December 31, 2023 and 2022

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

The Audit and Risk Committee of
Mascoma Bank

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mascoma Bank 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MASCOMA BANK 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The Mascoma Bank 401(k) Profit Sharing Plan (the Plan) was established by the Board of Directors of Mascoma Bank (the Bank) and became effective on January 1, 1988. The following description of the Plan provides only general information. Participants should refer to the Plan provisions for more information. As of January 1, 2007, the Bank elected to implement the safe harbor provisions of Section 401(k)(12) and 401(m)(11) of the Internal Revenue Code (IRC) of 1986.

General

The Plan is a defined contribution plan covering eligible employees of the Bank. Employees are eligible to join the Plan upon attaining age 18 and completing 90 days of service. The Plan provides for automatic enrollment of all employees upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Bank has appointed the People Resources Committee of the Bank's Board of Directors as plan trustee. The Plan is administered by an employee of the Bank who was appointed by the trustee.

Contributions

Contributions to the Plan are made by both participants and the Bank. Eligible employees may elect to contribute any amount from 1% to 100% of their eligible compensation up to a maximum amount allowable under federal tax regulations. Newly hired employees are automatically enrolled to defer 5% of eligible compensation. Participants can elect a different percentage or elect not to make elective deferral contributions to the Plan. The Bank contributes a match calculated as follows: 100% of the first 3% of participant's eligible compensation, and 50% of the next 2% of a participant's eligible compensation. The Plan also allows for a discretionary, nonelective contribution of 5% to eligible participants, without regard to the number of years of service. The Plan permits Roth elective deferrals.

Participant Accounts

Each participant's account is credited with the contributions of the participant and the Bank, and allocations of Plan earnings and administrative credits, and charged with an allocation of administrative expenses and Plan losses. Allocations are based primarily on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MASCOMA BANK 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Vesting

If employment is terminated for reasons other than death, disability or retirement, participants are entitled to receive only their vested percentage of their account balance.

Participants have a fully vested and nonforfeitable interest in elective deferrals, qualified nonelective contributions, employer matching contributions, and rollover contributions, plus actual earnings thereon. The vesting schedule for the discretionary nonelective contributions and earnings thereon for the three-year cliff vesting are as follows:

<u>Years of Service From Date of Hire</u>	<u>Vesting Percentage</u>
0-2	0%
3	100

Participant Withdrawals

The Plan provides for participants to withdraw their funds at any time upon attainment of the normal retirement age (65 years old) as stated in the Plan document. Such withdrawals are based on the amount in the participant's accounts as of the valuation date coinciding with or immediately after the participant's retirement date. The Plan also provides for withdrawals in the event of death, disability, hardship, termination or early retirement. The Plan allows for withdrawals upon early retirement at age 55 and completion of ten years of service. The Plan allows for in-service withdrawals once the participant reaches age 59½. The Plan provides for automatic distribution to terminated participants of their entire vested balance which does not exceed \$5,000.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of the vested portion of their account balance, subject to Internal Revenue Service (IRS) limitations. The minimum loan amount is \$1,000 and a participant may only have two loans outstanding at one time. Loans are repaid, with interest, through payroll deductions, normally within five years. All loans bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate being charged by representative banks in the local area for a similar loan, unless T. Rowe Price Trust Company (T. Rowe Price) or the Bank sets forth a different method for determining loan interest rates in its loan procedures.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Investments

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of the common/collective trust are valued at the underlying net asset value (NAV) of the units held by the Plan at year-end. The common/collective trust seeks to provide stability of principal while earning income consistent with money market rates over the long term. See Note 7 for a discussion of fair value measurement.

Common/collective trust units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the trust. Advanced written notice of either 12 or 30 months may be required in certain circumstances.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Forfeitures

Forfeitures are used to first pay Plan expenses and then to reduce employer contributions. There were no unallocated forfeitures at December 31, 2023 and 2022.

MASCOMA BANK 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Subsequent Events

Management has considered transactions or events occurring through June 26, 2024, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Tax Status

The Plan obtained its latest advisory letter on August 2, 2017, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Information Prepared and Certified by Trustee

The investments, notes receivable from participants, investment transactions, net appreciation in fair value of investments, and interest and dividends were obtained by management and agreed to or derived from the information certified by T. Rowe Price as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits;
- Statement of Changes in Net Assets Available for Benefits; and
- Schedule H, line 4i - Schedule of Assets (Held at End of Year).

5. Party-in-Interest

Certain Plan investments are shares of registered investment companies managed by T. Rowe Price. Additionally, as of December 31, 2023, the Plan's common/collective trust investment is a contract with T. Rowe Price. T. Rowe Price is the Trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Plan had a revenue sharing account in 2023, whereby the Plan received \$91,812 from an investment fund provider to offset fees for services provided to the Plan. The amounts received were recorded as other income. Administrative expenses of \$69,749 were paid to service providers, including T. Rowe Price. These transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

MASCOMA BANK 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

7. Fair Value Measurement

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Valued at the quoted NAV of units held by the Plan at year-end.

Common/collective trust: Valued using the market approach based on the NAV of the units held by the Plan at year-end. The NAV is provided by the trustee and is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' vested account balances and the amounts reported in the statements of net assets available for benefits.
