To the Plan Administrator and Participants
Morris Hospital & Healthcare Centers
Internal Revenue Code Section 403(b)
Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of Morris Hospital & Healthcare Centers Internal Revenue Code Section 403(b) Tax Deferred Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and for the year then ended stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 3, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to these annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

To the Plan Administrator and Participants
Morris Hospital & Healthcare Centers
Internal Revenue Code Section 403(b)
Tax Deferred Annuity Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct the audit of Morris Hospital & Healthcare Centers Internal Revenue Code Section 403(b) Tax Deferred Annuity Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Prior Year Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. The predecessor auditors' report dated January 8, 2024 did not express an opinion on the amounts and disclosures in the 2022 financial statements because the Plan had not maintained sufficient accounting records and supporting documents relating to these annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Because of the significance of this matter, the predecessor auditors' report also did not express an opinion on the form and content of the 2022 supplemental schedule.

Morris Hospital & Healthcare Centers Internal Revenue Code Section 403(b) Tax Deferred Annuity Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Plan Description

The following description of Morris Hospital & Healthcare Centers Internal Revenue Code Section 403(b) Tax Deferred Annuity Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a tax deferred annuity plan covering all employees of Morris Hospital & Healthcare Centers (the "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage or flat dollar amount of annual compensation, as defined in the Plan. Participants may designate all or a portion of their contribution as a Roth elective deferral contribution instead of a pretax elective deferral contribution. Roth elective deferral contributions and pretax elective deferral contributions are both counted in the maximum deferral limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, excluding any Roth IRA accounts. Eligible compensation for any plan year shall not exceed the maximum established by the Internal Revenue Code (IRC). The Plan currently offers various registered investment companies and a guaranteed investment contract for participants to direct their investments.

Matching and discretionary contributions are computed in accordance with the terms of the Plan. The Hospital match ranges from 50 percent to 65 percent of elected deferrals based upon the participant's years of service with a limit of 6 percent of annual compensation. Participants with 1 to 4 years of service receive a 50 percent match, 5 to 9 years of service receive a 55 percent match, 10 to 14 years of service receive a 60 percent match, and 15 or more years of service receive a 65 percent match.

During 2023, there was no discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Hospital's contributions and plan earnings and charged with an allocation of administrative expenses and plan losses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by any outstanding loan balance, or the greater of \$10,000 or 50 percent of their account balances, reduced by any outstanding loan balance. The participant must sign a promissory note for the loan. The participant may have only two loans outstanding at a time. The loan period cannot exceed 5 years unless the proceeds of the loans are used to purchase a primary residence for which the loan period shall not exceed 15 years, and the loans bear interest at rates commensurate with current interest rates used by the lending industry. Interest rates range from 3.25 percent to 8.50 percent at December 31, 2023, which is commensurate with local prevailing rates at the time of the loans.

Benefit Payments

Distributions are payable upon retirement, death, or termination of employment in the form of an annuity or lump-sum amount equal to the vested balance of a participant's account. Active participants may also take distributions from the Plan upon attainment of age 59½.

Note 1 - Plan Description (Continued)

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Vesting

Participants are immediately vested in their elective deferrals, the Hospital match, and the Hospital discretionary contributions plus actual earnings thereon.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company or its affiliates. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive investment contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 10, 2024, which is the date the financial statements were available to be issued.

Note 3 - Excluded Investments

The Plan has excluded from investments in the accompanying statement of net assets available for benefits as of December 31, 2023 and 2022 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Note 4 - Certified Information

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the "Custodian") holds certain of the Plan's investments and participant notes receivable and executes certain related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2023 and 2022 (see Note 3).

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Notes to Financial Statements

December 31, 2023 and 2022

Note 5 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2023 and 2022 (see Note 3). The following information relates to included plan assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

The Plan measures registered investment companies at fair value on a recurring basis. The fair value of registered investment companies is based primarily on Level 1 inputs, as described above. Total registered investment company balances were \$96,051,293 and \$78,508,599 at December 31, 2023 and 2022, respectively.

Note 6 - Investment Contracts

The Plan has a fully benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting but may not be less than 1.00 percent. When establishing interest crediting rates for this product, Principal considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 7 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2017. The Plan has not individually sought its own determination letter.
