INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Philadelphia 76ers 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Philadelphia 76ers 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year end December 31, 2023, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Philadelphia 76ers 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Philadelphia 76ers 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Philadelphia 76ers 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Philadelphia 76ers 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Philadelphia 76ers 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. Description of Plan

The following description of the Philadelphia 76ers 401(k) Plan (the “Plan”) provides only general information. The Plan was originally effective July 1, 2013. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Philadelphia 76ers, L.P. and its related companies (the “Partnership”), who have attained age 21. Employees who are covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations are not eligible to participate in the Plan. Independent contractors, nonresident aliens, leased employees, part time employees, seasonal employees, and employees eligible for the NBA Plan are also ineligible for Plan participation. Participants may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute between 1% and 92% of pretax annual compensation, as defined in the Plan document, provided that in no event shall a participant elect to contribute more than the maximum allowed by law. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions may be designated as Roth 401(k) contributions.

The Plan provides for safe harbor employer matching contributions equal to 100% of the first 5% of the participant’s eligible compensation. Participants must satisfy a one year of service requirement with monthly entry dates to participate in the safe harbor employer matching contributions.

The Plan also provides for discretionary nonelective employer contributions. Employees must complete one year of service with monthly entry dates to share in any discretionary nonelective employer contributions declared by the Partnership. Employees must also be employed on the last day of the Plan year, except in cases of retirement, disability and death, to share in any discretionary nonelective employer contributions declared by the Partnership. No discretionary nonelective employer contributions were declared by the Partnership for the year ended December 31, 2023.

Participant Accounts

Individual accounts are maintained for each participant. Each participant’s account is credited with the participant’s contributions and safe harbor employer matching contributions, as well as allocations of discretionary nonelective employer contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

A participant, at all times, has a fully vested (100%) interest in their own contributions, safe harbor employer matching contributions, and rollover contributions including actual earnings thereon. A participant must work at least 1,000 hours during each Plan year to earn a year of vesting service. Prior to April 1, 2018, a participant vests 20% in discretionary employer contributions, if any, per each full year of service and becomes 100% vested after five years of service. Effective April 1, 2018, the vesting schedule for discretionary nonelective employer contributions was changed so that a participant vests 33% in discretionary nonelective contributions, if any, per each full year of service and becomes 100% vested after 3 years of service.

Participants also become fully vested upon death, disability or normal retirement age (65) or early retirement (age 55 and the participant completed five years of vesting service).

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Forfeited Accounts

Forfeitures may arise due to participant's vesting, the results of compliance testing, and from account corrections. Forfeitures are generally used to pay administrative expenses or to reduce future employer contributions. Unallocated forfeiture balances as of December 31, 2023 and 2022 totaled \$3,450 and \$24,500, respectively. No amounts of unallocated forfeiture balances were used to pay administrative expenses during the year and \$130,030 of unallocated forfeitures were used to reduce employer contributions during the year ended December 31, 2023.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence. A participant may have only two loans outstanding at any given time.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000 but less than \$5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Hardship and in-service distributions are also permitted from participant accounts, based on the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the safe harbor employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective employer contributions, if any, are recorded in the year in which the related participant compensation is earned.

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including custodial, trustee and third party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Partnership. Expenses of maintaining the Plan that are paid directly by the Partnership are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Subsequent Events

Management evaluated subsequent events for the Plan through July 10, 2024, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), trustee of the Plan and a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, other income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- The information for all mutual funds, common collective trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Philadelphia 76ers 401(k) Plan**Notes to Financial Statements****As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023**

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A common collective trust is valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 22,368,894	\$ 22,368,894	\$ -	\$ -
Common collective trust (*)	365,823	-	-	-
Total	<u>\$ 22,734,717</u>	<u>\$ 22,368,894</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 16,714,142	\$ 16,714,142	\$ -	\$ -

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

* In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2023 and 2022:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Fair Value</u>	<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>December 31,</u>	<u>December 31,</u>			
	<u>2023</u>	<u>2022</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>
Common collective trust	\$ 365,823	\$ 374,726	\$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2023 and 2022 to its investment in Federated Hermes Capital Preservation Fund. The Federated Hermes Capital Preservation Fund is a common collective trust investment that seeks the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The Federated Hermes Capital Preservation Fund invests primarily in stable value products, such as GICs (traditional GICs), separate account GICs and synthetic GICs. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the Federated Hermes Capital Preservation Fund.

5. Tax Status

Effective April 25, 2022, through the adoption of a Fidelity pre-approved defined contribution plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt, as a result, no provision for incomes taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Related-Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity. Fidelity is the recordkeeper and trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

Fidelity or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Fidelity or its affiliates may receive revenue from mutual fund and common collective trust service providers for services Fidelity or its affiliates provide to the mutual funds and common collective trust. This revenue may be used to offset certain amounts owed to Fidelity or its affiliates for administrative services to the Plan. If the revenue received by Fidelity or its affiliates from such mutual fund or common collective trust service providers exceeds the amount owed as agreed to by Fidelity and the Plan for administrative services, Fidelity or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the year ended December 31, 2023, the related amounts deposited into the Plan were \$8,833. During the year ended December 31, 2022, \$0 of the related amounts were used to pay administrative expenses and \$6,062 were allocated to participants. As of December 31, 2023 and 2022, the balance in this account totaled \$5,456 and \$2,317, respectively. The Plan or Plan Sponsor may make a payment to Fidelity Management Trust Company or its affiliates for administrative expenses not covered by revenue sharing.

7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions for which they were not already vested and the trustee would distribute account balances as permitted by the Plan document.

8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Philadelphia 76ers 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Philadelphia 76ers 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year end December 31, 2023, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Philadelphia 76ers 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Philadelphia 76ers 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Philadelphia 76ers 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Philadelphia 76ers 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Philadelphia 76ers 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. Description of Plan

The following description of the Philadelphia 76ers 401(k) Plan (the “Plan”) provides only general information. The Plan was originally effective July 1, 2013. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Philadelphia 76ers, L.P. and its related companies (the “Partnership”), who have attained age 21. Employees who are covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations are not eligible to participate in the Plan. Independent contractors, nonresident aliens, leased employees, part time employees, seasonal employees, and employees eligible for the NBA Plan are also ineligible for Plan participation. Participants may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute between 1% and 92% of pretax annual compensation, as defined in the Plan document, provided that in no event shall a participant elect to contribute more than the maximum allowed by law. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions may be designated as Roth 401(k) contributions.

The Plan provides for safe harbor employer matching contributions equal to 100% of the first 5% of the participant’s eligible compensation. Participants must satisfy a one year of service requirement with monthly entry dates to participate in the safe harbor employer matching contributions.

The Plan also provides for discretionary nonelective employer contributions. Employees must complete one year of service with monthly entry dates to share in any discretionary nonelective employer contributions declared by the Partnership. Employees must also be employed on the last day of the Plan year, except in cases of retirement, disability and death, to share in any discretionary nonelective employer contributions declared by the Partnership. No discretionary nonelective employer contributions were declared by the Partnership for the year ended December 31, 2023.

Participant Accounts

Individual accounts are maintained for each participant. Each participant’s account is credited with the participant’s contributions and safe harbor employer matching contributions, as well as allocations of discretionary nonelective employer contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

A participant, at all times, has a fully vested (100%) interest in their own contributions, safe harbor employer matching contributions, and rollover contributions including actual earnings thereon. A participant must work at least 1,000 hours during each Plan year to earn a year of vesting service. Prior to April 1, 2018, a participant vests 20% in discretionary employer contributions, if any, per each full year of service and becomes 100% vested after five years of service. Effective April 1, 2018, the vesting schedule for discretionary nonelective employer contributions was changed so that a participant vests 33% in discretionary nonelective contributions, if any, per each full year of service and becomes 100% vested after 3 years of service.

Participants also become fully vested upon death, disability or normal retirement age (65) or early retirement (age 55 and the participant completed five years of vesting service).

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Forfeited Accounts

Forfeitures may arise due to participant's vesting, the results of compliance testing, and from account corrections. Forfeitures are generally used to pay administrative expenses or to reduce future employer contributions. Unallocated forfeiture balances as of December 31, 2023 and 2022 totaled \$3,450 and \$24,500, respectively. No amounts of unallocated forfeiture balances were used to pay administrative expenses during the year and \$130,030 of unallocated forfeitures were used to reduce employer contributions during the year ended December 31, 2023.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence. A participant may have only two loans outstanding at any given time.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000 but less than \$5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Hardship and in-service distributions are also permitted from participant accounts, based on the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the safe harbor employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective employer contributions, if any, are recorded in the year in which the related participant compensation is earned.

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including custodial, trustee and third party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Partnership. Expenses of maintaining the Plan that are paid directly by the Partnership are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Subsequent Events

Management evaluated subsequent events for the Plan through July 10, 2024, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), trustee of the Plan and a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, other income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- The information for all mutual funds, common collective trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Philadelphia 76ers 401(k) Plan**Notes to Financial Statements****As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023**

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A common collective trust is valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 22,368,894	\$ 22,368,894	\$ -	\$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022:

Philadelphia 76ers 401(k) Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

* In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2023 and 2022:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Fair Value</u>	<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>December 31,</u>	<u>December 31,</u>			
	<u>2023</u>	<u>2022</u>	<u>Commitments</u>	<u>Frequency</u>	<u>Notice Period</u>
Common collective trust	\$ 365,823	\$ 374,726	\$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2023 and 2022 to its investment in Federated Hermes Capital Preservation Fund. The Federated Hermes Capital Preservation Fund is a common collective trust investment that seeks the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The Federated Hermes Capital Preservation Fund invests primarily in stable value products, such as GICs (traditional GICs), separate account GICs and synthetic GICs. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the Federated Hermes Capital Preservation Fund.

5. Tax Status

Effective April 25, 2022, through the adoption of a Fidelity pre-approved defined contribution plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt, as a result, no provision for incomes taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Related-Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity. Fidelity is the recordkeeper and trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

Fidelity or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Fidelity or its affiliates may receive revenue from mutual fund and common collective trust service providers for services Fidelity or its affiliates provide to the mutual funds and common collective trust. This revenue may be used to offset certain amounts owed to Fidelity or its affiliates for administrative services to the Plan. If the revenue received by Fidelity or its affiliates from such mutual fund or common collective trust service providers exceeds the amount owed as agreed to by Fidelity and the Plan for administrative services, Fidelity or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the year ended December 31, 2023, the related amounts deposited into the Plan were \$8,833. During the year ended December 31, 2022, \$0 of the related amounts were used to pay administrative expenses and \$6,062 were allocated to participants. As of December 31, 2023 and 2022, the balance in this account totaled \$5,456 and \$2,317, respectively. The Plan or Plan Sponsor may make a payment to Fidelity Management Trust Company or its affiliates for administrative expenses not covered by revenue sharing.

7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions for which they were not already vested and the trustee would distribute account balances as permitted by the Plan document.

8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
