Independent Auditor's Report

To the Plan Administrator of the Town & Country Linen Corporation 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Town & Country Linen Corporation 401(k) Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets which provide benefits under the Plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified information in the supplemental schedules related to assets which provide benefits under the plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOWN & COUNTRY LINEN CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Town & Country Linen Corporation 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Town & Country Linen Corporation and the adopting employer (collectively the "Company") who have attained age 21 and completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Upon meeting eligibility requirements participants may contribute up to 100% of their plan compensation on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least 50 may make an additional "catch up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements.

The Company makes safe harbor matching contributions equal to 100% of each participant's deferral contributions up to 3% of the participant's compensation plus 50% of each participant's deferral contributions up to 2% of participant's compensation, for a maximum match of 4% of compensation. The Company may also make a discretionary non-elective contribution. Employees must have completed at least 501 hours of service during the plan year or must be employed on the last day of the plan year to be eligible for non-elective contributions. For the plan year ended December 31, 2023, the Company did not make a discretionary non-elective contribution.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account.

Vesting

Participants are fully vested in that portion of their account which represents their contributions, safe harbor contributions, and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's non-safe harbor contributions and earnings thereon vests according to the following schedule:

TOWN & COUNTRY LINEN CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

<u>Completed Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce company contributions.

Unallocated Assets

The Plan holds assets in an expense account which receives deposits as a result of a revenue sharing agreement with Voya Retirement Insurance and Annuity Company. Deposits to the account are included in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits. Funds in the account may be used to pay qualified plan expenses or may be allocated to plan participants.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. Participants may withdraw from their rollover account at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans bear an interest rate of the prime rate plus 2%. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Expenses of the Plan

Substantially all of the administrative expenses incurred by the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Any expenses not paid by the Company are paid by the Plan. Participant transaction expenses are paid by the participants initiating the transaction. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

TOWN & COUNTRY LINEN CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The Plan holds no investments that are required to be leveled within the fair value hierarchy as of December 31, 2023 and 2022.

The following information summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Investments measured at net asset value (1):		
Pooled separate accounts	<u>\$ 12,537,368</u>	<u>\$ 11,055,915</u>
Investments at fair value	<u>\$ 12,537,368</u>	<u>\$ 11,055,915</u>

TOWN & COUNTRY LINEN CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Pooled separate accounts can be redeemed daily, have daily redemption notice periods, and have no unfunded commitments.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as direct filing entity ("DFE"). The following table discloses investment strategies for such investments:

	2023	2022
Investments measured		
at net asset value (non-DFE's):		
Pooled separate accounts:		
Asset allocation (a)	\$ 4,078,213	\$ 2,868,695

TOWN & COUNTRY LINEN CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

D. INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan holds a traditional investment contract issued by Voya Retirement Insurance and Annuity Company (“the contract issuer”). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. Such interest rates are reviewed on an annual basis for resetting. The contract does not have a maturity date.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Partial surrenders from the Fixed Account are limited to once per 90 days per participant. Full surrenders from the Fixed Account can be paid by Voya in equal principal payments, with interest, over a period not to exceed 60 months, or a single payment adjusted by a market value adjustment.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

TOWN & COUNTRY LINEN CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

E. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party-in-interest transactions.

F. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed CCH Incorporated DBA ftwilliam.com by a letter dated June 30, 2020 that the pre-approved plan document adopted by the Company is designed in accordance with applicable sections of the IRC. The Plan has not been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. CERTIFIED INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Summary of Investment Expenses and Indirect Compensation

The chart below summarizes the investment expenses for the funds available under your Voya Financial, Inc. (Voya) program and the revenue received by Voya from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate one or more of your plan's other service providers. Among those additional service providers are the plan's adviser and third party administrator (TPA). For informational purposes, we are providing the amounts that may be paid to certain other providers in the summary below. Amounts shown are expressed as a percentage of program assets based on formulas in effect as of the date above, and are subject to change.

Note: The amounts shown below are not added to each other. Rather, the revenue Voya receives is paid directly or indirectly from the total investment expenses. The compensation paid by Voya is a Voya expense and is not separately charged to the plan.

Summary	
Average Annual Investment Expense of Managed Investment Options (1)	0.66%
Average Annual Managed Investment Option Revenue (2)	0.45%
Average Annual Total Investment Option Revenue (3)	0.45%
Annual compensation that may be payable by Voya to Third Party Administrator*	
- Partnership Program	0.05%

¹ **Average Annual Investment Expense of Managed Investment Options:** This is the weighted average of the Total Investment Expenses for the plan investment options, based on assets at the reporting date, excluding any funds for which the expenses are N/A and any self directed brokerage accounts.

² **Average Annual Managed Investment Option Revenue:** This is the weighted average revenue to Voya, based on assets at the reporting date, from the funds included in the Total Investment Expenses. (Paid to Voya from Total Investment Expenses)

³ **Average Annual Total Investment Option Revenue:** This is the weighted average revenue to Voya from all plan investment options, based on assets at the reporting date, including any assets in the Voya Fixed or Guaranteed Accumulation Account.

* The annual compensation paid by Voya to your adviser and TPA reflects the compensation payable after the first year of the program and does not include compensation paid on transferred assets or any "first year" compensation. See your new business paperwork for information on first year compensation. Certain minimum criteria may apply before such payments are made and receipt of compensation by your TPA may vary by plan. In addition, Renewal Contributions are contributions made after the first year of the contract. Increase Contributions are contributions that exceed the highest contributions in any prior year. Voya may also make payments to other plan service providers from the total revenue received by Voya.

(Voya) from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. The revenue received by Voya from the fund is paid by the fund itself or a related party (e.g. the fund’s investment manager) and is not an additional expense above the fund fees. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate your advisor. Amounts shown below are based on charges in effect as of the date above and are subject to change.

Fund Notes

DFA Real Estate Securities Portfolio - Institutional Class: Dimensional Fund Advisors LP (the "Advisor") has agreed to waive certain fees and in certain instances, assume certain expenses of the DFA Real Estate Securities Portfolio. The Fee Waiver and Expense Assumption Agreement for the Portfolio will remain in effect through February 28, 2024, and may only be terminated by the Fund's Board of Directors prior to that date. The Advisor retains the right to seek reimbursement for any fees previously waived and/or expenses previously assumed up to thirty-six months after such fee waiver and/or expense assumption.

American Beacon Stephens Mid-Cap Growth Fund - R5 Class: During the fiscal year ended December 31, 2022, the Fund paid amounts to American Beacon Advisors, Inc. (the "Manager") that were previously waived and/or reimbursed by the Manager under a contractual fee waiver/expense reimbursement agreement for the Fund's R5 Class shares in the amount of 0.01% for the R5 Class shares. The Manager has contractually agreed to waive fees and/or reimburse expenses of the Fund's R5 Class, as applicable, through April 30, 2024 to the extent that Total Annual Fund Operating Expenses exceed 0.89% for the R5 Class (excluding taxes, interest, brokerage commissions, acquired fund fees and expenses, securities lending fees, expenses associated with securities sold short, litigation, and other extraordinary expenses). The contractual expense reimbursement can be changed or terminated only in the discretion and with the approval of a majority of the Fund's Board of Trustees (the "Board"). The Manager will itself waive fees and/or reimburse expenses of the Fund to maintain the contractual expense ratio caps for each applicable class of shares or make arrangements with other service providers to do so. The Manager may also, from time to time, voluntarily waive fees and/or reimburse expenses of the Fund. The Manager can be reimbursed by the Fund for any contractual or voluntary fee waivers or expense reimbursements if reimbursement to the Manager (a) occurs within three years from the date of the Manager's waiver/reimbursement and (b) does not cause the Total Annual Fund Operating Expenses of a class to exceed the lesser of the contractual percentage limit in effect at the time of the waiver/reimbursement or the time of the recoupment.

Eaton Vance Income Fund of Boston - Class R6 Shares: The administrator has agreed to reimburse the Fund's expenses to the extent that Total Annual Fund Operating Expenses exceed 0.66% for Class R6 shares. This expense reimbursement will continue through February 29, 2024. Any amendment to or termination of this reimbursement would require approval of the Board of Trustees. The expense reimbursement relates to ordinary operating expenses only and does not include expenses such as: brokerage commissions, acquired fund fees and expenses of unaffiliated funds, borrowing costs (including borrowing costs of any acquired funds), taxes or litigation expenses. Amounts reimbursed may be recouped by the investment adviser and administrator during the same fiscal year to the extent actual expenses are less than any contractual expense cap in place during such year.

Other Indirect Compensation

Float

Voya and its affiliated companies (“Voya”) earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or “float”). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:

Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:

Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan’s behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan’s investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors

Voya processes your Plan’s investment instructions on an “omnibus” or aggregated basis. If Voya’s correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company’s Policy for Correction of Processing Errors (“VRIAC Policy”). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing

In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support

Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2023 such amount was approximately \$0.76 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

- **12b-1 Fees:** Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.

- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments:** An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense:** The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date:** The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

Plan Name: TOWN & COUNTRY LINEN CORP 401K RTMT SVNGS PLAN

Plan ID: 811419

- **Daily Asset Charge:** A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This fee paid to Voya may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.
- **Total Net Fund Expense:** The Net Fund Expense plus the Daily Asset Charge.
- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.

REVENUE TO VOYA

- **Total Daily Asset Charge:** The Daily Asset charge.
- **Sub Transfer Agent (Sub TA) Expense Reimbursement:** The amount paid to Voya Retirement Insurance and Annuity Company (“VRIAC”) or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.
- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund’s 12b-1 fees for distribution services.
- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the “Service Fee” column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so “netted” should be reported as a fee charged against the Plan’s investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

The rate credited to your Plan’s Fixed Account and/or GAA (“fixed accounts”) balance is a “net” rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the “Service Fee” column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan’s fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.
