permitted for participants who have attained age 59 ½.

Forfeited Accounts

Any portion of a participant's account which is not vested as of the participant's termination date is forfeited to the Plan. Forfeitures are allocated to remaining active participants in the Plan on the last day of the plan year. There have been no forfeitures generated since Plan inception.

2. Plan Merger

On August 15, 2022, the Board of Directors approved a plan amendment and merger of the American Auto Auction Group 401(k) Plan into the AAAG Holdings, Inc. 401(k) Plan effective November 1, 2022. As of October 31, 2022, the following plan assets had been transferred into the merged plan, as follows:

Investment assets transferred	\$ 5,052,132
Notes receivable from participants	86,296
Pre-October 31, 2022 contributions funded directly to merged plan	19,243
	<u>\$ 5,157,671</u>

3. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of December 31, 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. As of October 31, 2022, all outstanding notes receivable from participants had been transferred to the AAAG Holdings, Inc. 401(k) Plan.

Accrued Corrective Distributions

Amounts payable to participants for corrective distributions required as a result of the annual non-discrimination testing are recorded as a liability in the Statement of Net Assets Available for Benefits and as a reduction of plan assets in the Statement of Changes in Net Assets Available for Benefits. At December 31, 2021, accrued corrective distributions totaled \$68,703. Required corrective distributions for the ten-month period ended October 31, 2022, totaled \$61,869 and will be funded from the AAAG Holdings, Inc. 401(k) Plan.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain fees such as distribution and those related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

American Auto Auction Group 401(k) Plan Notes to Financial Statements

Subsequent Events

The Plan has evaluated subsequent events through June 30, 2024, the date the financial statements were available to be issued.

4. Information Certified by the Plan's Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, plan management has instructed the plan's independent auditors not to perform any auditing procedures with respect to information certified by the Plan's custodian, except for comparing such information certified by the custodian with the information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year).

The following is a summary of the Plan's investment information as of October 31, 2022 and 2021 and for ten-month period ended October 31, 2022, included in the Plan's financial statements, that was prepared by, or derived from, information prepared by the custodian of the plan, Nationwide Life Insurance Company, and furnished to plan management. Plan management has obtained certifications from the custodian that such information is complete and accurate.

	2022	2021
Investments	\$ -	\$ 5,871,552
Interest and dividends	\$ 13,179	
Net depreciation in investments	\$ (1,271,831)	

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See independent auditors' report

American Auto Auction Group 401(k) Plan Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued using the previous day's unit value as reported by the fund house, multiplied by a Net Investment Factor (NIF). The NIF is calculated as the mutual funds NAV at the end of the day plus dividends and capital gains, divided by the mutual funds NAV at the end of yesterday, less daily admin charges multiplied by the number of days since the last unit value calculation. The mutual funds' account value cannot be determined by multiplying the number of units by the share value published as their NAV per actively traded markets of the Securities and Exchange Commission for any given day. As such, the mutual funds held by the Plan were determined to be Level 2 investments within the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. There were no remaining investment assets in the Plan as of October 31, 2022, as all investment assets had been transferred to the AAAG Holdings, Inc. 401(k) Plan.

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ -	\$ 5,841,613	\$ -	\$ 5,841,613
Total Investments at Fair Value	\$ -	\$ 5,841,613	\$ -	\$ 5,841,613

6. Investment Contracts with Insurance Company

During 2021 and 2022, the Plan had entered into a fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company (Nationwide). Nationwide maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

American Auto Auction Group 401(k) Plan Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at October 31, 2022 and December 31, 2021 was \$0 and \$29,939, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. As of December 31, 2021, the annualized effective interest rate was 1.78%. Such interest rates are reviewed on a quarterly basis for resetting. The fair market value for the fixed select contract is equal to the book value less any Contingent Deferred Sales Charge (CDSC). As a result of the Plan Merger, none of the Plan's net assets were invested in the guaranteed investment contract as of October 31, 2022. Following is a reconciliation of fair value to contract value at December 31, 2021.

<u>Guaranteed investment Contract</u>	<u>2021</u>
Investment, at fair value	\$ 30,328
Contract value adjustment	<u>(389)</u>
Investment, at contract value	<u>\$ 29,939</u>

7. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company contributions portion of their account.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the individual participant account statements and the statement of net assets available for benefits.

9. Tax Status

The Plan has adopted a volume Submitter 401(k) / Profit Sharing Plan intended to conform with Internal Revenue Code (IRC). The Internal Revenue Service determined and informed the Plan custodian by a letter dated May 11, 2009, that the Plan is acceptable in accordance with applicable sections of the IRC. Although the Plan has not received an individual determination letter and has been amended since receiving the aforementioned letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

American Auto Auction Group 401(k) Plan Notes to Financial Statements

10. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Nationwide Life Insurance Company who is the custodian and recordkeeper of the Plan and, therefore, these transactions qualify and party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. For the ten-month period ended October 31, 2022, the Plan did not make any direct payments to Nationwide Life Insurance Company which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations. Additionally, the Company provides certain administrative services to the plan for which no fees are charged.

11. Prohibited Transactions – Delinquent Participant Contributions

For the ten-month period ended October 31, 2022, and the plan year ended December 31, 2021, the Company failed to remit participant deferral contributions and loan repayments totaling \$22,179 and \$18,805 respectively, to the Plan within the time limit required by the Department of Labor, representing a nonexempt loan of funds to the Company from the Plan. These untimely remittances constitute prohibited transactions between the Company and the Plan. With the exception of \$122 of the delinquent contributions that were receivable to the Merged Plan at year end, the Company has remitted all delinquent contributions to the Plan. Management is working with the Plan's third-party service providers to prepare and file a Form 5330 with the Internal Revenue Service and will remit the calculated lost earnings to the Plan. Plan management does not believe that the resolution and correction of these matters will have a negative impact on the Plan's qualified tax status.

12. Compliance Matters

The Plan's definition of compensation includes bonus compensation as compensation eligible for participant deferral contributions. During the ten-month period ended October 31, 2022, the Company excluded bonus compensation from the amount of compensation used to calculate participant deferral contributions for some participants, resulting in affected participants making lower deferral contributions than they otherwise would have made. Plan management is working with its third-party service providers to take appropriate action to rectify this matter. Any corrective contributions will be funded to the AAAG Holdings, Inc. 401(k) Plan. While unresolved compliance matters could have a significant detrimental impact on the ongoing plan operations, the Company does not believe that the resolution of this matter will have a negative impact on the Plan's qualified tax status. As such, the financial statements do not include adjustments that may be required should the Plan lose its qualified tax status as a result of the identified compliance matter.

During 2022, the Company funded participant contributions to the Plan in excess of amounts withheld from payroll in the amount of \$5,605. The contributions were not recouped from the participants' accounts and have been separately reported as "other contributions" in the Statement of Net Assets Available for Benefits.

American Auto Auction Group 401(k) Plan Notes to Financial Statements

13. Form 5500 Reconciliation

The financial statements include accrued corrective distributions at December 31, 2021 that were not recorded in the Form 5500.

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets available for benefits per the Form 5500 at December 31, 2021.

	<u>2021</u>
Net assets available for benefits per financial statements	\$ 5,922,464
2021 Accrued corrective distributions	68,703
