INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Boies Schiller Flexner LLP Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Boies Schiller Flexner LLP Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Boies Schiller Flexner LLP Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Boies Schiller Flexner LLP Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Boies Schiller Flexner LLP Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Boies Schiller Flexner LLP (the "Firm") Retirement Savings Plan (the "Plan"), formerly known as the Boies, Schiller & Flexner LLP Retirement Savings Plan, is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees and partners of the Firm, with the exception of certain specified groups of employees. The Plan is a profit-sharing plan with an elective deferral feature under Section 401(k) of the Internal Revenue Code (IRC). Employees and partners are eligible to participate in the Plan immediately upon hire if they are at least 21 years of age. Once an individual satisfies the eligibility requirements, unless they affirmatively elect otherwise, they will automatically be enrolled in the Plan on the first day of the month following start of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions:

Each year, participants may contribute up to the lesser of 60% of pretax eligible compensation or the Internal Revenue Service (IRS) limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows participants to designate that a portion or all of the contributions are Roth deferral contributions consistent with the requirements of Section 402A of the IRC. Such contributions include rollovers from other Roth deferral accounts. The Plan permits participants to do in-plan Roth rollovers of pre-tax accounts. Roth contributions will be treated as elective deferrals for all purposes under the Plan.

The Plan allows for discretionary employer contributions. For 2023 and 2022, discretionary employer contributions were made on behalf of two groups of participants in each year. In 2023 and 2022, one group of participants received 4.43% of their eligible compensation, and the second group of participants received 13.28% of their eligible compensation. During the years ended December 31, 2023 and 2022, the Firm made discretionary profit sharing contributions of $2,422,629 and $2,182,344, respectively to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts:

Each participant's account is credited with the participant's contributions and Firm discretionary profit-sharing contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Participants with credited service prior to January 1, 2010, are immediately vested in the employer contributions and net earnings thereon. Participants with their first credited service on or after January 1, 2010, vest in the employer contributions and net earnings thereon based on years of continuous service. After completing three years of credited service the participant becomes 100% vested in the employer contributions plus actual earnings thereon.

Participant Notes Receivable:

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

On termination of service for any reason, participants with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with a vested account balance greater than $1,000 may elect to defer their distribution to a later date.

Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's accounts may also be made upon reaching age 59½, in accordance with the provisions specified in the Plan.

Forfeited Accounts:

At December 31, 2023 and 2022, forfeited non-vested account balances were $132,237 and $61,772, respectively. These accounts may first be used to pay administrative expenses, then to reduce future employer contributions. During 2023 and 2022, administrative expenses were reduced by $45 and $0, respectively, due to the use of forfeited non-vested account balances. During 2023 and 2022, employer contributions were reduced by $181,260 and $83,750, respectively, due to the use of forfeited non-vested account balances.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments. The Plan also receives a quarterly participant revenue credit which is allocated to participants on a pro-rata basis.

Subsequent Events:

The Plan has evaluated subsequent events through June 24, 2024, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds and money market fund: Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The net asset value of the mutual funds is based on quoted market prices in active markets.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common collective trust fund: Valued as the sum of (a) the fair value of the investments in managed income portfolio fund and (b) the fair value of the fund's investments in externally managed collective investment funds as determined by those fund's trustees. The common collective trust fund represents deposits which guarantee a stated interest rate for the term of the contracts. Valued at the unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of NAV, is a practical expedient for estimating the fair values of those investments.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	$138,229,914	$ -	$ -	$138,229,914

Common collective trust fund measured at NAV as a practical expedient				12,842
Total investments at fair value				$150,793,222

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$115,562,258	$ -	$ -	$115,562,258
Self directed brokerage accounts	11,791,457	-	-	11,791,457
Total assets at fair value	$127,353,715	$ -	$ -	$127,353,715
Common collective trust fund measured at NAV as a practical expedient				12,499
Total investments at fair value				$127,366,214

NOTE 4 — INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has furnished certain financial information to the Plan administrator and certified as to its completeness and accuracy. These certification are as of and for the years ended December 31, 2023 and 2022, and include investment information related to fair value of investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants and net appreciation (depreciation) in fair value of investments that are included in the Plan's financial statements and supplemental schedule.

NOTE 5 — COMMON COLLECTIVE TRUST FUND

Participants may elect to contribute to the Managed Income Portfolio, a common collective trust fund of the Fidelity Group Trust for the Plan. The fund invests in benefit-responsive contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The fund seeks to preserve principal while earning a level of interest income that is consistent with principal preservation.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant restrictions for these investments as participant transactions (purchases and sales) may occur daily. The redemption notice period is applicable only to the Plan. If the Plan were to initiate a full redemption, a notice to the investment advisor would be required. There is no set redemption notice period but the investment advisor reserves the right to delay withdrawal for up to 12 months.

	December 31, 2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 12,842	N/A	Daily	Up to 12 months

	December 31, 2022

Common collective trust fund	$ 12,499	N/A	Daily	Up to 12 months

NOTE 6 — TAX STATUS

The Plan is a volume submitter plan sponsored by Fidelity Management Trust Company which received an opinion letter from the United States Treasury Department Internal Revenue Service (IRS) on June 30, 2020, which stated that the volume submitter document was in compliance with applicable requirements of the IRC. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 — RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits at December 31 per the financial statements to Schedule H of Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	$ 153,892,219	$ 130,062,911
Less: employee contributions receivable	(117,793)	(118,917)
Less: employer contributions receivable	(2,416,111)	(2,182,344)
Net assets available for benefits per Schedule H to the Form 5500	$ 151,358,315	$ 127,761,650

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2023 to Schedule H of Form 5500:

Contributions per the financial statements	$ 7,685,141
Add: employer contributions receivable at December 31, 2022	2,182,344
Add: employee contributions receivable at December 31, 2022	118,917
Less: employer contributions receivable at December 31, 2023	(2,416,111)
Less: employee contributions receivable at December 31, 2023	(117,793)
Contributions per Schedule H of Form 5500	$ 7,452,498

Similar differences were reported for the year ended December 31, 2022 between the financial statements and Schedule H of Form 5500.

NOTE 10 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management and Research Company, an affiliate of Fidelity Management Trust Company, the Plan trustee, and therefore, these transactions qualify as party-in-interest transactions. Participant notes receivable transactions also qualify as party-in-interest transactions. For the years ended December 31, 2023 and 2022, administrative fees paid by the Plan for the investment management services amounted to $22,372 and $21,243 respectively. The Plan also receives participant revenue credits which are allocated to participants. These credits amounted to ($30,000) and ($47,500) for the years ended December 31, 2023 and 2022, respectively and are netted against participant account balances.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Boies Schiller Flexner LLP Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Boies Schiller Flexner LLP Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Boies Schiller Flexner LLP Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Boies Schiller Flexner LLP Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Boies Schiller Flexner LLP Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Boies Schiller Flexner LLP (the "Firm") Retirement Savings Plan (the "Plan"), formerly known as the Boies, Schiller & Flexner LLP Retirement Savings Plan, is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees and partners of the Firm, with the exception of certain specified groups of employees. The Plan is a profit-sharing plan with an elective deferral feature under Section 401(k) of the Internal Revenue Code (IRC). Employees and partners are eligible to participate in the Plan immediately upon hire if they are at least 21 years of age. Once an individual satisfies the eligibility requirements, unless they affirmatively elect otherwise, they will automatically be enrolled in the Plan on the first day of the month following start of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions:

Each year, participants may contribute up to the lesser of 60% of pretax eligible compensation or the Internal Revenue Service (IRS) limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows participants to designate that a portion or all of the contributions are Roth deferral contributions consistent with the requirements of Section 402A of the IRC. Such contributions include rollovers from other Roth deferral accounts. The Plan permits participants to do in-plan Roth rollovers of pre-tax accounts. Roth contributions will be treated as elective deferrals for all purposes under the Plan.

The Plan allows for discretionary employer contributions. For 2023 and 2022, discretionary employer contributions were made on behalf of two groups of participants in each year. In 2023 and 2022, one group of participants received 4.43% of their eligible compensation, and the second group of participants received 13.28% of their eligible compensation. During the years ended December 31, 2023 and 2022, the Firm made discretionary profit sharing contributions of $2,422,629 and $2,182,344, respectively to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts:

Each participant's account is credited with the participant's contributions and Firm discretionary profit-sharing contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Participants with credited service prior to January 1, 2010, are immediately vested in the employer contributions and net earnings thereon. Participants with their first credited service on or after January 1, 2010, vest in the employer contributions and net earnings thereon based on years of continuous service. After completing three years of credited service the participant becomes 100% vested in the employer contributions plus actual earnings thereon.

Participant Notes Receivable:

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

On termination of service for any reason, participants with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with a vested account balance greater than $1,000 may elect to defer their distribution to a later date.

Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's accounts may also be made upon reaching age 59½, in accordance with the provisions specified in the Plan.

Forfeited Accounts:

At December 31, 2023 and 2022, forfeited non-vested account balances were $132,237 and $61,772, respectively. These accounts may first be used to pay administrative expenses, then to reduce future employer contributions. During 2023 and 2022, administrative expenses were reduced by $45 and $0, respectively, due to the use of forfeited non-vested account balances. During 2023 and 2022, employer contributions were reduced by $181,260 and $83,750, respectively, due to the use of forfeited non-vested account balances.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments. The Plan also receives a quarterly participant revenue credit which is allocated to participants on a pro-rata basis.

Subsequent Events:

The Plan has evaluated subsequent events through June 24, 2024, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds and money market fund: Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The net asset value of the mutual funds is based on quoted market prices in active markets.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common collective trust fund: Valued as the sum of (a) the fair value of the investments in managed income portfolio fund and (b) the fair value of the fund's investments in externally managed collective investment funds as determined by those fund's trustees. The common collective trust fund represents deposits which guarantee a stated interest rate for the term of the contracts. Valued at the unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of NAV, is a practical expedient for estimating the fair values of those investments.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total

NOTE 4 — INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has furnished certain financial information to the Plan administrator and certified as to its completeness and accuracy. These certification are as of and for the years ended December 31, 2023 and 2022, and include investment information related to fair value of investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants and net appreciation (depreciation) in fair value of investments that are included in the Plan's financial statements and supplemental schedule.

NOTE 5 — COMMON COLLECTIVE TRUST FUND

Participants may elect to contribute to the Managed Income Portfolio, a common collective trust fund of the Fidelity Group Trust for the Plan. The fund invests in benefit-responsive contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The fund seeks to preserve principal while earning a level of interest income that is consistent with principal preservation.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant restrictions for these investments as participant transactions (purchases and sales) may occur daily. The redemption notice period is applicable only to the Plan. If the Plan were to initiate a full redemption, a notice to the investment advisor would be required. There is no set redemption notice period but the investment advisor reserves the right to delay withdrawal for up to 12 months.

	December 31, 2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 12,842	N/A	Daily	Up to 12 months

	December 31, 2022			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 12,499	N/A	Daily	Up to 12 months

NOTE 6 — TAX STATUS

The Plan is a volume submitter plan sponsored by Fidelity Management Trust Company which received an opinion letter from the United States Treasury Department Internal Revenue Service (IRS) on June 30, 2020, which stated that the volume submitter document was in compliance with applicable requirements of the IRC. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 — RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits at December 31 per the financial statements to Schedule H of Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	$ 153,892,219	$ 130,062,911
Less: employee contributions receivable	(117,793)	(118,917)
Less: employer contributions receivable	(2,416,111)	(2,182,344)
Net assets available for benefits per Schedule H to the Form 5500	$ 151,358,315	$ 127,761,650

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2023 to Schedule H of Form 5500:

Contributions per the financial statements	$ 7,685,141
Add: employer contributions receivable at December 31, 2022	2,182,344
Add: employee contributions receivable at December 31, 2022	118,917
Less: employer contributions receivable at December 31, 2023	(2,416,111)
Less: employee contributions receivable at December 31, 2023	(117,793)
Contributions per Schedule H of Form 5500	$ 7,452,498

Similar differences were reported for the year ended December 31, 2022 between the financial statements and Schedule H of Form 5500.

NOTE 10 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management and Research Company, an affiliate of Fidelity Management Trust Company, the Plan trustee, and therefore, these transactions qualify as party-in-interest transactions. Participant notes receivable transactions also qualify as party-in-interest transactions. For the years ended December 31, 2023 and 2022, administrative fees paid by the Plan for the investment management services amounted to $22,372 and $21,243 respectively. The Plan also receives participant revenue credits which are allocated to participants. These credits amounted to ($30,000) and ($47,500) for the years ended December 31, 2023 and 2022, respectively and are netted against participant account balances.
