Independent Auditor's Report

To the Trustees of
R.E. Sweeney Company, Inc.
Stock Bonus Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of R.E. Sweeney Company, Inc. Stock Bonus Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

The Trustees of
R.E. Sweeney Company, Inc.
Stock Bonus Profit Sharing Plan and Trust

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Trustees of
R.E. Sweeney Company, Inc.
Stock Bonus Profit Sharing Plan and Trust

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the R.E. Sweeney Company, Inc. Stock Bonus Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document, which is available from Plan management, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established January 1, 1977, for the exclusive benefit of eligible employees of R.E. Sweeney Company, Inc. (the Company) and other associated companies who qualify for participation. Subsequently, the trust instrument has been revised for the purpose of complying with the provisions of changes in government regulations. The effective date of the trust's latest revision was January 1, 2017. The trust is administered by the trustee (consisting of one or more members) as selected and designated by the Board of Directors of R.E. Sweeney Company, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Company who have completed one hour of service are eligible to participate in the Plan except employees who are members of a collective bargaining unit.

Contributions

For each of its taxable periods, the employer shall contribute to the Plan (from its current or accumulated profits) an amount determined by its Board of Directors, provided, however, that the amount contributed shall not exceed the amount constituting an allowable deduction under the Internal Revenue Code of 1986, as amended. The Company made contributions of $800,000 and $600,000 for the years ended December 31, 2022 and 2021, respectively. Employee contributions are not permitted.

Participant Accounts

At each valuation date (December 31) the net income of the Plan, exclusive of any gain or loss on Company stock, is allocated to the participants in the ratio which the participant's interest in the Plan assets other than Company stock, determined as of the beginning of the year, bears to the total interest of all participants. Any gain or loss on Company common stock during the year is allocated based on the number of shares held by each participant on the valuation date. At the end of each year, the employer contribution to the trust and forfeitures are prorated among all participants having completed at least 1,000 hours of service and who are employed by the Company on December 31, in the ratio which the total aggregate compensation of each such participant for the Plan year bears to the sum of the total aggregate compensation of all such participants for the Plan year. On December 31 all net assets available for benefits are allocated to participants as defined above.

Vesting

Each participant shall have a further vested interest in the proportionate share of employer contributions, net income and forfeitures as follows:

a. Upon completion of two years of service, the participant shall have a vested interest of 20%. This vested interest shall increase 20% for each additional year of service so that at the end of six years of service the participant shall be 100% vested.
b. In the event of the death or disability of a participant such amounts shall be fully vested.

Payment of Benefits

Under the terms of the Plan, participants must commence distribution of their account (as defined by the Plan) within sixty days after the close of the Plan year in which the latest occurs: (1) participant reaches normal retirement age; (2) participant terminates employment; or (3) the fifth anniversary of the year in which the participant commenced participation in the Plan. The participant may elect to receive benefits in cash or R.E. Sweeney Company, Inc. common stock.

Forfeited Accounts

The amount of forfeitures allocated to the eligible plan participants was $227,600 and $17,731 in 2022 and 2021, respectively.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account with respect to major corporate events, as defined in the Plan Agreement.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Profit Sharing Committee (the Committee) determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses include investment management fees, plan administration fees, and legal fees. The Company absorbs certain other costs of the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through May 7, 2024, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held at December 31, 2022 and 2021, and net appreciation in fair value of investments and interest and dividend income for the years then ended, was obtained or derived from information provided to Plan management and certified as complete and accurate by Frost Bank, the trustee of the Plan.

The Plan's investments in its common stock, at December 31, 2022 are presented in the following table:

	Number of Shares	Cost	Fair Value
R.E. Sweeney company common stock			
Voting shares	835	$ 20,040	$ 170,245
Non-voting shares	83,128	1,995,068	16,779,351
Total	83,963	$ 2,015,107	$ 16,949,596

The Plan's investments in its common stock, at December 31, 2021 are presented in the following table:

	Number of Shares	Cost	Fair Value
R.E. Sweeney company common stock			
Voting shares	845	$ 20,280	$ 118,645
Non-voting shares	84,046	2,017,100	11,564,705
Total	84,891	$ 2,037,379	$ 11,683,350

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Cash and cash equivalents: Held primarily in short-term money market funds, which are valued at cost plus accrued interest, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Cash value of life insurance contracts: Valued at their cash surrender value, which approximates fair value.

Common stock of R.E. Sweeney Company, Inc.: Valuation by independent appraisal at the reporting date by a qualified expert. This appraisal was based on a combination of the market and asset-based valuation techniques consistent with prior years.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022	2021
Level 1:		
Cash and cash equivalents	$ 56,012	$ 189,420
Mutual funds	1,754,299	1,803,984
Common stock	318,121	317,551
	2,128,432	2,310,955
Level 3:		
Cash value of life insurance	136,310	183,416
Common stock of R.E. Sweeney Company, Inc.	16,949,596	11,683,352
	17,085,906	11,866,768
Assets at fair value	$ 19,214,338	$ 14,177,723

Changes in Fair Value of Level 3 Assets

The Plan distributed 10 shares of voting and 918 shares of non-voting common stock of the Company at an aggregate value of $127,721 during the year ended December 31, 2022 and 48 shares of voting and 4,553 shares of non-voting common stock of the Company at an aggregate value of $416,727 during the year ended December 31, 2021.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
R.E. Sweeney Company, Inc. Common Stock	$16,949,596	Combination of Market and Asset-based approaches	-EBITDA -Selection of EBITDA and revenue multiples -Risk factors -Lack of marketability discount -Lack of voting rights discount -Discount rate -Weighted average cost of capital
Cash Value of Life Insurance	$136,310	Discounted cash flows approach	-Risk factors -Discount rate -Yield rates of similar instruments with comparable durations

The valuation process of R.E. Sweeney Company, Inc. common stock involves the selection of an appraiser. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. The appraiser prepares a preliminary report which the Committee, along with the trustee of the Plan, reviews in detail, discusses and approves. The results of this process are documented in the minutes of the Committee.

Note 5. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Frost Bank. Frost Bank is the Custodian and Trustee for the Plan. The Plan also invests in the common stock of R.E. Sweeney Company, Inc. These affiliated companies are considered parties in interest (as defined in ERISA) to the Plan. Additionally, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

Note 7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 20, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
