Plan Administrator and Participants of
the PotlatchDeltic Hourly 401(k) Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of the PotlatchDeltic Hourly 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 financial statements.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

We have audited the 2022 financial statements, and in our report dated June 27, 2023, we expressed an unmodified opinion on those 2022 financial statements.

Note 1: Description of Plan

The following description of the PotlatchDeltic Hourly 401(k) Plan (the Plan) is provided for general information. Participants should refer to the Plan Document for more complete information.

General – The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (the IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan sponsor and administration – The Plan is sponsored by PotlatchDeltic Corporation (the Company) and administered by the PotlatchDeltic Benefits Committee, the named fiduciary with respect to the Plan's assets. Plan assets are held by Empower Trust Company, LLC, serving as the directed Trustee and record keeper.

Eligibility and contributions – All hourly employees become eligible participants when they first perform duties for which they are paid or entitled to earnings. The Plan provides that each eligible participant may elect a deferred contribution up to 25% of their pay period earnings on a pre-tax or after-tax basis. Participants may also make rollover contributions representing distributions from other qualified plans. Eligible participants age 50 or older may elect additional catch-up contributions.

Employees are automatically enrolled in the Plan at a 3% deferral rate 30 days after they become eligible unless they elect otherwise. This deferral percentage is increased by 1% annually until the percentage has reached 15% unless the participant elects otherwise.

For all hourly bargained employees, the Company makes matching contributions to the Plan on behalf of the participant equal to the matching rate of 50% of their contributions up to 5% of eligible compensation. For all hourly non-bargained employees, the Company makes matching contributions at the matching rate of 70% of their deferred contributions up to 6% of eligible compensation. The Company does not match catch-up contributions.

For hourly non-bargained employees hired between January 1, 2011 and June 1, 2015, the Company makes a non-elective contribution of 3% of their eligible compensation, in addition to the matching contribution. The Company also makes a non-elective 4% contribution, based on their eligible compensation, to former hourly non-bargained employees of Deltic Timber Corporation (Deltic) acquired during the Company's merger with Deltic who were hired between January 1, 2015 and December 31, 2018 and earned at least an hour of service on or after January 1, 2019. These additional Company contributions vests on the same schedule as their employer matching account as described below.

All contributions are limited by certain restrictions as defined by the IRC.

Participant accounts – A separate account is maintained for each participant of the Plan. Each account is credited with the participant and employer contributions and earnings thereon. Participant accounts are valued daily based on quoted market prices. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options – Participants may direct their account balance in whole percentage increments into the investment options offered under the Plan. Participants may change their investment elections and make transfers between investment options daily subject to any restrictions imposed by the registered investment companies.

The accounts of participants automatically enrolled in the Plan and not electing otherwise are invested in the T. Rowe Price Retirement Fund with the target date closest to, but not exceeding, the year in which the participant will reach age 65, which is the Plan's normal retirement age. Any contributions or other payments made to the Plan without investment instructions will be invested in the age-appropriate T. Rowe Price Retirement Fund until such time as the participant chooses to reinvest them.

Vesting – A participant's interest in their individual contribution accounts are fully vested and not forfeitable at any time. A participant's vesting in Company non-elective and matching contributions are based on years of service. Participants are 20% vested after one year of service and vest an additional 20% on each successive service anniversary date, becoming 100% vested after five years of service. The portion of a participant's employer matching account and non-elective contribution account not vested will be forfeited when their employment terminates. In general, a participant's interest in their employer matching account and non-elective contribution account becomes 100% vested if the Plan terminates, if the participant attains age 65 as an employee of the Company, becomes totally and permanently disabled, or dies while an employee. Refer to the Plan Document for further details of the Plan's vesting provisions.

Forfeitures – As of the end of each year, forfeitures and the earnings on such forfeitures not used to restore the employer matching accounts of former participants rehired during the year may be credited against employer contributions or used to pay Plan expenses. Forfeitures can accumulate year to year. Forfeited non-vested accounts outstanding at December 31, 2023 and 2022 totaled \$121,240 and \$211,521, respectively. For the year ended December 31, 2023, \$197,695 of forfeitures were used to reduce employer matching contributions.

Notes receivable from participants – Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000, as provided by the Plan. The repayment period may be no more than five years unless the loan is for a primary residence, in which case it may be no more than 15 years. The note receivable is secured by the balance in the participant's account and bears interest at a fixed rate, determined by the U.S. prime rate in effect during the month prior to when the loan was originated. Repayment of principal and interest is paid ratably through payroll deductions. At December 31, 2023, interest rates on outstanding participant notes receivable range between 3.25% and 8.50% and mature at various times through July 2030.

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest and are classified as notes receivable. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Document. An allowance for credit losses of \$176,482 and \$187,559 was recorded for delinquent participant notes receivable at December 31, 2023 and 2022, respectively.

Distributions and benefits – Upon termination of employment, participants may elect to receive payment in a lump sum equal to their vested interest in their account, roll their account balances into an individual retirement account (IRA) or another employer's plan, or maintain their accounts in the Plan, subject to certain restrictions. If a terminated participant's vested account balance is \$5,000 or less, they are generally not permitted to leave their account balance in the Plan and one of the following will occur:

- If the vested value is \$5,000 or less, but greater than \$1,000, their account will be automatically rolled over to an IRA unless they elect otherwise.
- If the vested value is less than \$1,000 and the participant does not elect to have such distribution paid to an eligible retirement plan in a direct rollover, they will receive the distribution directly in a single lump sum in cash, less associated taxes and penalties.

Participants are permitted to receive hardship distributions while still employed by the Company under certain conditions specified under the Plan, including the purchase of a primary residence, expenses for disasters arising from federally declared disasters, tuition payments, medical and funeral expenses, and disabilities. Benefits are recorded when paid.

Plan and administrative fees – Plan expenses are generally paid by the Company except to the extent those expenses are paid from participant forfeitures of employer matching contributions. Loan service fees and fees associated with processing qualified domestic relations orders are paid by the participant. Quarterly, participant accounts are charged a fixed fee for administrative expenses that are paid by the Plan.

Transfer of Plan Assets – Account balances of participants in the Plan that subsequently become participants in the PotlatchDeltic Salaried 401(k) Plan (Salaried Plan), or vice versa, are rolled over into the applicable plan unless the Company is instructed otherwise by the participant. During the year ended December 31, 2023, \$1,462,450 of assets were transferred from the Plan to the Salaried Plan for employees who became participants in the Salaried Plan and \$29,570 of assets were transferred to the Plan from the Salaried Plan for employees who became participants of the Plan.

Party-in-interest and related party transactions – Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others. The Plan holds investments in PotlatchDeltic common stock, which is the Company's common stock. In addition, participants in the Plan are permitted to borrow funds from their vested balance as described above. These transactions qualify as party-in-interest transactions and are allowed under ERISA regulations.

Effective June 1, 2023, the Plan terminated the option to invest contributions in, or transfer funds into, the Company's common stock under the Plan. Prior to January 1, 2025 (Liquidation Date), participants will have the opportunity to transfer investments in the Company's common stock to other Plan investments. On the Liquidation Date, the remaining investments of the Company's common stock held by participants in the Plan on December 31, 2024 will be liquidated and the funds directed to a target retirement fund based on the participant's date of birth.

At December 31, 2023 and 2022, the Plan held 86,757 and 112,704 shares, respectively, of PotlatchDeltic common stock at a fair value of \$4,259,773 and \$4,957,863, respectively. During the year ended December 31, 2023, a total of 5,638 shares of PotlatchDeltic common stock were purchased for a total cost of \$271,652 through employee contributions or quarterly dividend reinvestments from the PotlatchDeltic common stock. Dividend income received by the Plan from the PotlatchDeltic common stock during the year ended December 31, 2023 was \$160,826.

Note 2: Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting. Distributions to participants are recorded when paid.

Investment valuation and fair value measurements – Investments in shares of PotlatchDeltic common stock and registered investment company funds are stated at fair value, based on quoted market prices. Investments in collective investment funds are stated at their respective net asset value (NAV) and are fully redeemable in the near term.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The fair value hierarchy consists of the following three levels:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs are quoted prices in non-active markets for which pricing inputs are observable either directly or indirectly at the reporting date.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Income recognition – Net appreciation or depreciation in fair value of investments represents realized gains and losses and the change in fair value of investments from one period to the next. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. See Note 3: Investments for further details of the Plan's investments at December 31, 2023 and 2022, and Note 5: Certified Investments for information related to investments and notes receivable from participants certified by the Plan's Trustee.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes herein. Actual results could differ from those estimates and assumptions.

Risks and uncertainties – The Plan invests in various investment securities. The underlying investments of such funds, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with such investments, it is reasonably possible that changes in the values of underlying investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent events – The Plan's management has evaluated subsequent events through July 17, 2024, the date the financial statements were issued and there were no subsequent events requiring adjustment to the financial statements or disclosure, as stated herein.

Note 3: Investments

The following table presents the Plan's investments measured at fair value on a recurring basis at December 31:

	2023	2022
Registered investment company funds (Level 1)	\$ 56,045,323	\$ 48,571,967
PotlatchDeltic common stock (Level 1)	4,259,773	4,957,863
Total	60,305,096	53,529,830
Investments measured at NAV*	8,271,226	9,423,011
Total Investments	<u>\$ 68,576,322</u>	<u>\$ 62,952,841</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Registered investment company funds – These investments are public investment vehicles valued using the NAV generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source such as Interactive Data Corporation. These funds are required to publish their daily NAV and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

PotlatchDeltic common stock – The Plan's valuation methodology used to measure the fair value of the common stock is derived from quoted market prices. Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

Collective investment funds – These investments are stable return funds and collective trusts composed primarily of fully benefit-responsive investment contracts that are revalued (typically daily) using the NAV, an estimate of fair value. The unit value is calculated by dividing the fund's value on the valuation date by the number of units outstanding. This NAV would not be used if it were determined to be probable that the Plan would sell the investment for an amount different from the reported NAV or the respective investment was not fully redeemable in the near term. In general, the Plan's collective investment funds allow redemption by individual participants on a daily basis and certain collective investment funds may impose, at their sole discretion, a prior notice period of up to 12-months for any Plan initiated withdrawal of assets.

Note 4: Plan Termination

Although the Company expects to continue the Plan indefinitely, in as much as future conditions cannot be foreseen, the Company reserves the right to amend or terminate the Plan at any time subject to the rules of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching accounts and any nonelective employer contributions.

Note 5: Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplementary schedules, including investments and notes receivable from participants held at December 31, 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the Trustee of the Plan.

Note 6: Tax Status

The Plan Document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on November 14, 2022, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC.

Certain 2023 participant contributions, transferred late to the Plan, listed on Schedule H, line 4a - Schedule of Delinquent Participant Contributions, were corrected as of December 31, 2023.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax positions and do not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.
