INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Stephenson Equipment, Inc. 401(k) Plan
Harrisburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Stephenson Equipment, Inc. 401(k) Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Stephenson Equipment, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Stephenson Equipment, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Stephenson Equipment, Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Stephenson Equipment, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Stephenson Equipment, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions, assets (held at end of year) and assets (acquired and disposed of within year), as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of the **Stephenson Equipment, Inc. 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and Plan Amendments

The Plan is a defined contribution 401(k) plan covering substantially all employees of Stephenson Equipment, Inc. (the Corporation) that work more than 1,000 hours annually. Through February 28, 2022, employees were required to complete one year of service prior to entering the Plan. Effective March 1, 2022, the Plan was amended and restated to change the one year of service requirement for eligibility to a three-month waiting period for both elective and matching contributions. Once an employee has met the eligibility requirements, he or she is automatically enrolled in the Plan at a 4% deferral percentage and an automatic increase will occur on the first day of each Plan year and will be made in increments of 1% per year up to a maximum elective deferral of 12% of compensation. If an employee does not want to participate in the Plan, he or she must proactively opt out of Plan participation. Employees who are residents of Puerto Rico are not eligible to participate in the Plan. The Plan was established effective January 1, 1984, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan Sponsor entered into an agreement in 2021 to acquire MJR Equipment (MJR) and various offers of employment were made to prior employees of MJR. In relation to this acquisition, effective May 11, 2021, the Plan was amended to allow prior service with MJR to be credited to former employees for purposes of determining eligibility and vesting for those individuals.

Effective July 14, 2021, the Plan was amended as part of a six-year cycle restatement. The Plan was updated to incorporate regulatory updates that occurred during the six-year time frame. There were no significant changes to Plan provisions as a result of the amendment.

The Plan was impacted by regulatory changes related to the Setting Every Community Up for Retirement Enhancement Act (SECURE) Act and the Coronavirus Aid, Relief, and Economic Security (CARES) Act. These recent legislative updates were not included in the latest Plan restatement and will require future amendment to the Plan.

Contributions

Each year, participants may contribute a portion of their annual pre-tax or post-tax compensation, as defined in the Plan Document; however, the participant's contributions cannot exceed amounts allowable under applicable federal regulations. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from qualified plans and Individual Retirement Accounts (IRAs). Participants direct the investment of their contributions into various investment options offered by the Plan. These fund options contain funds selected by the Plan's trustee and recommended by the Plan's investment advisors. The Plan currently offers registered investment company funds and a common collective trust fund as investment options for the participants. For the years ended December 31, 2022 and 2021, the Corporation matched 50% of the first 4% of eligible compensation that a participant contributed to the Plan. The matching Corporation contribution is invested as directed by the participant into the same investment options offered by the Plan. Contributions are subject to certain limitations. The Plan also allows for employer discretionary (non-elective) contributions to eligible employees, as defined in the Plan. There were no employer discretionary (non-elective) contributions made during the years ended December 31, 2022 and 2021.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Participant Accounts

A record-keeping account is set up in each participant's name to show the value of his or her retirement benefit. Each participant's account is credited with the participant's contributions and allocations of (a) the Corporation's matching and discretionary (non-elective) contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant salary deferrals, plus or minus any earnings or losses, and participant rollovers are 100% vested. Employer contributions and earnings or losses thereon vest in accordance with the following table:

Years of Service	Vesting Percentage
Less than 3	0
3	100

Regardless of the number of years of service, a participant's account balance becomes fully vested when the participant retires, becomes permanently disabled, or dies.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years or for a period exceeding five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a variable rate (generally based on the Prime Rate) which is determined at the time of inception. Principal and interest is paid ratably through payroll deductions. Participants are not allowed to have more than one outstanding loan at one time. Notes receivable are stated at their unpaid principal plus accrued unpaid interest.

Retirement Benefits and Distributions

Upon termination of service due to death, disability, retirement, or other separation of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or equal annual installments. In the absence of an affirmative participant election, vested balances of less than \$5,000 will be automatically paid out.

In-service withdrawals are available to participants who attain age 59½.

A participant may request a hardship withdrawal of all or part of the eligible balance in his or her account.

Each participant designates a person or persons who are to receive benefits under the Plan in the event of the participant's death.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Forfeited Accounts

Forfeited amounts are used to reduce future employer contributions or offset Plan expenses. Forfeitures in the amount of \$8,464 and \$2,600 were used to reduce employer contributions for the years ended December 31, 2022 and 2021, respectively. Forfeited nonvested accounts totaled \$-0- as of December 31, 2022 and 2021.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as determined and certified to by the Plan's trustee at December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and capital gains are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan Document for purposes of Form 5500 reporting. However, for purposes of the financial statement, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses may be paid out of the Plan; however, the Corporation pays some of the administrative costs of the Plan. The Plan also receives revenue sharing credits from the Plan's trustee which are netted against administrative fees paid by the Plan. As of December 31, 2022 and 2021, unused credits accounted for in an ERISA spending account were \$34,311 and \$30,084, respectively.

NOTE 3 - INFORMATION PREPARED and CERTIFIED by the TRUSTEE (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, the trustee, for the years ended December 31, 2022 and 2021.

	2022	2021
Investments		
Common Collective Trust	191,540	68,301
Registered Investment Companies	<u>15,097,947</u>	<u>17,349,373</u>
	15,289,487	17,417,674
Notes Receivable from Participants	<u>288,562</u>	<u>139,900</u>
	15,578,049	17,557,574

For the years ended December 31, 2022 and 2021, the Plan's investments, including gains and losses on investments bought, sold, and held during the year, (depreciated)/appreciated in value by \$(4,111,732) and \$34,266, respectively. Dividends and capital gains total \$1,064,257 and \$2,018,304 for the years ended December 31, 2022 and 2021, respectively. Interest on notes receivable from participants total \$11,359 and \$9,769 for the years ended December 31, 2022 and 2021, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Stephenson Equipment, Inc. 401(k) Plan

NOTES to FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Management believes that valuing its common collective trust fund investment, as a practical expedient, at net asset value (NAV) per share (or its equivalent) is preferable because this information is readily available and fair values are not readily determinable by management. Management has determined that the NAV has been calculated in a manner consistent with FASB ASC 946, *Financial Services-Investment Companies*. Management believes that NAV, which equates to contract value in this case, is also the most meaningful measure as participants transact at NAV.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the underlying investments held by the common collective trust less its liabilities. This practical expedient would not be used if it determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered Investment Companies: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	15,097,947	-0-	-0-	15,097,947
Investments Measured at Net Asset Value (a)				<u>191,540</u>
Investments at Fair Value				15,289,487

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	17,349,373	-0-	-0-	17,349,373
Investments Measured at Net Asset Value (a)				<u>68,301</u>
Investments at Fair Value				17,417,674

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item present in the statements of net assets available for benefits.

Level 3 Gains and Losses

There were no Level 3 investments as or during the years ended December 31, 2022 and 2021.

NOTE 5 - INVESTMENT CONTRACT with INSURANCE COMPANY

At December 31, 2022 and 2021, the Plan is invested in a common collective trust. The JPMCB Stable Asset Income Fund is a collective investment fund for collective investment in a portfolio of high quality, short-term investments. The objective of this fund is to provide preservation of capital, provide liquidity, generate current income, and maintain a stable net asset value.

The trust enters into wrap contracts. In a wrap contract, the underlying investments are owned by the trust and held in trust for Plan participants. The trust purchases a wrap contract from a high-quality insurance company or bank.

An issuer of investment contracts has certain rights to terminate a contract and settle at an amount which differs from contract value. For example, certain breaches by the fund of its obligations, representations, or warranties under the terms of an investment contract can result in its termination at market value, which may differ from contract value, if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law.

The following table sets forth the investment measured using the NAV per share practical expedient as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period for the Plan
JPMCB Stable Asset Income Fund	191,540	N/A	Daily	12 months

NOTE 6 - TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified and tax-exempt.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions requiring recognition or disclosure.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 - RELATED PARTY and PARTY-in-INTEREST TRANSACTIONS

For the years ended December 31, 2022 and 2021, certain Plan investments were in registered investment companies and a common collective trust managed by JP Morgan. JP Morgan is a related party to Reliance Trust Company, the trustee for the Plan assets and, therefore, these transactions qualified as party-in-interest transactions. At December 31, 2022 and 2021, the fair value of these investments managed by the trustee totaled \$12,884,791 and \$14,906,594, respectively. Administrative expenses paid to JP Morgan were \$466 and \$275 for the years ended December 31, 2022 and 2021, respectively.

Stephenson Equipment, Inc. 401(k) Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 8 - RELATED PARTY and PARTY-in-INTEREST TRANSACTIONS (Continued)

Additionally, the Plan paid audit fees to Trout CPA, for the years ended December 31, 2022 and 2021. These transactions qualify as party-in-interest transactions. Fees paid during the years ended December 31, 2022 and 2021, for audit services rendered by parties-in-interest were based on customary and reasonable rates for such services and are included as deductions for administrative expenses on the statements of changes in net assets available for benefits.

As previously discussed, the Plan may issue loans to participants that are secured by participant account balances. Participant loans totaled \$288,562 and \$139,900 at December 31, 2022 and 2021, respectively. Interest income from participant loans was \$11,359 and \$9,769 for the years ended December 31, 2022 and 2021, respectively. All of these transactions qualify as party-in-interest transactions.

NOTE 9 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events were evaluated through August 21, 2023, which is the date the financial statements were available to be issued.

NOTE 11 - SUBSEQUENT DISCOVERY of FACTS

Subsequent to the issuance of the audit report dated August 21, 2023, it was discovered that there was an error in the presentation of the supplementary information, Schedule H - Line 4a - Schedule of Delinquent Participant Contributions. The delinquent contributions of \$54,492 should have been reported as Contributions Corrected Outside of VFCP, rather than as Total Fully Corrected Under VFCP and PTE 2002-51 as originally reported.
