Report of Independent Auditors

To the Plan Participants and Retirement Plan Committee
Bath & Body Works, Inc. 401(k) Savings and Retirement Plan

Opinion

We have audited the financial statements of Bath & Body Works, Inc. 401(k) Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including

maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2023, nonexempt transactions and delinquent participant contributions for the year then ended, (referred to as the “supplemental schedules”), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Bath & Body Works, Inc. 401(k) Savings and Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

General

The Bath & Body Works, Inc. 401(k) Savings and Retirement Plan (as amended, the “Plan”) is a defined contribution plan covering eligible employees of Bath & Body Works, Inc. (the “Company”) and certain of its affiliates (collectively, the “Employer”). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

As of December 31, 2023 and 2022, the Plan's investments were held by Matrix Trust Company, the trustee for the Plan.

Plan Amendments

The Plan was amended, effective as of January 1, 2022, to include bonuses (other than sign-on bonuses or retention bonuses) paid after a participant’s termination from employment in eligible compensation for purposes of calculating Annual Contributions (as defined below) under the Plan.

The Plan was amended, effective as of May 11, 2023, to provide that the Employer Stock Fund and the VS Stock Fund (as each is defined below) are permitted, but not mandatory, investment alternatives under the Plan.

The Plan was amended, effective as of January 1, 2024, to (i) increase the Matching Contribution (as defined below) from (A) 100% of each eligible participant’s voluntary contributions up to 4% of annual eligible compensation, to (B) 100% of each eligible participant’s voluntary contributions up to 4% of annual eligible compensation, plus 50% of each eligible participant’s voluntary contributions in excess of 4% of annual eligible contributions (not to exceed a total of 6% of each eligible participant’s annual eligible compensation), (ii) eliminate Annual Contributions under the Plan effective on and after January 1, 2024, and (iii) fully vest active participants in any unvested Annual Contributions under the Plan as of December 31, 2023.

Eligibility

Employees become eligible to participate in the Plan upon becoming at least 21 years of age and either (1) a full-time employee, or (2) a part-time employee having completed a year of employment with 1,000 or more hours of service. All employees eligible to participate in the Plan must complete a year of employment with 1,000 or more hours of service to become eligible for Employer contributions.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the period in which the employee contributions are withheld from compensation.

Employer contributions

Subject to the eligibility requirements under the Plan, prior to January 1, 2024, the Employer provided a matching contribution of 100% of each eligible participant’s voluntary contributions up to 4% of annual eligible compensation. See “Plan Amendments” above for a description of the changes to the Employer’s Matching Contributions under the Plan effective as of January 1, 2024.

Subject to the eligibility requirements under the Plan, the Employer also provided a non-elective contribution (the “Annual Contribution”) equal to a percentage of annual eligible compensation to all eligible participants regardless of the participants’ elections who were one of the following:

- Employed on the last day of the Plan year, and had completed 1,000 hours of service during the Plan year;
- Involuntarily terminated without cause during the Plan year; or
- Voluntarily terminated during the Plan year, and as of the last day of the Plan year were age 55 or above and had a minimum of seven years of vested service.

For periods prior to January 1, 2024, Annual Contributions were determined based on each participant's annual eligible compensation and accumulated years of vested service as follows:

Years of Vested Service	Earnings Up to Social Security Wage Base	Earnings Above Social Security Wage Base
Less than 5 years	3%	6%
5 or more years	4%	8%

Annual eligible compensation used to determine Employer contributions was based on each participant's qualified plan compensation less any compensation received prior to initially becoming eligible for Employer contributions, and was limited to the maximum amount permitted under Section 401(a)(17) of the Internal Revenue Code of 1986, as amended (the "Code"). The annual compensation limit was \$330,000 and \$305,000 as of December 31, 2023 and 2022, respectively.

Participant voluntary contributions

Participants may elect to make voluntary tax-deferred contributions up to 75% of annual eligible compensation up to the maximum contribution permitted under Section 402(g) of the Code adjusted annually (\$22,500 for the year ended December 31, 2023). This voluntary tax-deferred contribution may be limited by Section 401(k) of the Code.

Plan participants who will be age 50 or greater at the end of the Plan year and whose contributions to the Plan reach the maximum amount allowed by the Plan are eligible to make voluntary "catch-up" contributions to the Plan. Catch-up contributions are limited to the maximum contribution permitted under Section 414(v) of the Code adjusted annually (\$7,500 for the year ended December 31, 2023). Catch-up contributions are not eligible for Employer matching contributions.

Investment Options

Both the Employer and participant contributions are directed solely through each participant's election into investment alternatives offered by the Plan. At any time, participants may also elect to reallocate existing account balances between investment alternatives or to change their investment elections for future contributions. The Company's Retirement Plan Committee (the "Retirement Plan Committee") periodically reviews and may make changes to the investment alternatives available under the Plan.

The Plan's investment alternatives as of December 31, 2023 included mutual funds, collective trust funds, a pooled account of Company common stock (the "Employer Stock Fund"), and self-directed brokerage accounts.

On August 2, 2021, the Company completed the spinoff of its Victoria's Secret business into an independent publicly traded company ("Victoria's Secret & Co." and such transaction, the "Separation"). As a result of the Separation, the Plan has an investment fund primarily consisting of Victoria's Secret & Co. common stock (the "VS Stock Fund"). The VS Stock Fund is frozen to new investments, and participants are permitted to diversify shares out of the VS Stock Fund at any time.

If a participant makes no investment fund election, all contributions made into such participant's account are invested into the Plan's qualified default investment alternative ("QDIA"). The Plan's QDIA is the age-appropriate T. Rowe Price Retirement target date fund, selected based on the participant's date of birth.

Investments in the Employer Stock Fund and the VS Stock Fund will be eliminated as Plan investment alternatives effective as of August 2, 2024. The Employer Stock Fund has been frozen to new investments since December 1, 2023. The VS Stock Fund has been frozen to new investments since August 2, 2021. Any participant investments in the Employer Stock Fund and the VS Stock Fund that are not transferred to other investment alternatives prior to August 2, 2024, will be liquidated and invested in the Plan's QDIA.

Participant Accounts

Each participant's account is credited with the participant's and the Employer's contributions as well as allocated investment earnings and losses. The benefit to which a participant is entitled is equal to the vested balance in the participant's account.

Vesting

Participants are fully and immediately vested in all voluntary, rollover, and Employer matching contributions. For periods prior to January 1, 2024, participants became vested in the Annual Contribution during their first six years of vested service as follows:

Years of Vested Service	Percentage
Less than 2 years	—%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Employees hired on or after January 1, 2010, were credited with a year of vested service for each Plan year in which they have at least 1,000 hours of service. Employees hired prior to January 1, 2010, were credited with a year of vested service for each Plan year in which they have at least 500 hours of service.

Payment of Benefits

The full value of a participant's account becomes payable upon retirement, disability, or death. Upon termination of employment for any other reason, each participant's account, to the extent vested, becomes payable. Terminated participants whose vested account balances are greater than \$1,000 are permitted to keep their accounts invested in the Plan.

Terminated participants aged 73 or older are required to take minimum annual distributions in accordance with Section 401(a)(9) of the Code. Minimum annual distributions are also required for participants who are 5% owners (as defined in Section 416 of the Code).

Qualifying, actively employed participants may elect to withdraw all or a portion of their vested account balances through specified in-service distribution alternatives.

Participants whose benefit payments include amounts invested in the pooled account of Company common stock or Victoria's Secret & Co. common stock may elect to receive such amounts in cash or in whole shares of such securities and cash for any fractional shares.

Participants may elect to receive their benefit payments from the Plan or have such benefits paid directly to an eligible retirement plan.

Amounts Withdrawn from the Plan

Amounts withdrawn from the Plan but not yet paid were \$214,227 and \$86,690 as of December 31, 2023 and 2022, respectively.

Forfeitures

Forfeitures are available to reinstate previously forfeited account balances, to reduce the Employer's contributions to the Plan and to pay the costs and expenses of administering the Plan. Forfeitures were \$1,580,045 for the year ended December 31, 2023. There were no unused forfeitures as of December 31, 2023 or 2022.

Administrative Expenses

Plan participants pay administrative expenses of the Plan through fees deducted directly from participant accounts on a per-participant basis. Revenue sharing arrangements between the Plan's investment funds and the Plan's trustee are not used to pay the Plan's administrative expenses, but rather are credited into the accounts of the participants invested in the respective investment funds that generated such amounts. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements.

Revenue sharing and sub-transfer fees received by the Plan from its investment funds are credited directly into the Plan's trust accounts and are reported in the Plan's financial statements within dividends and interest from investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, as required by Accounting Standards Codification (“ASC”) 962, *Plan Accounting - Defined Contribution Pension Plans*, including investment valuation and income recognition. The Plan year is January 1 through December 31.

Use of Estimates

The preparation of the financial statements in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”) requires Plan management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks

The Plan provides for the various investment options as described in Notes 1 and 3. Any investment is exposed to various risks, such as interest rate, market and credit risks. These risks could have a material effect on participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

The authoritative guidance included in ASC 820, *Fair Value Measurement*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. This authoritative guidance further establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 - Quoted market prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted market prices included in Level 1, such as quoted prices of similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant observable inputs.

A description of the valuation methodologies used for assets measured at fair value is set forth below. There have been no significant changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts (“CITs”): CITs are valued at their respective Net Asset Values (“NAV”) as reported by such trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV has been determined by the trustee sponsoring the CIT by dividing the trust’s net assets at fair value by its units outstanding at the valuation dates. There are no restrictions as to the redemption of these investments, nor does the Plan have any contractual obligations to further invest in any of these CITs. The investment objectives of the CITs are associated with the related targeted retirement dates. The stable value trust CIT’s investment objective is to seek preservation of capital and to provide a competitive level of income over time that is consistent with the preservation.

Common stocks: Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan’s investments, which are considered Level 1 within the fair value hierarchy unless otherwise noted, at fair value as of December 31, 2023 and 2022:

	December 31,	
	2023	2022
Employer Common Stock (a)	\$ 29,178,361	\$ 32,779,273
Victoria's Secret & Co. Common Stock	4,830,360	8,031,966
Mutual Funds	378,579,551	445,517,788
Self-directed Accounts	12,463,772	13,356,912
Total Assets at Fair Value	425,052,044	499,685,939
Collective Investment Trusts (b)	697,687,212	505,438,872
Total Investments at Fair Value	\$ 1,122,739,256	\$ 1,005,124,811

(a) Employer common stock represents investments in Bath & Body Works, Inc. common stock.

(b) In accordance with Subtopic 820-10, these investments were measured at NAV per share (or its equivalent) and have not been classified in the fair value hierarchy.

4. Tax Status

The Plan received a determination letter from the Internal Revenue Service (“IRS”) dated September 27, 2013, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Although the Plan has subsequently been amended and restated, the Retirement Plan Committee, the plan administrator of the Plan (the “Plan Administrator”), believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code in all material respects and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan has recognized no interest or penalties related to uncertain tax

positions. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

5. Plan Administration

The Retirement Plan Committee is the Plan's Administrator, having been appointed by the Human Capital and Compensation Committee of the Board of Directors of the Company.

6. Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time. The Employer has the right at any time, by action of the Company's Board of Directors, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants would become fully vested in their accounts.

7. Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of the Employer. No such officer or employee receives compensation from the Plan. In addition, the Plan holds shares of Company common stock in the Employer Stock Fund. Transactions with respect to shares of Company common stock in the Plan qualify as exempt related party and party-in-interest transactions.

8. Prohibited Transactions

As a result of a United States Department of Labor examination, it was determined that the Employer remitted \$3,220 in employee deferrals late during a period of years up to and including 2022. This resulted in a prohibited transaction that was corrected in 2023.

During 2022, the Employer improperly paid expenses of \$3,125 related to another plan sponsored by the Employer, which was corrected during 2023.
