Westfields Hospital Employee Retirement Plan
New Richmond, Wisconsin

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the accompanying financial statements of Westfields Hospital Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of Westfields Hospital Employee Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements referred to above of Westfields Hospital Employee Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 6 to the financial statements, the Westfields Hospital Employee Retirement Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements referred to above.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westfields Hospital Employee Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Westfields Hospital Employee Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Westfields Hospital Employee Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

WESTFIELDS HOSPITAL EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN

The following description of the Westfields Hospital Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective March 28, 1985 and was last restated during 2018 with a retroactive effective date of January 1, 2010 as part of the remedial amendment period to adopt a volume submitter plan document. The Plan was last amended effective July 19, 2021. The Plan is a defined contribution 403(b) plan providing for 403(b) salary deferrals and an employer matching contribution. The Plan covers all employees of Westfields Hospital, Inc. (the Company), as defined by the Plan. Employees are eligible to participate in the deferral and Company contribution portion of the Plan upon their date of hire. The Plan is subject to the provisions of ERISA.

The Company is the Plan Sponsor and administrator and has appointed Fidelity Management Trust Company (Fidelity), as custodian. The custodian executes investment transactions as directed by the participants. The custodian is also responsible for making distributions to participants. Fidelity performs some, but not all, of the recordkeeping services for the Plan. Fidelity performs these functions at the direction of the Company in accordance with the provisions of the Plan.

Contributions

Contributions are made by participating employees. The Plan is composed of the following active accounts: the Pretax salary deferral account, Roth deferral account, and the rollover account. Participants are allowed to contribute a certain percentage of annual compensation up to the maximum dollar limits established by the Internal Revenue Service (IRS) to the pretax or Roth salary deferral accounts. Participants may change contributions daily in any 1% increment. Participants age 50 or older are allowed to make catch up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees, who became participants on or after October 1, 2018, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan also includes an auto increase feature whereby those participants who were automatically enrolled or have a salary reduction agreement in place greater than 0% as of November 15, 2019 will have their deferral percentage increased annually by 1% until their deferral rate reaches 10%. Participants must opt-out if they do not want to have that automatic increase to their deferral rate.

The Company matching contribution is 100% of the lesser of (a) 5% of participant's eligible earnings for the Plan year or (b) participant's 403(b) contributions for the Plan year. The Company may, at its discretion, authorize increased or decreased Company contributions to the Plan. Prior service with a related employer will be recognized under the Plan for purposes of eligibility and vesting effective for employees transferring to Westfields Hospital, Inc. from a related employer on or after January 1, 2013.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and Company matching contribution, as well as an allocation of Plan earnings or losses, and charged with withdrawals. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon through September 30, 2018. Effective October 1, 2018, participants are vested in Company match contributions plus actual earnings thereon after the completion one year of credited service.

Notes Receivable from Participants

Under provisions of the Plan, a participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the aggregate balance of the participant's vested accounts (but not more than the aggregate balance of the participant's 403(b) account and rollover account). The loans are secured by the balance in the participant's account. Notes bear interest at the prime rate plus 1%. At December 31, 2023, these notes bear interest at rates that range from 4.25% to 9.50%. Payments are due in biweekly or monthly installments of principal and interest over five years unless the loan is used to purchase a principal residence. Payments on loans are credited to individual funds in accordance with the participant's current investment allocation.

Benefit Payments

Upon termination of service or death, a participant, or his or her respective beneficiary, may receive the value of the participant's vested interest in his or her account in the form of a lump sum payment or installments. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. The Plan also allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions.

Investment Program

Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeited nonvested accounts are used to pay administrative expenses and to reduce future Company match contributions. Forfeited nonvested accounts as of December 31, 2023 and 2022 totaled \$5,849 and \$694, respectively. There were no forfeitures used to pay administrative expenses for the years ended December 31, 2023 and 2022. There were forfeitures of \$1,906 and \$11,785 used to reduce Company contributions for the years ended December 31, 2023 and 2022, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded at December 31, 2023 or 2022. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements as provided in the Plan document. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 10, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants and related interest income reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). Considerable judgment may be required in interpreting market data used to develop the estimates of fair value. The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued daily based on subscription and redemption activity at a stable \$1 NAV. Redemptions can occur daily at NAV and there are no restrictions to redemption or unfunded commitments.

General Accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Self-Directed Brokerage Accounts: Each mutual fund, common stock, and unit trust is valued based on the unadjusted quoted market prices from national exchanges. Cash and cash equivalents are recorded at book value, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a general account with the Lincoln National Life Insurance Company (Lincoln). The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The general account is included in the financial statements at fair value because they are not fully benefit responsive. Upon termination of the investment contracts, the lump sum liquidation value of the general account portion of the participant's accumulation value shall be equal to the participant's general account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 EXCLUDABLE CONTRACTS

Prior to January 1, 2009, the Plan historically was viewed as an amalgamation of annuity contracts and custodial accounts and the Plan and its custodians did not maintain financial information at a Plan level. As of January 1, 2009, the Plan changed custodians to Hartford and began providing the Plan administrator with annual certified statements summarizing the Plan's activities and holdings.

Because historical records were not maintained or are not available at a Plan level, the Plan has excluded from investments, in the accompanying statements of net assets available for benefits, annuity contracts and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. The accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02); however, GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable.

The Plan administrator believes the conditions of the DOL FAB 2009-02, to not treat annuity contracts and custodial accounts as part of the Plan assets for purposes of ERISA's annual reporting requirements, have been satisfied with respect to excluded contracts.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in an insurance company general account, self-directed brokerage accounts, a money market fund, and various mutual funds, which may include investments in, but not limited to, U.S. government securities, corporate debt instruments, mutual funds, and corporate equity securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur over time and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

NOTE 8 PLAN TERMINATION

Although the Company has not expressed any intent to do so, it may terminate the Plan at any time, subject to the provisions of the Plan and ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts and the Plan shall continue until all assets have been distributed to the participants.

NOTE 9 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated August 7, 2017 received from the IRS indicating that the volume submitter plan is qualified under Section 403(b) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The volume submitter plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA, unless a specific exemption applies. Certain Plan investments are managed by Fidelity. Fidelity, is the custodian, as defined by the Plan and therefore, these transactions qualify as exempt party-in-interest transactions.
