INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Dalco 401(k) and Profit Sharing Plan
New Brighton, Minnesota

Opinion

We have audited the accompanying financial statements of Dalco 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 21, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the period ended December 21, 2023, and the related notes to the financial statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Dalco 401(k) and Profit Sharing Plan (the Plan) as of December 21, 2023 and December 31, 2022, and the changes in its net assets available for benefits for the period ended December 21, 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As described in Note 8 to the financial statements, the governing body of Dalco 401(k) and Profit Sharing Plan approved a plan liquidation on April 12, 2021, with final assets being distributed December 21, 2023. As a result, the 2023 and 2022 financial statement are presented on the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

DALCO 401(K) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 21, 2023 and December 31, 2022

Note 1 DESCRIPTION OF THE PLAN

The following brief description of the Dalco 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of the Company who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2021, the shareholders of Dalco Enterprises, Inc. and Subsidiaries (the Company or Plan Sponsor) approved a resolution to terminate the Plan effective April 12, 2021. See further discussion in Note 8.

ELIGIBILITY

Employees are eligible to make salary deferral contributions starting on the first day of the quarter coincident with or following the date the employee has reached 21 years of age and completed one year of service in which 1,000 hours were worked.

Employees are eligible to receive a match and nonelective contributions from the Company if the employee has reached 21 years of age, completed one year of service in which 1,000 hours were worked and is employed at the end of the year.

CONTRIBUTIONS

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation. Automatic contributions are invested in designated funds until changed by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company may make a discretionary matching contribution equal to a uniform percentage of the participant's deferral. No such contributions were made for the period ended December 21, 2023 due to the termination of the Plan.

The Company may also make an annual nonelective contribution to the Plan. The annual contribution is determined by the Company's Board of Directors and is limited to amounts allowed under provisions of the Internal Revenue Code. Nonelective contributions are allocated to participants' accounts pro rata, according to their total eligible compensation. The Company did not make discretionary contributions for the period ended December 21, 2023 due to the termination of the Plan. The Company may also make a discretionary qualified nonelective contribution to the Plan. No such contributions were made for the period ended December 21, 2023 due to the termination of the Plan.

DALCO 401(K) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 21, 2023 and December 31, 2022

All contributions are subject to certain limitation under the Internal Revenue Code.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and employer matching contributions, as well as allocations of (a) the Company's nonelective contribution, (b) Plan earnings, (c) forfeitures of terminated participants' non-vested accounts and (d) S-Corp distributions. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and Company discretionary qualified nonelective contributions plus actual earnings thereon. The participants' vesting in employer matching and discretionary nonelective contributions is twenty percent per year for each of the second through sixth years of service until fully vested. A participant's account also becomes fully vested upon reaching normal retirement age of 65, or upon death or disability. Effective April 12, 2021, the accounts of all participants became 100 percent vested.

PUT OPTION

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

PAYMENT OF BENEFITS

A participant's vested benefit is distributed upon death, disability, retirement or termination of employment. Distributions on account of death will be completed by December 31 of the calendar year containing the fifth anniversary of your death unless an election is made by the beneficiary to receive the payments over life expectancy as defined by the Plan. All other distributions are made as soon as administratively feasible following the date on which a distribution is requested or otherwise payable in a single lump-sum payment.

Distributions of the participants' account balances due to the Plan's termination were \$1,911,806 in 2023.

DIVERSIFICATION

Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution, unless eligible for floor price protection, in which case, shares are distributed. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

NOTES TO FINANCIAL STATEMENTS
December 21, 2023 and December 31, 2022

VOTING RIGHTS

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

FORFEITED ACCOUNTS

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance may be used to restore forfeitures, reduce company contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$0 at December 21, 2023 and December 31, 2022, respectively. No forfeitures were used in 2023 or 2022.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are presented in accordance with accounting principles generally accepted in the United States of America. On April 12, 2021, the shareholders of Dalco Enterprises, Inc. and Subsidiaries approved the Plan for liquidation. The Plan applied the liquidation basis of accounting for the period ended December 21, 2023 and the year ended December 31, 2022.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

PAYMENT OF BENEFITS

Benefit payments are recorded when paid.

ADMINISTRATIVE EXPENSES

Substantially all administrative expenses, including trust and recordkeeping fees, are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses on participant directed accounts are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 9, 2024, the financial statements were available to be issued.

Note 3 INVESTMENTS

The Plan's investment in Dalco Enterprises, Inc. common stock as of December 31, 2022 is as follows:

Number of shares	1,200
Cost	\$120,000
Estimated fair value	\$145,620

Note 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DALCO 401(K) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 21, 2023 and December 31, 2022

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Exchange traded funds: Valued based on the quoted prices in the active markets in which they are traded.

Dalco Enterprises, Inc. common stock: The Sponsor’s common stock is reported at fair value based upon an independent appraisal. The appraisal was based upon the asset approach to value shares held by the Plan at NAV due to the Plan Sponsor’s sale of substantially all of its assets in 2021. The NAV, as provided by the independent appraiser, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the Plan Sponsor’s assets and liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could results in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$371,176	\$ -	\$ -	\$371,176
Mutual funds	385,042	-	-	385,042
Exchange traded funds	759,835	-	-	759,835
Investments measured at net asset value (a)	-	-	-	145,620
Total investments at fair value	<u>\$1,516,053</u>	<u>\$0</u>	<u>\$0</u>	<u>\$1,661,673</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement to the line items presented in the statements of net assets available for benefits.

Note 5 PARTY-IN-INTEREST TRANSACTIONS

Dalco Enterprises, Inc. common stock and related transactions qualify as party-in-interest transactions.

Note 6 TAX STATUS

The Plan has received a determination letter from the IRS dated October 29, 2013, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability of the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 PLAN TERMINATION

Effective April 12, 2021, the shareholders of Dalco Enterprises, Inc. and Subsidiaries approved the Plan for liquidation. The participants were notified of the termination, all participants were fully vested as of April 12, 2021, and the Plan began distributing participant accounts in 2021. Liquidation was completed December 21, 2023.
