Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lectra USA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lectra USA 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lectra USA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lectra USA 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lectra USA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lectra USA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of the Lectra USA 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Gerber Scientific LLC, Gerber Technology LLC and Lectra USA, Inc. (collectively, the Company). United States employees of the Company become eligible to participate in the Plan on the first day of employment. Employees of acquired subsidiaries in the United States become eligible to participate in the Plan on the date of the merger of the subsidiary 401(k) plan into the Plan or on the date upon which the subsidiary employees are paid under the employers' payroll, whichever occurs first. The Plan is subject to the provisions of ERISA.

Amendments

The Plan was amended effective March 1, 2023 to increase the cap on the automatic annual increase from 10% to 15% for employees who were automatically enrolled in the plan and did not opt out.

Administration

The Company, which has the authority to administer the Plan, has delegated the duties of Plan administrator to a committee consisting of Gerber Scientific LLC and participating subsidiaries and Lectra USA, Inc. employees. The committee interprets and applies plan provisions, makes final determinations concerning eligibility, benefits and rights under the Plan, and files such reports as may be required by law.

Employee Contributions

The Plan provides automatic enrollment and automatic annual increases for all newly eligible employees. Thirty days after hire, if an employee has neither enrolled in the Plan nor elected not to participate, the employee is automatically enrolled into the Plan with employee contributions equal to 6% of the participant's eligible compensation. The contribution percentage will increase 1% on an annual basis to a cap of 10%. The cap was increased to 15% effective March 1, 2023. Participants may make an affirmative election at an alternative percentage or turn off the automatic increase feature at any time. Pre-tax and Roth contributions may be made up to the lesser of 100% of eligible compensation or the current annual limitation as set by the Internal Revenue Service (IRS). After-tax contributions are limited to 25% of eligible compensation, also subject to an annual limit determined by the IRS. A participant may change or suspend contributions at any time.

Employees may also contribute amounts representing distributions from other qualified retirement plans to the extent permitted by the Internal Revenue Code (the Code).

Pre-tax contributions are deducted from taxable wages before income taxes are withheld and are not subject to income taxation until withdrawn from the Plan. Roth and after-tax contributions do not reduce taxable wages and thus are subject to current income taxation.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Employee Contributions (Continued)

Under IRS regulations, the annual compensation limit for plan purposes was $330,000 in 2023 and $305,000 in 2022. The maximum combined pre-tax and Roth contributions per participant was limited to $22,500 in 2023 and $20,500 in 2022. Eligible participants who are age 50 or over by the calendar year-end may make catch-up contributions up to an additional $7,500 in 2023 and $6,500 in 2022.

Employer Contributions

The employers may make a discretionary matching contribution. For the years ended December 31, 2023 and 2022, the discretionary matching contribution was equal to 100% of the first 3% and 50% of the next 2% of participant's pre-tax and Roth contributions to the Plan, subject to a maximum annual Company contribution of $5,000 in 2023 and $4,000 in 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Fidelity Management Trust Company. The funds offered by the Plan are the lowest net cost funds available which include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in all employee and employer contributions, including the earnings on these amounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Loan terms range from 1 to 5 years, except for loans to purchase a primary residence, which may be offered over a term up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. At December 31, 2023, interest rates on outstanding loans ranged from 4.25% to 9.5%. Generally, principal and interest are paid ratably through payroll deductions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan. If a participant terminates employment for any reason and his or her vested account balance does not exceed $1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between $1,000 and $5,000, the Plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

The Plan also provides for in-service withdrawals by participants who have reached the age of 59 ½.

Upon financial hardship, a participant is entitled to the value of his or her accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution. Hardship withdrawals require approval of a human resources representative upon receipt of documentation provided by the participant that meets the hardship withdrawal criteria as defined by the IRS.

Revenue Sharing

The Plan holds assets in a plan expense account which receives deposits as a result of a revenue sharing arrangement with Fidelity Management Trust Company. Funds in the account are reallocated to Plan participants. For the years ended December 31, 2023 and 2022, revenue sharing credits totaling $108,458 and $37,688, respectively, were reallocated back to participant accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Other income represents income from a revenue sharing arrangement with Fidelity Management Trust Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any interest that has accrued but is unpaid. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant with an outstanding loan balance terminates employment with the Company, the outstanding principal and accrued interest shall not be immediately due but shall continue to be payable in accordance with the provisions of the loan note. If at any time a participant ceases make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid. For the years ended December 31, 2023 and 2022, there were no amounts allocated to withdrawing participants that had been processed and approved but unpaid.

Plan Expenses

Costs of establishing and administering the Plan, such as legal fees, consulting fees, audit fees, and salaries and fringe benefits of Company personnel, have been paid by the Company and, accordingly, are not included as administrative expenses of the Plan. Expenses that are included in the financial statements represent trustee and recordkeeping fees (charged quarterly in arrears to participant accounts), loan maintenance fees charged against the accounts of participants with outstanding loan balances, and transaction fees, such as loan origination fees.

Risks and Uncertainties

The Plan provides for a variety of investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through June 4, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedules as of and for the years ended December 31, 2023 and 2022 for investments, notes receivable from participants, cash, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Fidelity Management Trust Company, the trustee, as permitted by the election made by the Plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodology used for assets measured at fair value:

Money Market and Mutual Funds: Money market and mutual funds are valued at the quoted price of shares held by the Plan at year-end.

Collective Trust Fund: The collective trust fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of the units held of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023				
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Money Market and Mutual Funds	$ 101,153,175	$ -	$ -	$ -	$ 101,153,175
Collective Trust Fund	-	-	-	12,384,838	12,384,838
Investments at Fair Value	$ 101,153,175	$ -	$ -	$ 12,384,838	$ 113,538,013

	2022				
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Money Market and Mutual Funds	$ 88,003,607	$ -	$ -	$ -	$ 88,003,607
Collective Trust Fund	-	-	-	12,481,678	12,481,678
Investments at Fair Value	$ 88,003,607	$ -	$ -	$ 12,481,678	$ 100,485,285

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

There were no transfers between levels of investments during the years ended December 31, 2023 and 2022.

Investments in the common and collective trust fund provides for daily liquidity and has no redemption features or other restrictions.

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are units of collective trusts or shares of money market and mutual funds managed by affiliates of Fidelity Management Trust Company, and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management and recordkeeping services to Fidelity Management Trust Company or its affiliates amounted to $66,920 and $50,383 for the years ended December 31, 2023 and 2022, respectively. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 6 INCOME TAX STATUS

The Plan has adopted a preapproved plan document that received a favorable opinion letter from the IRS that it was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to modify, suspend or terminate the Plan, in whole or in part (including the provisions relating to contributions), subject to the provisions of ERISA. However, the Company has no power to modify, suspend, amend or terminate the Plan in a manner that will cause or permit any part of the trust fund to be used for or diverted to purposes other than the exclusive benefit of participants or their beneficiaries, or for the payment of expenses pursuant to the provisions of the Plan. Upon termination or partial termination of the Plan, the amounts credited to the accounts of members affected by such termination or partial termination shall be nonforfeitable.

NOTE 8 PLAN MERGER AND TRANSFER

Effective October 1, 2022, the Lectra USA 401(k) Profit Sharing Plan, a defined contribution retirement plan maintained by Lectra USA, Inc., was merged into the Plan. Management believes that the plan merger was a tax-exempt transaction under the applicable provisions of the Code and, therefore, is not subject to federal income taxes. The net assets transferred into the Plan totaled $9,689,950.

NOTE 9 PROHIBITED TRANSACTIONS

During 2022, the Company did not remit certain participant contributions to the Plan on a timely basis as provided for in DOL regulations totaling $164. Participant contributions that are not deposited within the specified time frame represent a prohibited use of Plan assets by the Company according to the provisions of ERISA and the Code. On June 15, 2023, the Company corrected failures and a market value adjustment was made to the affected participant accounts which represented the change in value from the missed payroll dates through the date of correction.

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lectra USA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lectra USA 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lectra USA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lectra USA 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lectra USA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lectra USA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Lectra USA 401(k) Plan

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of the Lectra USA 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Gerber Scientific LLC, Gerber Technology LLC and Lectra USA, Inc. (collectively, the Company). United States employees of the Company become eligible to participate in the Plan on the first day of employment. Employees of acquired subsidiaries in the United States become eligible to participate in the Plan on the date of the merger of the subsidiary 401(k) plan into the Plan or on the date upon which the subsidiary employees are paid under the employers' payroll, whichever occurs first. The Plan is subject to the provisions of ERISA.

Amendments

The Plan was amended effective March 1, 2023 to increase the cap on the automatic annual increase from 10% to 15% for employees who were automatically enrolled in the plan and did not opt out.

Administration

The Company, which has the authority to administer the Plan, has delegated the duties of Plan administrator to a committee consisting of Gerber Scientific LLC and participating subsidiaries and Lectra USA, Inc. employees. The committee interprets and applies plan provisions, makes final determinations concerning eligibility, benefits and rights under the Plan, and files such reports as may be required by law.

Employee Contributions

The Plan provides automatic enrollment and automatic annual increases for all newly eligible employees. Thirty days after hire, if an employee has neither enrolled in the Plan nor elected not to participate, the employee is automatically enrolled into the Plan with employee contributions equal to 6% of the participant's eligible compensation. The contribution percentage will increase 1% on an annual basis to a cap of 10%. The cap was increased to 15% effective March 1, 2023. Participants may make an affirmative election at an alternative percentage or turn off the automatic increase feature at any time. Pre-tax and Roth contributions may be made up to the lesser of 100% of eligible compensation or the current annual limitation as set by the Internal Revenue Service (IRS). After-tax contributions are limited to 25% of eligible compensation, also subject to an annual limit determined by the IRS. A participant may change or suspend contributions at any time.

Employees may also contribute amounts representing distributions from other qualified retirement plans to the extent permitted by the Internal Revenue Code (the Code).

Pre-tax contributions are deducted from taxable wages before income taxes are withheld and are not subject to income taxation until withdrawn from the Plan. Roth and after-tax contributions do not reduce taxable wages and thus are subject to current income taxation.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Employee Contributions (Continued)

Under IRS regulations, the annual compensation limit for plan purposes was $330,000 in 2023 and $305,000 in 2022. The maximum combined pre-tax and Roth contributions per participant was limited to $22,500 in 2023 and $20,500 in 2022. Eligible participants who are age 50 or over by the calendar year-end may make catch-up contributions up to an additional $7,500 in 2023 and $6,500 in 2022.

Employer Contributions

The employers may make a discretionary matching contribution. For the years ended December 31, 2023 and 2022, the discretionary matching contribution was equal to 100% of the first 3% and 50% of the next 2% of participant's pre-tax and Roth contributions to the Plan, subject to a maximum annual Company contribution of $5,000 in 2023 and $4,000 in 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Fidelity Management Trust Company. The funds offered by the Plan are the lowest net cost funds available which include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in all employee and employer contributions, including the earnings on these amounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Loan terms range from 1 to 5 years, except for loans to purchase a primary residence, which may be offered over a term up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. At December 31, 2023, interest rates on outstanding loans ranged from 4.25% to 9.5%. Generally, principal and interest are paid ratably through payroll deductions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan. If a participant terminates employment for any reason and his or her vested account balance does not exceed $1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between $1,000 and $5,000, the Plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

The Plan also provides for in-service withdrawals by participants who have reached the age of 59 ½.

Upon financial hardship, a participant is entitled to the value of his or her accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution. Hardship withdrawals require approval of a human resources representative upon receipt of documentation provided by the participant that meets the hardship withdrawal criteria as defined by the IRS.

Revenue Sharing

The Plan holds assets in a plan expense account which receives deposits as a result of a revenue sharing arrangement with Fidelity Management Trust Company. Funds in the account are reallocated to Plan participants. For the years ended December 31, 2023 and 2022, revenue sharing credits totaling $108,458 and $37,688, respectively, were reallocated back to participant accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Other income represents income from a revenue sharing arrangement with Fidelity Management Trust Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any interest that has accrued but is unpaid. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant with an outstanding loan balance terminates employment with the Company, the outstanding principal and accrued interest shall not be immediately due but shall continue to be payable in accordance with the provisions of the loan note. If at any time a participant ceases make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid. For the years ended December 31, 2023 and 2022, there were no amounts allocated to withdrawing participants that had been processed and approved but unpaid.

Plan Expenses

Costs of establishing and administering the Plan, such as legal fees, consulting fees, audit fees, and salaries and fringe benefits of Company personnel, have been paid by the Company and, accordingly, are not included as administrative expenses of the Plan. Expenses that are included in the financial statements represent trustee and recordkeeping fees (charged quarterly in arrears to participant accounts), loan maintenance fees charged against the accounts of participants with outstanding loan balances, and transaction fees, such as loan origination fees.

Risks and Uncertainties

The Plan provides for a variety of investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through June 4, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedules as of and for the years ended December 31, 2023 and 2022 for investments, notes receivable from participants, cash, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Fidelity Management Trust Company, the trustee, as permitted by the election made by the Plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodology used for assets measured at fair value:

Money Market and Mutual Funds: Money market and mutual funds are valued at the quoted price of shares held by the Plan at year-end.

Collective Trust Fund: The collective trust fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of the units held of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023				
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Money Market and Mutual Funds	$ 101,153,175	$ -	$ -	$ -	$ 101,153,175
Collective Trust Fund	-	-	-	12,384,838	12,384,838
Investments at Fair Value	$ 101,153,175	$ -	$ -	$ 12,384,838	$ 113,538,013

	2022				
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Money Market and Mutual Funds	$ 88,003,607	$ -	$ -	$ -	$ 88,003,607
Collective Trust Fund	-	-	-	12,481,678	12,481,678
Investments at Fair Value	$ 88,003,607	$ -	$ -	$ 12,481,678	$ 100,485,285

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

There were no transfers between levels of investments during the years ended December 31, 2023 and 2022.

Investments in the common and collective trust fund provides for daily liquidity and has no redemption features or other restrictions.

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are units of collective trusts or shares of money market and mutual funds managed by affiliates of Fidelity Management Trust Company, and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management and recordkeeping services to Fidelity Management Trust Company or its affiliates amounted to $66,920 and $50,383 for the years ended December 31, 2023 and 2022, respectively. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 6 INCOME TAX STATUS

The Plan has adopted a preapproved plan document that received a favorable opinion letter from the IRS that it was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to modify, suspend or terminate the Plan, in whole or in part (including the provisions relating to contributions), subject to the provisions of ERISA. However, the Company has no power to modify, suspend, amend or terminate the Plan in a manner that will cause or permit any part of the trust fund to be used for or diverted to purposes other than the exclusive benefit of participants or their beneficiaries, or for the payment of expenses pursuant to the provisions of the Plan. Upon termination or partial termination of the Plan, the amounts credited to the accounts of members affected by such termination or partial termination shall be nonforfeitable.

NOTE 8 PLAN MERGER AND TRANSFER

Effective October 1, 2022, the Lectra USA 401(k) Profit Sharing Plan, a defined contribution retirement plan maintained by Lectra USA, Inc., was merged into the Plan. Management believes that the plan merger was a tax-exempt transaction under the applicable provisions of the Code and, therefore, is not subject to federal income taxes. The net assets transferred into the Plan totaled $9,689,950.

NOTE 9 PROHIBITED TRANSACTIONS

During 2022, the Company did not remit certain participant contributions to the Plan on a timely basis as provided for in DOL regulations totaling $164. Participant contributions that are not deposited within the specified time frame represent a prohibited use of Plan assets by the Company according to the provisions of ERISA and the Code. On June 15, 2023, the Company corrected failures and a market value adjustment was made to the affected participant accounts which represented the change in value from the missed payroll dates through the date of correction.
