The Children's Hospital Corporation Tax-Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Children's Hospital Corporation Tax-Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements

December 31, 2023

1. Description of Plan

The following brief description of The Children's Hospital Corporation Tax-Deferred Annuity Plan (the Plan) provides general information about the Plan's provisions. Children's Hospital Corporation (the Hospital) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees of the Hospital. Except for temporary and per diem employees, eligible participants are automatically enrolled in the Plan after 30 days. The Children's Hospital Corporation Retirement Committee is responsible for the general administration of the Plan. Fidelity Management Trust Company (Fidelity) is the current custodian and recordkeeper for the Plan. Lincoln National Life Insurance Company (Lincoln) provides custodial and recordkeeping services for participants selecting Lincoln prior to January 1, 2006. The Teachers Insurance and Annuity Association of America-College Retirement Equities Fund (TIAA-CREF) provides custodial and recordkeeping services for participants selecting TIAA-CREF prior to January 1, 2011.

Contributions

Each year, participants may contribute up to the limitations specified in the Internal Revenue Code (the Code). Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). If automatically enrolled, a participant's contribution is set at 2% of eligible compensation until changed by the participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants with 15 years of service may also be eligible for special catch-up contributions under the Code. Coordination of contributions in excess of the limits under the Code are allocated first to the special catch-up contributions and then to the age 50 catch-up contributions. Total contributions for the year cannot exceed the participant's annual compensation.

Participants direct their contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant does not elect an investment option, his or her contributions are invested in an applicable Fidelity lifecycle fund based on the participant's age until the participant changes his or her election.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

The Hospital, at its election, may also provide discretionary non-elective employer contributions to the Plan. The Hospital did not make discretionary non-elective employer contributions for the plan year 2023.

The Hospital provides matching contributions on participant deferral contributions up to 1% of eligible compensation for all participants other than temporary or per diem employees. The Hospital's contributions become fully vested after three years of service. Total matching contributions during 2023 amounted to \$10,793,770, net of forfeitures.

Effective January 1, 2018, the Hospital provides non-elective employer contributions of 4% per plan year for eligible research fellows. In addition, effective January 1, 2023, the Hospital also provides non-elective employer contributions of 4% per plan year for eligible clinical fellows and residents. Total non-elective employer contributions during 2023 amounted to \$1,021,292.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of investment earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Fees are determined and applied to the participant's account based upon the fee structure within the investment option elected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and any 2010 and prior non-elective employer contributions plus actual earnings thereon. Matching contributions and non-elective employer contributions after 2010 become fully vested after three years of service. There is no partial vesting.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Hospital contributions. Unallocated forfeitures balances as of December 31, 2023 and 2022 were \$355,790 and \$182,297, respectively. Forfeitures used to offset against contributions during 2023 were \$397,092.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Notes Receivable From Participants

Participants with Fidelity accounts may borrow from such accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. The loans bear interest at a rate commensurate with local prevailing rates at the date of issuance. If a participant terminates employment with the Hospital, he or she may continue to make loan repayments. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

Collateral

Participants with TIAA-CREF and Lincoln accounts may borrow directly from TIAA-CREF and Lincoln, respectively, using a portion of such plan accounts as security for the loan. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. To secure the loans, participants are required to pledge as collateral TIAA Traditional Annuity Account and Lincoln Fixed Account value equal to 110% and 100%, respectively, of the outstanding loan balance in the event of default. As of December 31, 2023 and 2022, \$60,547 and \$118,420, respectively, of the TIAA Traditional Annuity Account was pledged as collateral for loans to participants from TIAA-CREF. As of December 31, 2023 and 2022, \$74,291 and \$63,321, respectively, of the Lincoln Fixed Account was pledged as collateral for loans to participants from Lincoln. These loans are not assets of the Plan.

Payment of Benefits

Upon separation from service with the Hospital due to disability, retirement or termination, a participant whose account balance exceeds \$1,000 may elect to receive either a lump sum or another form of benefit provided under the Plan. A participant whose vested account balance is \$5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance. For balances in excess of \$5,000, if the participant is married such participant must elect to receive his or her benefit in the form of a qualified joint and survivor annuity, unless the spouse waives his or her rights to that form of payment. With spousal consent, a participant may elect to receive his or her benefits in such other form or forms provided under the Plan.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

If a participant dies prior to receiving his or her benefits, the amount held within his or her account balance will be paid to a beneficiary named by the participant.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Hospital, as provided by the Plan's provisions. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Hospital. Expenses paid by the Hospital are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Benefit Payments

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Other than investments in fully benefit-responsive guaranteed investment contracts (GICs), investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Self-directed brokerage accounts are primarily comprised of cash and mutual funds. Securities traded on a national securities exchange are valued at quoted market prices on an active market. Units of variable annuity accounts, the pooled separate account and short-term investments are valued at published market prices or fair values reported by the issuer.

The Plan holds traditional GICs issued by TIAA-CREF and Lincoln. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value (see Note 5). Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Plan's GIC investments are as follows:

- TIAA-CREF Traditional Annuity
- MetLife Fixed and Policy Credit Funds
- Lincoln Fixed Account

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity, Lincoln and TIAA-CREF, the custodians of the Plan.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The fair value framework established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets and liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the assets or liabilities (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that the market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is based upon the lowest level of input that is significant to the fair value measurement in its entirety.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts

The Plan invests in traditional GICs issued by Lincoln, TIAA and MetLife. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer, but may not be less than 3%. Such interest rates are reviewed and may be reset on a quarterly basis. The contract cannot be terminated before the scheduled maturity date, except in the event of default.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers.

Certain events limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts (continued)

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Redemption Restrictions

The MetLife Fixed Account contracts contain withdrawal charges and terms for keeping it in force. Withdrawals or exchanges in excess of 20% of the account balance may be subject to a surrender charge of up to 4% of the amount of the excess withdrawal or exchange.

There are no redemption restrictions related to the TIAA Traditional Annuity contracts held by the Plan.

The Lincoln Fixed Account may withdraw account values with no surrender charge. A participant may not transfer more than 20% of the fixed account holdings to the Variable Annuity Account each year, unless the participant intends to liquidate the fixed account values.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

The Children's Hospital Corporation Tax-Deferred Annuity Plan

Notes to Financial Statements (continued)

7. Party-in-Interest Transactions

Certain of the Plan's assets are invested in funds managed by the custodians and recordkeeper of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

In addition, Fidelity provides certain administrative services to the Plan pursuant to a Plan Services Agreement (SA) with the Hospital. Fidelity receives revenue from mutual fund and collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services provided to the Plan.

If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the SA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. The Plan received a total of \$2,233,855 in excess revenue amounts during 2023 that were applied to total plan administrative expenses of \$1,551,245, resulting in a net refund to the Plan of \$682,610. The Plan or the Hospital may make a payment to Fidelity for administrative expenses not covered by sharing of the excess revenue.

8. Tax Status

The Plan has not received a determination letter from the IRS stating that the Plan is qualified under Section 403(b) of the Code. However, the plan administrator believes that the Plan has been designed to comply with, and is operating in accordance with, the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through June 27, 2024, the date the accompanying financial statements were available to be issued. Effective January 1, 2025, Franciscan Children's Hospital will become a participating employer in the Plan. No other significant events occurred through that date.
