INDEPENDENT AUDITORS' REPORT

To the Investment Committee of the
IEM 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of IEM 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made based on these financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule line 4i - schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IEM 401(K) PLAN
Notes to Financial Statements
December 31, 2023

Note 1: Description of Plan

The following description of the IEM 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established on August 1, 2005 by The New IEM, LLC (the “Company” or “Plan Sponsor”), and was restated on July 27, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company is the Plan administrator and the trustee. The Company retains the services of a third party to assist in the administration of the Plan. Through December 31, 2023, the Plan’s custodian and third party administrator is Empower Annuity Insurance Company of America and Empower Trust Company, LLC (“Empower”). Empower does business under the name Empower Retirement.

Eligibility: All employees, with the exception of those who are non-resident aliens with no U.S. source income, classified or treated as independent contractors, non-employees of the Company, or part time or seasonal employees who work less than 1,000 hours of service during the Plan year, are eligible to participate in the Plan. There is no minimum age or service requirement. Eligible employees can enroll monthly on the first day of each month.

Employee contributions: Each year participants may contribute up to 100% of their annual pre-and/or post-tax eligible compensation to the Plan, subject to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make “catch up” contributions, subject to statutory limits. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants direct the investment of their account balances into various investment options offered by the Plan.

Employer contributions: The Company elected to make discretionary matching contributions equal to 50% of a participant’s deferred salary contributions, that does not exceed 6% of eligible compensation, up to \$3,000 per eligible participant. For the year ended December 31, 2023, the Company made matching contributions of approximately \$1,038,000.

Participant accounts: Each participant’s account is credited with the participant’s contribution and Company contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

IEM 401(K) PLAN
Notes to Financial Statements
December 31, 2023

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participant investment options include a variety of mutual funds and an insurance contract account. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund. Participants may change their elections at any time.

Vesting: Participants are immediately vested in their employee, employer, and rollover contributions plus actual earnings thereon.

Forfeited accounts: Available forfeitures shall first be used to pay administrative fees and then may be used to reduce future employer contributions. Forfeitures at December 31, 2023 and 2022, and forfeitures applied for the year ended December 31, 2023, were not material.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator. Loan terms range from one to five years, but may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period. Principal and interest is paid ratably through payroll deductions. Participants are only permitted to have two outstanding loans at a time.

Payment of benefits: The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) upon termination of service due to retirement, attainment of age 59½, hardship, death, or disability, a participant may receive a lump-sum amount equal to the vested value of his or her account or installment payments. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed \$1,000.

Investment management fees and operating expenses: Investment management fees and operating expenses are charged to the Plan for investment in the various funds. These fees are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Administrative expenses: Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for loan processing, withdrawals, and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2: Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

IEM 401(K) PLAN
Notes to Financial Statements
December 31, 2023

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments in all of the funds, except for the investment contract are presented at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan as of December 31, 2023 and 2022. The Plan administrator has concluded that the investment contract is fully benefit-responsive and therefore should be reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3: Fair value

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

IEM 401(K) PLAN
Notes to Financial Statements
December 31, 2023

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of investments as of December 31, 2023 and 2022 have all been determined to be Level 1 by the Plan administrator:

		2023		2022
Mutual fund accounts	\$	<u>32,064,034</u>	\$	<u>23,057,249</u>
Total investments measured at fair value	\$	<u><u>32,064,034</u></u>	\$	<u><u>23,057,249</u></u>

The Plan's valuation methodology used to measure the fair value of mutual funds were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4: Investments

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower, the custodian of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

IEM 401(K) PLAN
Notes to Financial Statements
December 31, 2023

The following information that is included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 5: Investment contract with insurance company

In 2017, the Plan entered into a benefit-responsive investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2023 and 2022, there were no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the contract issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events.

Note 6: Party-in-interest transactions

At December 31, 2023 and 2022, the Plan held investments of approximately \$1,161,000 and \$1,085,000, respectively, in funds managed by Empower. Empower is the Plan's investment broker and had custodial responsibility for investments held in the Empower investment accounts.

Notes to Financial Statements
December 31, 2023

Note 7: Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

Note 8: Income tax status

The prototype plan obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
