Report of Independent Auditors

To the Administrator of ARDIAN US LLC 401(k) Profit Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of ARDIAN US LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and December 31, 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ARDIAN US LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2023 and 2022

A. Description of Plan

On behalf of ARDIAN US LLC (the “Company” or “Employer”), the following description of the ARDIAN US LLC 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

1. *General*

The Plan is a defined contribution plan covering all full-time employees of the Company and its wholly owned subsidiaries who are of age 21 or older, excluding interns and expatriates. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The structure of the Plan is comprised of the Plan’s administrator as the Company, the record keeper as Paychex, Inc., and the trustee as Mid Atlantic Trust Company. The Company’s 401(K) Committee is composed of Executives of the Company and is responsible for oversight of the Plan. In addition, the Company’s 401(K) Committee monitors investment performance and determines the appropriateness of the Plan’s investment offerings. Full-time employee eligibility is effective the first of the month following their start date. The initial plan document became effective on January 1, 2013.

2. *Employee Contributions*

Each year, participants may contribute up to the Internal Revenue Service (“IRS”) maximum (2023: \$22,500) pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions (2023: \$7,500). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). In 2023, participants contributed \$1,909,500. This included pre-tax contributions of \$1,433,658 and post-tax contributions (Roth) of \$475,842. Participants direct the investment of their contributions into various investment options offered by the Plan.

3. *Employer Contributions*

The Company provides an even match of up to 5% for eligible employees. In addition, the Company provides a 5% non-elective safe harbor contribution to all eligible participants. Additional profit sharing amounts may be contributed at the option of the Company’s Executive Committee. For the year of 2023, the Company contributed \$3,569,609 to the Plan. This included an employer match of \$1,312,903, a non-elective contribution of \$1,378,282, and a \$878,424 profit sharing contribution which was paid in 2024.

4. *Participant accounts*

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. The expenses may be paid by the Plan or the participant. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

ARDIAN US LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2023 and 2022

5. *Vesting*

Participants in the Plan are not subject to vesting.

6. *Notes receivable from participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 but not to exceed 95% of one-half the account balance excluding Roth elective deferral balance. The maximum number of loans outstanding per employee is 1. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions. The loan must be repayable within 54 months; provided, however, in the event the loan proceeds are used to acquire the principal residence of the Borrower, the 4.5 year repayment rule may be extended to 10 years. As of December 31, 2023, notes receivable from participants totaled \$217,795. As of December 31, 2022, notes receivable from participants totaled \$206,212. For the year 2023, the interest rates on loans issued to participants ranged from 4.25% to 9.50%

7. *Payment of benefits*

On termination of service due to death, disability, or reaching retirement age of 59 ½, a participant may elect to receive either a lump sum amount equal to the value of the participant's interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the interest in his or her account as a lump sum distribution. For the year ended December 31, 2023, the amount of benefits paid to participants totaled \$1,159,624.

8. *Financial Advisor*

The Company engages UBS Financial Services Inc. ("UBS") as the financial advisor to the Plan. UBS provides financial advice and solutions to wealthy private, institutional and corporate clients worldwide. The Company covers costs for these services and they are not borne by the Plan. For financial services received for the Plan related to the year 2023, the Company paid UBS a total of \$77,788.

B. Summary of Accounting Policies

1. *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP").

2. *Use of Estimates*

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

ARDIAN US LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2023 and 2022

The Company's 401(K) Committee determines the Plan's valuation policies utilizing information provided by the trustee, Mid Atlantic Trust Company. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses (Trustee & Record-keeper Fees) and are expensed when they are incurred.

Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

5. Payment of Benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan, unless otherwise paid by the Company, are paid by the participants of the Plan, of which the fees are already captured within the assets at fair value. Trustee & record-keeper fees totaled \$37,940 for the year ended December 31, 2023.

Expenses that are paid directly by the Company and not recharged to the Plan are excluded from these financial statements. These expenses may consist of investment advisory, legal, administrative costs, or audit fees.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

ARDIAN US LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2023 and 2022

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Company. The Company considers observable data to be market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023			
	Level 1		Total
Mutual Funds	\$	32,248,392	\$ 32,248,392
Total Investments at Fair Value	\$	32,248,392	\$ 32,248,392

Assets at Fair Value as of December 31, 2022			
	Level 1		Total
Mutual Funds	\$	22,242,280	\$ 22,242,280
Total Investments at Fair Value	\$	22,242,280	\$ 22,242,280

During the year ended December 31, 2023, there were no transfers between Level 1, Level 2, and Level 3.

D. Rollover Contributions

An aggregate of \$476,568 was rolled into the Plan during the year ended December 31, 2023, and is included in rollovers on the Statement of Changes in Net Assets Available for Benefits.

ARDIAN US LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2023 and 2022

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Provisions of ERISA include proper notification to Plan participants regarding the Plan termination as well as ensuring participant balances are fully vested. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

F. Tax Status

The IRS has determined and informed the Prototype Document Sponsor, Paychex, Inc., by a letter dated April 10, 2014 that its prototype plans are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Company and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2023 and December 31, 2022, the Plan maintained certain investments that exceeded 5% of the Net Assets. In 2023 and 2022, these investments included the following:

Investments Exceeding 5% of Net Assets as of December 31, 2023 and 2022		
	2023	2022
Vanguard 500 Index Fund Admiral Shares	28.05%	27.90%

H. Related-Party Transactions and Party in Interest Transactions

Mid Atlantic Trust Company manages certain Plan investments. Mid Atlantic Trust Company is the trustee and Paychex is the record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions.
