Plan Management
O'Brien Automotive Group 401(k) Plan
Indianapolis, Indiana

We have audited the financial statements of the O'Brien Automotive Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2023 and we have issued our report thereon dated July 16, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Ascensus LLC, (the "qualified institution"), which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 22, 2024. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's assessment of the valuation inputs for each Plan investment under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, requires the Plan to assess and disclose in the financial statements the valuation input for each Plan investment. We evaluated the key factors and assumptions used to make the assessments for each Plan investment in determining it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements were:

Disclosure in Note 3 regarding information certified by the qualified institution which the Plan's independent accountants did not perform auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

The disclosure of fair value measurements in Note 4 to the financial statements, which describes the valuation techniques used to measure each classification of the investments.

The disclosure of related party and party-in-interest transactions in Note 5 which describes the relationship between the Plan and its third-party service providers.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements identified during the audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding that is considered significant and relevant to those charged with governance but is not considered a deficiency in internal controls:

Plan Sponsor not meeting fiduciary duties (board minutes)

During our audit, we noted that the Plan Sponsor did not have minutes documenting its fiduciary duties of plan oversight. ERISA sets standards of conduct for plan sponsors and looks for written evidence that the standards are met and that the Plan is being properly managed. We recommend Plan management implement a policy to document meetings and any important decisions or discussions held during the year.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 16, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the O'Brien Automotive Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

2022 Financial Statements

The financial statements as of December 31, 2022, were audited by MCM CPAs & Advisors LLP, which was acquired by Cherry Bekaert LLP as of October 31, 2023. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated July 17, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

O'BRIEN AUTOMOTIVE GROUP 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan

The following brief description of the O'Brien Automotive Group 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established for the benefit of the employees of the Tom O'Brien Company (the "Plan Sponsor") and related entities who have elected to be participating employers in the Plan (collectively, the "Company" or "Employer"). Employees become eligible to participate in the Plan on the first day of each month upon attainment of age 18 and the completion of one year (1,000 hours) of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Each year, participants may elect to contribute up to 15% of their eligible compensation, subject to the maximum compensation permissible under the Internal Revenue Code ("IRC"). The Plan document provides for automatic enrollment of eligible employees at a deferral rate of 3% of compensation unless the participant affirmatively elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.

The Company may also make discretionary contributions to the Plan. For the 2023 Plan year, the Company made a discretionary matching contribution equal to 20% of the first 3% of compensation each eligible participant contributed to the Plan. No other additional discretionary contributions were made for the 2023 Plan year.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings, as applicable. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, specific participant transaction costs or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant contributions and related earnings are immediately 100% vested and non-forfeitable. Company contributions and related earnings are subject to a vesting schedule based on years of service. Participants are 100% vested after six years of service.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan Sponsor may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid ratably through payroll deductions. A participant may have up to two outstanding loans at any time.

Payment of Benefits – Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments not exceeding the participant's life expectancy. In-service and hardship withdrawals are also allowed as defined in the Plan document.

Forfeited Accounts – The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of the Plan Sponsor's contributions. Forfeited accounts totaled \$-0- and \$2,700 at December 31, 2023 and 2022, respectively. During the 2023 Plan year, \$3,718 of forfeitures were used to pay administrative expenses of the Plan.

O'BRIEN AUTOMOTIVE GROUP 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.

Use of Estimates – The presentation of financial statements in accordance with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Corrective Distributions Payable – Corrective distributions payable represent amounts withheld from participants in excess of IRC limitations, and related earnings thereon, which are required to be refunded prior to April 15 of the subsequent year. Corrective distributions payable are recorded in the statement of changes in net assets available for benefits as benefits paid to participants.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan document.

Investment Management Fees and Operating Expenses – Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

O'BRIEN AUTOMOTIVE GROUP 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 3—Information certified by the qualified institution (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus LLC, a qualified institution, has certified to the completeness and accuracy of the following data included in the accompany financial statements and supplemental schedule.

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Interest and dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurements

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

O'BRIEN AUTOMOTIVE GROUP 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 4—Fair value measurements (continued)

The following are descriptions of the valuation methodologies used for investments measured at fair value, including the general classification of such investments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash Equivalents – Valued at cost which approximates fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31:

2023	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 1,401,391	\$ -	\$ -	\$ 1,401,391
Mutual funds	14,180,967	-	-	14,180,967
Investments, at fair value	<u>\$ 15,582,358</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,582,358</u>
2022	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 1,315,907	\$ -	\$ -	\$ 1,315,907
Mutual funds	11,513,809	-	-	11,513,809
Investments, at fair value	<u>\$ 12,829,716</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,829,716</u>

Note 5—Related party and party-in-interest transactions

Certain administrative services are provided by the Plan Sponsor at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Plan Sponsor. The Plan has entered into various service agreements with parties in interest. Notes receivable from participants also qualify as party in interest transactions.

Note 6—Income tax status

The Internal Revenue Service ("IRS") ruled on June 30, 2020, that the pre-approved plan document sponsored by Ascensus LLC., upon which the Plan is based, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

O'BRIEN AUTOMOTIVE GROUP 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 6—Income tax status (continued)

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded, that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process.

Note 7—Plan termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8—Risks and uncertainties

The Plan invests in a variety of investment securities. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

Note 9—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements per Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 15,646,390	\$ 12,946,016
Corrective distributions payable	<u>82,838</u>	<u>43,408</u>
Net assets available for benefits per Form 5500	<u>\$ 15,729,228</u>	<u>\$ 12,989,424</u>

The following is a reconciliation of net increase per the financial statements to net income per Form 5500 for the year ended December 31, 2023:

Net increase per the financial statements	\$ 2,700,374
Change in corrective distributions payable	<u>39,430</u>
Net income per Form 5500	<u>\$ 2,739,804</u>

Note 10—Subsequent events

The Plan has evaluated all subsequent events through July 16, 2024, which is the date these financial statements were available to be issued and has determined there are no subsequent events that require disclosure.
