REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator, Plan Participants, and their Beneficiaries
Immucor, Inc. 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Immucor, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefit for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Immucor, Inc. 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Immucor, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full-time U.S. employees of Immucor, Inc., BioArray Solutions Ltd., and Immucor GTI Diagnostics, Inc. (collectively, the “Company”) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective January 1, 2023, the Plan was amended to provide for automatic enrollment for eligible employees.

The ultimate parent to the Company entered into an agreement and Plan of Merger with Werfen S.A. for the sale of all of the stock of the parent to the Company, and the transaction was completed on March 14, 2023. This transaction had no impact on the Plan in 2023.

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax annual compensation, as defined in the Plan, subject to Internal Revenue Code (“IRC”) limitations. Participants may also make rollover contributions of amounts representing distributions from other qualified retirement plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum amount established by the IRC, which for 2023 was \$7,500.

The Plan also offers matching contributions equal to 100% of a participant’s elective deferral amount which is not over 3% of a participant’s pay, plus 50% of a participant’s elective deferral amount which is over 3% of total pay but not exceeding 5% of total pay. The Company may contribute additional discretionary amounts at the option of the Company’s board of directors. This additional discretionary contribution was not made during the year ended December 31, 2023.

Upon enrollment, a participant may direct all contributions to any of the Plan’s investment options. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions and the Company’s matching contributions (described above) plus actual earnings thereon. Vesting in any discretionary Company contributions plus actual earnings thereon is based on years of service. Participants are vested 20% in discretionary Company contributions after one year of service and an additional 20% for each year of service thereafter to 100% vested after five years of service.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the Company’s matching contributions, and allocable share of investment earnings, and charged with the allocable share of investment losses and administrative expenses not otherwise paid by the Company. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits

Upon termination of service, retirement, death or permanent disability, a participant may receive a lump-sum distribution equal to the nonforfeitable portion of his/her account. If the vested account balance exceeds \$5,000, a participant may also elect payment in the form of installments for a specified term. Participants may request in-service withdrawals if they have an immediate financial hardship, as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balances.

Participants may have a maximum of one loan outstanding at a time. Loan terms generally may not exceed five years; however, if the loan is used for the purchase of a principal residence, the Plan administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear interest at a rate based on rates available for similar loans from commercial lending institutions in effect at the time of the disbursement of the loan. Principal and interest are paid ratably through payroll deductions over the term of the loan. Interest rates on participant loans were between 4.25% and 9.5% as of December 31, 2023, and between 4.25% and 8% as of December 31, 2022. There is no reserve for credit losses as of December 31, 2023 or 2022.

Administrative Expenses

Administrative expenses are paid by the Company, except for certain 401(k) participant requested services and expenses related to maintaining accounts which are paid by plan participants from their available account balances.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, other than fully-benefit responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Immucor, Inc. 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires Plan management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid, which is typically when incurred by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be in default, the loan balance is reduced and a benefit payment is recorded.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan maintains fully benefit-responsive investment contracts with Principal. Principal maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Principal Fixed Income Guaranteed Option and Pension Builder (SM) Z contracts are reported at contract value. The methodology for calculating the interest crediting rating is defined in Article I, Section 2 of the contract under the term "composite crediting rating." Under the terms of the existing contract, the crediting rate is currently reset on a semi-annual basis.

Because guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, as applicable. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1% as of December 31, 2023 and 2022. The crediting interest rate is subject to a window period, generally three months, and is guaranteed for a period, generally one year. Amounts invested during the window period earn the interest rate guaranteed for the respective period.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Plan withdrawals or transfers related to the guaranteed investment contracts are subject to certain restrictions as to amounts and timing.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contracts do not permit Principal to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company and Principal Life Insurance Company, as custodians and/or trustee, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and fully benefit-responsive investment contracts, at contract value, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

NOTE 6 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

Immucor, Inc. 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts: valued at the net asset value ("NAV"), of the units held by the Plan at year end, which is provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments, which are based on the current market prices or quotations readily available on the day of valuation. Participant transactions (purchases and sales) may occur daily. There are no redemption restrictions in place for the pooled separate accounts. There were no unfunded commitments due to any pooled separate accounts as of December 31, 2023 and 2022.

Collective Trust Funds: valued at the NAV of units held by the Plan at year end, which is provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments, which are based on current market prices on the day of valuation. The collective trust funds generally permit redemptions daily, and there are no redemption restrictions in place. There were no unfunded commitments due to any collective trust fund as of December 31, 2023 and 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

December 31, 2023 and 2022

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets as of December 31, 2023 and 2022, respectively. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

NOTE 7 - INCOME TAX STATUS

The Company adopted a Prototype Non-standardized Profit-Sharing Plan with a cash or deferral arrangement ("CODA") that received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the Prototype Non-standardized Profit-Sharing Plan with a CODA is designed in accordance with the applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are units of pooled separate accounts, collective trusts, and guaranteed investment contracts managed by the custodian or its affiliates and, therefore, transactions in these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 9 - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through July 22, 2024, the date the financial statements were available to be issued. Through this date, no material recognizable subsequent events occurred.
