Report of Independent Certified Public Accountants

Board of Trustees
Western Wisconsin Electrical Workers Retirement Plan
Fall Creek, Wisconsin

Opinion

We have audited the accompanying financial statements of Western Wisconsin Electrical Workers Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Western Wisconsin Electrical Workers Retirement Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Western Wisconsin Electrical Workers Retirement Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Western Wisconsin Electrical Workers Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Western Wisconsin Electrical Workers Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Western Wisconsin Electrical Workers Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the table of contents together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosures under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated in all material respects in relation to the financial statements as a whole, and their form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022**

Note 1 DESCRIPTION OF PLAN

The following description of the Western Wisconsin Electrical Workers Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan and trust agreement for a more complete description of the provisions of the Plan.

General

The Plan is a profit-sharing plan qualified under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as now in effect or hereafter amended.

Contributions

Employers contribute amounts, as determined in the union contracts, based on each hour the participant is employed each month, on behalf of the qualified participant. The money paid into the Plan and earnings thereon are maintained for each participant until termination or payment of benefits.

Participant Accounts

Each participant’s account is credited with their employer’s contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are immediately 100% vested upon entering the Plan.

Payments of Benefits

The Plan provides for normal retirement at age 60 with benefits paid in cash over an elected number of months with the maximum period determined by the amount of the participant’s accumulated share. A participant may be eligible to receive an early retirement benefit on or after their 55th birthday, provided the minimum number of months over which the benefits shall be paid are equal to or greater than the number of months until their 60th birthday.

Note 1 DESCRIPTION OF PLAN (Continued)

Payments of Benefits (Continued)

A participant who becomes disabled shall be entitled to a monthly benefit of \$200 if the value of the participant's accumulated share is more than \$2,400. If the accumulated share is equal to or less than \$2,400, the amount shall be paid in a one-time lump-sum payment.

Upon the death of a participant, the beneficiary shall receive a lump-sum payment equal to the balance of the deceased participant's accumulated share.

Each participant terminating employment shall be entitled to receive a total distribution of his or her accumulated share.

Note 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accounting records of the Plan are maintained on the accrual basis except for benefits to retired and terminated participants, which are reported when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Note 2 SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2 SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchased and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Date of Management Review

In preparing these financial statements, the Plan management has evaluated events and transactions for potential recognition or disclosure through July 09, 2024, the date the financial statements were available to be issued.

Note 3 INVESTMENTS

Investments are stated at fair value at December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy described in Note 2, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022.

<u>December 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	\$ <u>205,758,069</u>	<u>-</u>	<u>-</u>	\$ <u>237,945,048</u>

In accordance with Subtopic 820-10, certain investments described below that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 PARTY-IN-INTEREST TRANSACTIONS

The Plan participates in a statewide benefit plan fund with other local unions. The fund, the Wisconsin Electrical Benefit Plan Fund (the “State Fund”) receives all contributions directly from the contractors within the local unions. The State Fund then remits the contributions to the local unions for disbursement to the Plan.

Note 5 INCOME TAX STATUS

The IRS has determined and informed the Plan Sponsor by a letter dated August 5, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan is also exempt from state income taxes.

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022**

Note 5 INCOME TAX STATUS (Continued)

The Plan will recognize any accrued interest and penalties related to unrecognized tax benefits in income tax, if incurred.

Note 6 PLAN TERMINATION

In the event of Plan termination, the participants' balances, net of the expenses incurred at that date, will be returned to each participant with no part of the assets being forfeited to the employers or union.

Note 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amount reported in the statement of net assets available for benefits.

Note 8 CONCENTRATIONS

The Plan is subject to concentrations of credit risk related to contributions and contributions receivable. The Plan's participants are involved in the same industry and work in the same general geographic region.
