Independent Auditor's Report

To the Plan Administrator of
403(b) Thrift Plan for the Stamford
Jewish Community Center
Stamford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the accompanying financial statements of the 403(b) Thrift Plan for the Stamford Jewish Community Center (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan had inadequacies in its records prior to January 1, 2009 with respect to individual participant account balances accumulated from inception of the Plan. Accordingly, we were unable to apply auditing procedures with respect to individual account balances as of December 31, 2022 or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended December 31, 2022 sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2022, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of the 403(b) Thrift Plan for the Stamford Jewish Community Center (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Jewish Community Center, Inc. (JCC or Plan Sponsor) established the Plan on September 1, 2001 which was most recently amended on July 18, 2022. The Plan covers all permissible employees of JCC, as defined by the Plan, in accordance with the Universal Availability Standards, as defined. Participants are eligible to participate as of their date of hire. The Plan is a 403(b) plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Directors of JCC oversees governance of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Directors.

Participant Contributions and Investment Options:

Participants may voluntarily contribute a percentage of their pre-tax and post-tax annual eligible compensation as limited by the Internal Revenue Code (the Code) and as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants.

Employer Contributions:

The Plan Sponsor may make a discretionary matching contribution equal to a percentage of the participant's elective deferral contributions. To qualify, a benefitting participant must complete one year of service and be at least 21 years of age. Employer contributions for the year ended December 31, 2022 were $55,511. The Plan Sponsor did not make a discretionary matching contribution for the year ended December 31, 2021.

In addition to the discretionary matching contribution, the Company may make a discretionary contribution called a qualified nonelective contribution (QNEC). If a QNEC contribution is made, the participant will automatically vest 100% in that QNEC contribution. During the years ended December 31, 2022 and 2021, QNEC contributions totaled $3,631 and $0, respectively (see Note 11).

Participant Accounts:

Each participant's account is credited with the participant's contribution and employer matching contribution. Participant accounts are also credited with investment earnings or losses, and charged with an allocation of administrative expenses paid by the Plan, as required. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Vesting:

Participants are immediately 100% vested in their voluntary contributions, including actual earnings thereon. For the employer match, participants are 50% vested after 2 years and 100% vested after 3 years.

Forfeitures:

Any non-vested portion of a participant's account balance shall be forfeited upon a severance from service (as defined.) Forfeitures are used to reduce future employer contributions to the Plan or reduce Plan expense. There were no forfeitures available or any forfeitures used as of and during the years ended December 31, 2022 and 2021.

Notes Receivable from Participants:

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1 to 5 years except when the use of proceeds is for the purchase of a primary residence, for which the term may be longer. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may not have more than five outstanding loans at any point in time. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the code.

Loan balances outstanding at the time that the participant separates from employment will be repaid to the Plan via a reduction of the final benefit payment to the extent not paid prior to the determination of the distribution or reclassified as deemed distributions.

Excess Participant Contributions Payable:

Excess participant contributions payable represent payments due to certain active participants to return excess contributions in order to satisfy the relevant nondiscrimination provisions of the Plan. The Plan distributes the excess contributions to applicable participants in March of each year. For the year ended December 31, 2023 excess contributions totaled $3,631. There were no excess contributions for the year ended December 31, 2022.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reason, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance, or to receive annual or more frequent installments over a period not to extend beyond the life expectancy of the participant, or beneficiary. The nonvested portion of the employer contribution is forfeited upon the participant's separation from employment. The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 ½ or due to hardship, as defined in the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 6).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions in accordance with the provisions of the Plan. There were no outstanding loans and no allowance for credit losses as of December 31, 2022 or 2021.

Payment of Benefits:

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Reclassifications:

Certain 2021 amounts have been reclassified to conform to the 2022 presentation. Such reclassifications had no material effect on the financial statements.

NOTE 3 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments, guaranteed investment account, interest accumulation account, and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, interest income on guaranteed investment account and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Financial Group (Principal) and Mutual of America (MoA), the custodians of the Plan.

NOTE 5 – FAIR VALUE MEASUREMENTS:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued):

The following summarizes the fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore, level 1.

Interest Accumulation Account: The Plan holds an interest accumulation account through a deposit administration contract. In a deposit administration contract, the employer deposits funds at interest with a life insurance company, and then makes withdrawals from the deposit fund to buy retirement annuities for retiring employees. The deposit administration contract contains permanent annuity purchase rate guarantees under which the life insurance company permanently guarantees that each $1,000 of fund value will be able to buy at least a certain amount of annual annuity benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued):

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,535,376	$ -	$ -	$ 2,535,376
Interest accumulation account	-	-	27,093	27,093
	$ 2,535,376	$ -	$ 27,093	$ 2,562,469

December 31, 2021

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,121,886	$ -	$ -	$ 3,121,886
Interest accumulation account	-	-	27,010	27,010
	$ 3,121,886	$ -	$ 27,010	$ 3,148,896

Level 3 Gains and Losses:

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31:

	2022	2021
Balance, beginning of year	$ 27,010	$ 26,752
Earnings	107	296
Expenses	(24)	(38)
Balance, end of year	$ 27,093	$ 27,010

Interest Accumulation Account:

The Interest Accumulation Account represents a deposit administration contract (Contract) entered into by the Plan with, MOA. MOA maintains the contributions in an unallocated fund, whose assets are invested with other assets in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by MOA. Contract value represents contributions made under the Contract, plus earnings, less withdrawals and administrative expenses. There are no reserves against contract value for the credit risk of the Contract issuer or otherwise. Participants can no longer direct contributions to the Interest Accumulation Account.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued):

Interest Accumulation Account (continued):

Requests for withdrawal can be made at any time and no fair value adjustment is applied as they are not dependent on MOA having to liquidate securities in order to generate a payment. In addition, in cases of transfer to other providers or contract discontinuance, MOA will not impose any separate charges or fees or any market value adjustment on balances in the General account. Effectively, the contract value of the investment in general account per the statements of net asset available for benefits is the redeemable value of the fund. The contract crediting rate is established on a quarterly basis and is based on a formula agreed upon with the issuer.

There are no events that limit the ability of the Plan to withdraw contract value or otherwise transact at contract value with MOA as the contract issuer. MOA may defer any withdrawal requests for up to six months following the date that MOA receives the transaction request. MOA or the Plan may terminate the contract with 30 days advance written notice to either party. Upon such notice, the contract owner may choose immediate payment at contract value or purchase the paid-up annuity benefits within 30 days.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT:

Principal Fixed Income Guaranteed Option:

The Plan has a fully benefit-responsive guaranteed investment contract, totaling $495,663 and $515,631 at December 31, 2022 and 2021, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT (Continued):

Principal Fixed Income Guaranteed Option (continued):

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are units of guaranteed investment contracts managed by Principal and MoA, the custodians of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 – PLAN TERMINATION:

Although it has not expressed any intent to do so, JCC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' interest in their accounts shall be payable in accordance with their reported values.

NOTE 9 – TAX STATUS:

The Plan has adopted a 403(b) prototype plan. 403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was compliant and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS:

During the year ended December 31, 2022, JCC failed to deposit participant deferrals in the amount of $805 within the required timeframe as stated by the United States Department of Labor (DOL). DOL regulations require that employee contributions be transferred to the custodian as of the earliest date on which such contributions can be reasonably segregated from the employer's general assets. JCC has taken corrective action to ensure future compliance with timely transmission of participant contributions to the custodian. Further, during 2024, JCC made a corrective contribution of the participant's deferrals as well as made a contribution to the Plan in the amount of the lost earnings on the late deposits, for the delinquent contribution identified. The lost earnings have an immaterial effect on the financial statements and are included in contributions in the statements of changes in net assets available for benefits.

NOTE 11 – EMPLOYER CORRECTIVE CONTRIBUTIONS:

During the year ended December 31, 2022, the plan failed to meet non-discrimination tests in accordance with IRS regulations. In order to meet with the applicable rules, DOL regulations require employers to make a qualified nonelective contribution plus lost earnings. During 2024, the Company made a corrective contribution plus lost earnings to the Plan in the amount of $3,631. The Company has taken corrective action to ensure future compliance with requirements.

NOTE 12 – RECONCILIATION TO FORM 5500:

The plan administrator has elected to exclude certain pre-2009 contracts and accounts from plan assets for the purposes of ERISA's annual reporting requirements and as such the amounts are not reported in the Form 5500 financial and supplementary schedules.

NOTE 12 – RECONCILIATION TO FORM 5500 (Continued):

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

	2022	2021
Net Assets Available for Benefits per the financial statements	$ 3,069,009	$ 3,670,249

Net Assets Available for Benefits per Form 5500	$ 3,031,039	$ 3,643,239

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the years ended December 31:

	2022	2021
Change in Net Assets Available for Benefits per the financial statements	$ (601,240)	$ 611,158
Less: Earnings on Mutual of America Interest Accumulation Account	(107)	(296)
Less: contribution receivables	(10,877)	-
Add: Administrative expenses on Mutual of America Interest Accumulation Account	24	38
Change in Net Assets Available for Benefits per Form 5500	$ (612,200)	$ 610,900

NOTE 13 – SUBSEQUENT EVENTS

Effective October 2023, the Plan has terminated its agreement with Principal and has entered into a new agreement with Mid-Atlantic Trust Company which will serve as the Plan's Custodial Trustee.

Management has evaluated subsequent events through June 11, 2024, the date the financial statements were available to be issued.
