Independent Auditors' Report

To the Finance and Audit Committee of
Louisiana-Pacific 401k and Profit Sharing Plan:

Opinion on the 2023 Financial Statements

We have audited the financial statements of Louisiana-Pacific 401k and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in *the Auditors' Responsibilities for the Audit of the Financial Statements of the 2023 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Prior Period Financial Statements

The 2022 financial statements of Louisiana-Pacific 401k and Profit Sharing Plan were audited by predecessor auditors whose report dated June 27, 2023 expressed an unmodified opinion on those statements.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LOUISIANA-PACIFIC 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Louisiana-Pacific ("LP") 401(k) and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for detailed information. All dollar amounts are shown in thousands except share amounts.

General - The Plan was initially adopted in 2000 and amended and restated effective December 27, 2023. The Plan is a defined contribution plan covering all U.S. salaried and hourly employees of Louisiana-Pacific Corporation (the "Company" or "LP"), except those members of a collective bargaining unit, certain temporary or leased employees, and nonresident aliens who receive no U.S. source income. The Plan is designed to comply with applicable provisions of the Internal Revenue Code (the "IRC") and the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. Any employee noted above may become a participant immediately upon hire. The Plan is administered by an administrative committee (the "Plan Administrator") comprised of a minimum of three members appointed by LP.

Contributions - Contributions to the Plan include (i) compensation reduction contributions authorized by participants, (ii) non-discretionary matching contributions made by LP, (iii) discretionary profit-sharing contributions made by LP, and (iv) participant rollovers from other qualified plans or conduit Individual Retirement Arrangements.

Participants may elect to contribute a pre-tax and/or Roth percentage of their compensation to the Plan each year, subject to limitations, as defined in the Plan document and set by the IRC. Pre-tax contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect a different percentage for their contribution. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in an age-appropriate target fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

LP matches contributions at 100% of the first 4% and 50% of the next 2% of eligible compensation deferred. LP can also make a discretionary profit sharing contribution. During the year ended December 31, 2023 and 2022, discretionary profit-sharing contributions were \$4,610 and \$10,720, respectively. Participants may direct the investment of their contributions and the employer contributions into various investment options offered by the Plan. Participants must be employed on the last day of the Plan year to receive profit-sharing contributions.

Participant Accounts - Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution, the Company's non-discretionary matching contribution, and allocations of the Company's discretionary profit sharing contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Participants are immediately 100% vested in their own contributions.

A participant shall become fully vested in employer contributions to the Plan upon the first of the following events to occur while employed by LP:

- Completion of three years of service for the profit-sharing contributions
- Completion of two years of service for the matching contributions
- Death
- Attainment of age 65

Payment of Benefits - Participants become eligible upon the occurrence of any one of the following:

- Normal retirement of the participant at age 65
- Death of the participant
- Termination of employment
- Age 59 1/2 (distribution restricted to pre-tax elective account and Roth elective account)

On termination of service, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments. If the participant has an account balance less than \$1,000, installment payments or partial distributions are not permitted, and distribution to a participant or beneficiary will be made in a lump-sum or distributed to an IRA.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum of \$50 or 50% of their vested account balance, whichever is less, for a period of no more than four years. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prime rate plus 1% at the time funds are borrowed as determined by the Plan Administrator. At December 31, 2023, interest rates range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions or as a lump-sum for the outstanding loan balance.

Hardship Withdrawals - No amounts may be withdrawn from a salary deferral account before a participant terminates employment with LP or attains the age of 59 1/2, except by reason of financial hardship.

Forfeited Accounts - When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures may be used to pay Plan expenses or be used to offset the amount LP would have otherwise contributed to the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$480 and \$266, respectively. These forfeitures will be used to reduce future employer contributions and/or pay Plan administrative expenses. During the years ended December 31, 2023 and 2022, employer contributions were reduced by \$662 and \$616 from forfeited non-vested accounts, respectively.

Administrative Expenses - Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Participants with more than one year of service are assessed a quarterly fee to offset Plan expenses. During the years ended December 31, 2023 and 2022, administrative expenses of \$413 and \$395, respectively, were paid by participants. Investment income is reported net of management fees and operating expenses.

Reclassification - The 2022 presentation of investments in the stable value fund, which presented and disclosed such investments at contract value, was revised in the 2023 presentation to reflect these investments at net asset value as a practical expedient to estimate fair value. The revision had no effect on the Plan's net assets available for benefits as of December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment securities, including common stock, mutual funds, collective trust funds, and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following is a description of the valuation methodologies used for assets measured at fair value:

Common Stock - LP's common stock is valued at the closing price reported on the New York Stock Exchange on the last business day of the Plan year.

Mutual Funds - Shares of mutual funds held by the Plan at year-end are valued at current quoted market prices.

Collective Trust Funds - Collective trusts are valued at the underlying investments' net asset value at the close of the day multiplied by the number of shares in the fund.

Stable Value Fund - The stable value fund valued using the NAV, as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (including guaranteed investment contracts issued by insurance companies, synthetic wrap contracts, and cash and cash equivalents), less its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Trusts participating in the fund are subject to restriction on withdrawals from the fund. Withdrawals needed for benefit payments and loan advances of participating employee benefit plans are generally permitted daily. Withdrawals for other purposes require twelve-month or thirty-month advance notice to the fund.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from sales of investments are recorded on the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. There were no changes in valuation methodologies during the years ended December 31, 2023 and 2022.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits - Benefit payments are recorded when disbursed.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Fair value calculations may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Total
Common stock — LP	\$ 38,967	\$ —	\$ 38,967
Mutual funds	127,736	—	127,736
Collective trust funds	—	297,133	297,133
Total assets, at fair value	\$ 166,703	\$ 297,133	\$ 463,836
Stable value fund*	—	—	47,125
Total assets	\$ 166,703	\$ 297,133	\$ 510,960

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Total
Common stock — LP	\$ 34,969	\$ —	\$ 34,969
Mutual funds	100,923	—	100,923
Collective trust funds:	—	247,879	247,879
Total assets, at fair value	\$ 135,892	\$ 247,879	\$ 383,771
Stable value fund*	—	—	56,706
Total assets	\$ 135,892	\$ 247,879	\$ 440,477

*The Stable Value Fund is measured at fair value in the tables above using the NAV per share (or its equivalent) practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy table to the amounts presented in the Statements of Net Assets Available for Benefits.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, LP reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested, and the interest of each participant in the Plan will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan's terms and the IRC. Upon termination of the Plan, the Plan Administrator shall pay all liabilities and expenses of the Plan.

5. ADMINISTRATION OF PLAN ASSETS

As of December 31, 2023 and 2022, the assets of the Plan are managed by the T. Rowe Price Trust Company (T. Rowe Price), who invests cash received, dividends and interest income, and makes distributions to participants. T. Rowe Price also administers the receipt of principal and interest on the participant loans outstanding.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of LP common stock and registered investment funds managed by T. Rowe Price. LP is the Plan sponsor and T. Rowe Price is the trustee and record keeper, as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions.

At December 31, 2023 and 2022, the Plan held 550,146 and 590,692 shares, respectively, of LP common stock, the sponsoring employer, with a fair value of \$38,967 and \$34,969. During the years ended December 31, 2023 and 2022, there was dividend income of \$547 and \$541, respectively, from LP common stock.

7. FEDERAL INCOME TAX STATUS

The Plan was amended on January 1, 2022, to adopt a prototype non-standardized Plan document sponsored by T. Rowe Price, who received an opinion letter from the IRS dated August 2020, which states that the prototype plan is qualified under the appropriate sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan continues to be qualified.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements as of December 31, 2023 and 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. SUBSEQUENT EVENTS

Plan management has evaluated events and transactions that occurred between December 31, 2023, and the report date for possible recognition or disclosure in the financial statements.
