Report of Independent Auditors

To the Administrator of J.B. Hunt Transport Services, Inc. Employee Retirement Plan

Opinion

We have audited the accompanying financial statements of J.B. Hunt Transport Services, Inc. Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report

that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are

presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the J.B. Hunt Transport Services, Inc. (the “Company” or “Employer”) Employee Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The purpose of the Plan is to provide additional incentive and retirement security for eligible employees of the Company by permitting contributions to the Plan that are tax deferred under Section 401(k) of the Internal Revenue Code (IRC). All employees, other than employees covered by a collective bargaining agreement, non-resident aliens, leased employees, and independent contractors, are eligible to make salary reduction contributions immediately following their employment commencement date. Each employee that has completed one year of qualifying service is eligible to receive matching contributions. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may defer from 1% up to 50% of pretax annual compensation, as defined in the Plan document (not to exceed limits determined under Sections 402(g) and 415(c) of the IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Company matches 50% of the first 6% of compensation that a participant contributes to the Plan once meeting match eligibility requirements as defined in the plan document. Additional amounts may be contributed at the discretion of the Company’s Board of Directors. No such additional amounts were contributed in 2023. The Plan additionally provides for Roth Elective Deferrals, After-Tax Deferrals, and In-Plan Roth Rollovers.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contributions and any discretionary contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Upon a participant’s retirement, permanent disability or death, he or she becomes fully vested in the Plan. If a participant terminates employment for any other reason on or after being credited with at least six years of vesting service, he or she becomes fully vested in the

Plan. Prior to the completion of six years of vesting service, the vesting percentages are as follows: 0 - 1 year – 0%; 2 years – 20%; 3 years – 40%; 4 years – 60%; 5 years – 80%; 6 years – 100%. A year of vesting service is credited to participants that complete 1,000 hours of service within a plan year. Hours of service are defined in the plan document and accumulated for employees irrespective of participation in the Plan. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions, restore a participant's account for claims of benefits, or pay Plan expenses. Forfeitures for the year ended December 31, 2023 amounted to approximately \$3,117,000. The Company used approximately \$3,075,000 to reduce Company contributions to the Plan in 2023. Forfeitures remaining in the Plan at December 31, 2023 and 2022 were approximately \$165,000 and \$123,000, respectively.

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 - 5 years for general purpose loans, or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear fixed interest at the prime rate on the first day of the calendar month in which the loan is made, plus one percent (ranging from 4.25% to 9.50% for loans outstanding at December 31, 2023). Principal and interest are paid ratably through payroll deductions. A participant may only have two loans outstanding at any time.

Payment of Benefits

On termination of service due to retirement, disability or death, a participant or his/her beneficiary may receive either a lump-sum amount or approximately equal monthly, quarterly or semi-monthly installments in cash equal to the value of the participant's vested interest in his or her account. For termination of service, other than retirement, disability or death, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan allows for general hardship distributions if a participant meets the Plan's requirements for such distributions.

The Plan will distribute and rollover certain net assets to other plans in connection with participants who have terminated employment and begun participating in other employer plans. Such transactions are recorded in withdrawals and distributions at the fair value of the assets on the date of rollover. Similarly, the Plan allows new participants to rollover or transfer-in assets held in other qualified plans. Such transactions are recorded in participant contributions at fair value.

Administrative Expenses

The Company may elect to pay all administrative expenses of the Plan. Administrative expenses not paid by the Company are paid from Plan assets. All administrative expenses were paid within the Plan in 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared utilizing the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on December 31, 2023 and 2022. See Note 3, Fair Value Measurements, for additional information on investment valuation. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in fair value of investments represents increases or decreases in value resulting from realized and unrealized gains and losses. The cost of securities sold is determined by the weighted average cost method. Shares of mutual funds are valued at published market prices. Shares of common stock are valued at quoted market prices. As a practical expedient, investments in the common/collective trust are valued at the net asset value per unit, as determined by the issuer of the respective trust.

The MissionSquare Funds of VantageTrust Stable Value Fund (Stable Value Fund), a common/collective trust, is designed to deliver safety and stability by preserving principal and accumulating earnings. This Stable Value Fund is primarily invested in guaranteed investment contracts, bank investment contracts, and synthetic investment contracts. The Plan may withdraw from the Stable Value Fund with 12 month written advance notice to the trustee. The notice period may be shortened or waived by the trustee in its sole discretion. There are no restrictions on participant-directed redemptions.

Payment of Benefits

Benefits are recorded when paid. Defaults on participant notes receivable are recorded as withdrawals and distributions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

The FASB's guidance on fair value measurements establishes a three-level valuation hierarchy for disclosure based upon the transparency of inputs to the valuation of an asset or liability as of the

measurement date. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). An asset's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the valuation.

The three levels are defined as follows:

- Level 1 - inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following are assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

December 31, 2023		
Description	Level 1	Total
Mutual Funds	\$ 862,686,534	\$ 862,686,534
Common Stock	305,702,694	305,702,694
		<u>1,168,389,228</u>
Common/collective trust measured at net asset value as a practical expedient		93,968,308
Total investments		<u>\$ 1,262,357,536</u>

December 31, 2022		
Description	Level 1	Total
Mutual Funds	\$ 686,093,762	\$ 686,093,762
Common Stock	281,793,957	281,793,957
		<u>967,887,719</u>
Common/collective trust measured at net asset value as a practical expedient		100,053,910
Total investments		<u>\$ 1,067,941,629</u>

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

5. Related Party and Parties-in-Interest Transactions

At December 31, 2023 and 2022, the Plan held 1.5 million and 1.6 million shares, respectively, of common stock of the Company, with a fair value of approximately \$305.7 million and \$281.8 million, respectively. Beginning in 2020, limitations were placed on a participant's investment in common stock

of the Company. Effective January 1, 2023, investments in common stock of the Company were limited to no more than 20% of a participant's contribution. In addition, transfers of existing investments within a participant's Plan account to common stock of the Company were not allowed if the then-current market value of common stock of the Company within their account was greater than 40%. The Plan recorded dividend income on the common stock of the Company of approximately \$2.6 million during the year ended December 31, 2023. Net activity from the investment in common stock of the Company resulted in an increase of approximately \$40.1 million within the investment balance for the year ended December 31, 2023. The Plan transactions involving this investment security qualify as related party and party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules of ERISA.

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 17, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan has been amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.
