INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Solidifi 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Solidifi 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Solidifi 401(k) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) plan covering all employees of Solidifi U.S., Inc. and all employees of the seven members of the controlled group, Solidifi Title & Closing, LLC; Solidifi Title & Closing of Alabama, LLC; Solidifi Title Agency, Ltd.; Solidifi Title Agency of Utah, LLC; Solidifi Title Company of California; Linear Title, LLC; and Firstline Title, LLC aka Linear, LLC (collectively, the Employer) who have attained the age of 21 and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is also the Plan Administrator. As Plan Administrator, the Employer has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. One employee of the Employer serves as the trustee of the Plan.

Contributions

Participants may elect to contribute 100% of their annual pre-tax eligible compensation to the Plan, so long as those contributions do not exceed annual limitations set by the Internal Revenue Code (IRC). Participants may designate some or all of their elective deferrals as Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

Prior to January 1, 2023, the Plan provided for safe harbor matching contributions of 100% of the first 3% of eligible earnings that a participant contributed to the Plan and 50% of the next 2% of eligible earnings that a participant contributed to the Plan. Effective January 1, 2023, the Plan was amended to remove the Employer safe harbor matching provision. As such, no Employer safe harbor matching contributions were made during the year ended December 31, 2023.

The Employer may also make discretionary matching contributions to the Plan. Additional Employer discretionary non-elective contributions are determined on an annual basis by the Employer's Board of Directors. To be eligible for the discretionary non-elective contribution, participants must complete at least six months of service in the Plan year, be over 21 years of age, and be employed on the last day of the Plan year. Discretionary non-elective contributions are allocated based on a participant's compensation as a percentage of all eligible participants' compensation. No Employer discretionary matching contributions were made during the year ended December 31, 2023.

The Employer may also make qualified non-elective contributions (QNECs). QNECs of $6,691 were made during the year ended December 31, 2023 for corrections to participant accounts.

Participant Accounts
Each participant's account is credited with the participant's contribution and their allocations of the Employer's contributions, Plan earnings and losses and investment expenses. Allocations are based on the participant's compensation or individual participant account balances, as defined in the agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions, rollover contributions, Employer safe harbor matching contributions, Employer discretionary matching and non-elective contributions, and actual earnings thereon. A participant who terminated employment prior to November 1, 2018 becomes fully vested in Employer matching and non-elective contributions and the annual allocation of Plan earnings on those contributions after six years of service is as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years.

Participant Notes Receivable
Participants may borrow from their account a minimum of $1,000 and up to a maximum generally equal to the lesser of $50,000 or 50% of their vested account balance. Terms range from one to five years (or up to 10 years for the purchase of a primary residence). Notes are secured by the vested balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates or determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one note outstanding at any given time.

Payment of Benefits
Upon retirement, death, disability or termination of service, a participant or beneficiary may elect to receive a lump-sum amount or installment payments equal to the value of his or her vested interest in their account. The Plan also provides for mandatory distributions to participants upon reaching age 70½. Upon termination of employment for reasons other than death, disability, or retirement, a participant's vested balance that is $1,000 or less upon termination will be distributed to the participant in a lump-sum distribution. If a participant's vested balance exceeds $1,000 and is equal to or less than $5,000, the amount will be rolled over to an individual retirement account designated by the Employer, unless otherwise directed by the participant.

Upon reaching age 59½, participants may elect to withdraw all or a portion of their account balance while still employed by the Employer.

The Plan also permits qualified birth or adoption distributions, whereby a participant may receive a distribution up to $5,000 during the one-year period beginning on the date on which the participant's child is born or on which the legal adoption by the participant of an eligible adoptee is finalized.

In March 2023, the Plan adopted certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE) Act 2.0, which increased the age of the required distributions to begin from 72 to 73 (or, if later, termination of employment). The Plan also implemented the provisions to eliminate the early withdrawal penalty for distributions to participants with a terminal illness, and implemented special rules governing plan distributions and loans in case of qualified federal declared disasters.

Hardship Withdrawals
A hardship withdrawal may be authorized by the Employer in an amount up to 100% of the vested portion of a participant's elective deferrals, rollovers, Employer safe harbor matching contributions and Employer discretionary matching and non-elective contributions.

Forfeitures
As of December 31, 2023 and 2022, forfeited non-vested accounts totaled $1 and $15, respectively. These accounts may be used to reduce future Employer contributions, pay administrative expenses or be reallocated to participants. During 2023, $1,192 of forfeitures were used to reduce QNECs.

Plan Termination
The Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants, and any Plan termination would be subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition
The Plan's investments are reported at fair value, except for amounts allocated to the insurance company general account investment, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms.

Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Contributions
Participant and Employer matching contributions are recorded bi-weekly when the Employer remits the contributions for investment into the Plan. Employer discretionary contributions are made at the end of each year, if applicable.

Payment of Benefits
Benefits are recorded when paid to participants or their designated beneficiaries.

Administrative Expenses
Certain expenses incurred in the administration of the Plan are paid directly by the Employer, unless the Employer directs that such expenses be paid by the Plan. Expenses that are paid directly by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses.

Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for plan benefits. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options with a variety of investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk
The Plan's investments are held by a single custodian. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Funds: The carrying amount of the money market fund is deemed to be valued at deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2023 and 2022, the Plan's investments in money market funds and mutual funds are reported at level 1 within the fair value hierarchy.

4. Investment Contract with Insurance Company

The Plan has entered into an investment contract (Fixed Account) with Voya Retirement Insurance and Annuity Company (Voya). Amounts held in connection with this contract may be held in Voya's general account or separate accounts which invest in mutual funds advised by Voya, mutual funds sub-advised by third parties, mutual funds managed by external mutual fund companies or invested directly in securities.

Contributions allocated to the Fixed Account are invested in the general account of, and are guaranteed by, Voya. All other contributions allocated to any investment fund become part of separate accounts that are maintained separately from the general assets of Voya. The value of these contracts included in the financial statements, as reported to the Plan by Voya, is equal to the sum of the contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

The contract value of funds allocated to the traditional general account investment with Voya at December 31, 2023 and 2022 was $74,448 and $92,064, respectively. The crediting interest rate was 1.38% and 1.00% for the years ended December 31, 2023 and 2022, respectively. Withdrawals from this investment for other than the payment of benefits may be subject to a market value adjustment and a surrender charge and the ability to move funds out of this investment may be restricted by Voya.

The guarantee of values provided for investments made with Voya under the Plan's investment contract is based on the financial strength and claims-paying ability of Voya.

5. Income Tax Status

The Plan has been designed using a pre-approved plan document designed by The Angell Pension Group, Inc. The Angell Pension Group, Inc. received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan satisfies the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter in order to comply with the latest applicable tax laws and regulations. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

6. Summary of Financial Data Certified by the Custodian

The following is a summary of financial information and data certified by Voya, the custodian:

Statements of Net Assets Available for Plan Benefits at December 31, 2023 and 2022;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023; and

Investment information provided on the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2023.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Voya, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made aggregate payments of $105,860 to the custodian, third-party administrator and independent investment advisor during 2023. In addition, participant notes receivable qualify as party-in-interest transactions. One employee of the Employer serves as the trustee of the Plan.

9. Subsequent Events

Effective January 1, 2024, the Plan adopted certain other provisions of the SECURE Act 2.0. The adoptions consisted of treatment of Roth accounts for pre-death required minimum distributions, provisions for eligibility for long-term part-time employees and increased limit for involuntary automatic rollover for small account balances and distributions that require spousal consent.

Management has evaluated subsequent events through July 24, 2024, which is the date these financial statements were available to be issued.
